Provide your input on our 2023-2026 Strategic Business Plan - Survey

Date and Time: Monday, May 1 06:00 a.m.

Address: Survey

With every new term of Council, we set priorities and actions required to deliver on issues that matter to you. With Halton expected to grow from 624,000 to 1.1 million residents by the year 2051, the priorities captured in the 2023-2026 Strategic Business Plan must reflect the needs of our community.

From clean drinking water to resilient infrastructure, public health programs, financial assistance and family supports, Regional programs and services contribute to a high quality of life in Halton. The Plan will guide our work to enhance these critical programs, services and infrastructure over the next four years.

The Region has prepared a [Consultation Document](#) to seek input from the public as we work together to develop the 2023-2026 Plan. It outlines our four proposed themes, each with proposed goals, actions and measures.

Now, we want to hear from you! Between March 23 and May 4, 2023, we are asking residents, businesses and stakeholders, as well as Indigenous People, Communities and First Nations to participate in consultation activities and provide feedback on our Consultation Document.

Three Funerals for My Father

Date and Time: Monday, May 8 07:00 p.m. - 8:00 p.m.

Address: 2331 New St

AUTHOR JOLIE PHUONG HOANG SHARES HER MEMOIR AS A VIETNAMESE IMMIGRANT

Jolie Hoang grew up as one of ten children, part of a loving, prosperous Vietnamese family. All that changed when the communists took over in 1975; the family lived in constant fear of being sent to the dreaded "new economic zone." Desperate to ensure the family's safety and to provide a future for his children, Jolie's father arranged three separate escapes. The first was a failure that cost most of their fortune, but the second was successful—six of his children reached Indonesia and ultimately settled in Canada. He and his youngest daughter drowned during the disastrous third attempt.

Alternately told from the author's perspective and that of her father's ghost, *Three Funerals for My Father* is a poignant story of love, grief and resilience that spans three countries and fifty years. It is an intimate story of one family, a testament to the collective experience of the "boat people" who escaped communist Vietnam, and a plea on behalf of the millions of refugees currently seeking asylum across the globe.

Shortlisted for 29th Annual Hamilton Literary Awards

ABOUT THE AUTHOR

As a teenager, Jolie Phuong Hoang escaped from Vietnam with her siblings. Arriving in Canada in 1984, she enrolled in high school and then trained in mathematics, all the while retaining her love of writing. Her work has been recognized by the North Street Book Prize (Winner, Literary Fiction, 2020), the San Francisco Book Festival (Honourable Mention, 2020) and the Surrey International Writers Festival (Finalist, 2020). A college professor of mathematics, Jolie lives with her daughters in Fonthill, Ontario.

The Burlington Business Group was first organized in 2017 as a way for local business owners and managers to meet other local businesses. A chance to develop trust, get to know each other, and grow your business through referrals from those you meet. At our peak we had over 20 active members but covid caused us to cancel our meetings.

Now we are back and rebuilding the group.

We are an industry exclusive group, meaning only one member allowed per industry. As an example, only one Real Estate Agent is allowed in the group. No other agents may attend. Since we are just starting up, all industries are open (Other than Real Estate Agent) so attending this meeting may secure your spot.

The Canine Circus

Date and Time: Thursday, May 11 07:30 p.m. - 9:00 p.m.

Address: 440 Locust Street

We're taking the circus for a walk! Witness the world-renowned furry four-legged cast members performing tail-wagging feats of courage, bone-dropping grand illusions and Labrador-able stunts!

Watch as miracles and mayhem unfold all around you. As seen on the 2022 Canada's Got Talent, this show features acts from African and European circuses, Cirque Du Soleil alumni and world-champion performers.

Hosted by international illusionist Aaron Matthews, who has performed on some of the biggest stages across Canada, including Canada's Wonderland, the West Edmonton Mall, Illusionarium Toronto and on the Disney Channel, ETalk and YTV.

Please note that all the dogs that perform in the show are trained using positive methods. They are rewarded with treats, praise and love. They are the family pets of the trainers and are performing as "playing with" on stage. Many of the dogs performing in the show are rescue dogs, having come from dire situations. The bond between the handlers and their pets is evident and that is the real magic of the show.

Trailblazing: Women in Canada since 1867

Date and Time: Saturday, May 27 10:00 a.m. - 4:00 p.m.

Address: 1240 North Shore Blvd. E

What has it meant to be a woman in Canada throughout its 150-year history? This nationally travelling exhibit, created and toured by the Waterloo Region Museum, explores how women have transformed Canadian politics, work, and everyday life. Trailblazing highlights the experiences of women - mothers, sisters, daughters, partners, and friends - from all walks of Canadian life.

Trailblazing explores 150 years of women's issues in Canada through the themes of Work, Education, Body, Politics, and Violence Against Women. Each thematic area includes historic and contemporary narratives, multi-media presentations, artifacts, and in some cases, hands-on interactives. Learn about the challenges faced by women both historically and today, and discover achievements from across the country.

Highlighted throughout the exhibit are Canadian women who have been "trailblazers" in bringing about social and political change. Come learn about the accomplishments of hundreds of remarkable women. From Hide Hyodo Shimizu (a teacher who organized a school system in British Columbia's Japanese internment camps during the Second World War) to Shelia Watt-Cloutier (Nobel Peace Prize nominee in 2007), their stories will inspire.

This exhibition is included with regular admission to Joseph Brant Museum.

City of Burlington looking for feedback on the types of recreation programs offered

Date and Time: Wednesday, May 31 06:00 a.m.

Address: virtual

The City of Burlington is looking for resident feedback on City-run recreation programs. Feedback is welcome from the community as a whole - past and current participants and those that haven't registered in our programs.

Feedback from everyone will help to understand the needs of the entire community. The survey will ask questions about what City-run recreation programs you have participated in, what programs you would be interested in and, would like to see offered.

This review will help the City understand the recreation needs of our growing community. It will also help align the programs the City offers to serve all residents and visitors for aquatics, skating, inclusion, sport, camps, adults, older adults 55+ and programming in general for years to come.
