Heritage Workshop: Crazy Quilting

Date and Time: Sunday, June 4 01:00 pm - 3:30 pm

Address: 2168 Guelph Line

Working in a museum environment for many years inspired heritage arts instructor Helen Sluis to learn a variety of 19th century handicrafts including crazy quilting. Crazy quilts were very popular during the last quarter of the 1800s into the early 20th century, and, unlike traditional quilting, does not require any precision measuring or cutting. Crazy quilting consists of different kinds of fabric that are cut into irregular shapes and basted haphazardly onto a foundation material. The patches are then permanently attached to the latter with embroidery stitches, and additional embellishments such as ribbons, lace, beads and charms may also be added. It was up to the quilter to decide the level of “crazy” their project was to attain! Participants of the 2.5 hour workshop will make a 6” crazy quilted block, and all supplies, including a basic stitchery guide, will be provided. No previous sewing experience required, just bring your imagination! Suitable for ages 18+.

EMM GRYNER

Date and Time: Tuesday, June 13 05:00 pm - 6:00 pm

Address: 440 Locust St.

Emm has been an independent recording artist for 25 years. Her albums "Asianblue" and "Girl Versions" were nominated for Pop Album of The Year at the Juno Awards. She appears on albums by David Bowie, Def Leppard and Rob Zombie.

Detroit radio formed the soundtrack of Emm's life and career and her new record is a celebration of that music. From Motown, jazz and pop, to Steely Dan, Fleetwood Mac and The Doobie Brothers, Business & Pleasure is infused with the sunshine soul and stellar playing of the late 70s and early 80s. These songs, written with poet Michael Holmes, and recorded with drummer Shannon Forrest (Toto), keyboardist Pat Coil (Michael McDonald), singer Catherine Russell (Steely Dan), and guitarists Tom Bukovac (Taylor Swift) and Pat Buchanan (Hall & Oates, Dolly Parton), embody a take on yacht rock that sails deep into the 2020s and introduce the world to a bold new character: a powerful woman whose passion, presence, conviction, humor and grace serves to unite the world in music, joy and love, once again.

JOHANNES LINSTEAD: From Spain to Cuba

Date and Time: Tuesday, June 13 05:00 pm - 6:00 pm

Address: 440 Locust St.

From having over 350 million streams on Pandora Radio, to being named Canada's "Guitarist of the Year," to winning eight "Best Album" awards, to seven top-ten US Billboard charting albums, and winning the "People's Choice" award in the UK, Johannes Linstead has become recognized internationally as one of the best selling guitarists in the Instrumental, New Age, Jazz and World Music genres.

Bohemian Strings is Johannes' 11th studio album, bringing together musicians from many diverse ethnic backgrounds, including Greece, Palestine, France, Canada, Australia, Iran, and the Dominican Republic. Emotional ballads and upbeat rumbas with Latin percussion, Middle Eastern violin, and raspy Gypsy vocals add a distinct spice to this very colorful album.

Chances are even if you don't know the name you've heard his music. Johannes' songs have been used in some of the most popular TV shows, such as Californication with David Duchovny, The Following with Kevin Bacon, Burn Notice, Gene Simmons Family Jewels, Pawn Stars, Person of Interest, and others. World champion figure skater Stephane Lambiel used Johannes' song "Zabuca" as part of his choreography during the Winter Olympics, and recently "Cafe Tropical" was featured in the hugely popular video game Tropical 4 and 5.

The City of Burlington is looking for resident feedback on City-run recreation programs. Feedback is welcome from the community as a whole - past and current participants and those that haven't registered in our programs.

Feedback from everyone will help to understand the needs of the entire community. The survey will ask questions about what City-run recreation programs you have participated in, what programs you would be interested in and, would like to see offered.

This review will help the City understand the recreation needs of our growing community. It will also help align the programs the City offers to serve all residents and visitors for aquatics, skating, inclusion, sport, camps, adults, older adults 55+ and programming in general for years to come.
