Classic Albums Live LED ZEPPELIN - Led Zeppelin II

Date and Time: Friday, November 1 8:00 pm

Address: 440 Locust Street Burlington, ON L7S 1T7

BPAC favourite Classic Albums Live and its roster of A-list musicians from across the country will be performing Led Zeppelin's *Led Zeppelin II* exactly as you remember hearing it, note for note, cut for cut.

Led Zeppelin II is the second studio album by the English rock band Led Zeppelin, released on 22 October 1969. The album exhibited the band's evolving musical style of blues-derived material and their guitar riff-based sound. It has been described as the band's heaviest album and since its release, various writers and music critics have cited Led Zeppelin II as one of the greatest and most influential albums of all time.

Founded in 2003 by Craig Martin, Classic Albums Live takes the greatest albums and recreates them live on stage – note for note, cut for cut, using the best musicians. "Think of it as a recital," says Martin, "these albums are historic and stand the test of time." Forgoing costumes and impersonations, Classic Albums Live has found success in concentrating solely on the music. "We don't dress up or wear any sort of costume. We just stand there and play. All of our energy is put into the music. We want the performance to sound exactly like the album," says Martin.

Join me for the Ward 2 Community Workshop on the Mayor's Proposed Budget 2025

 Date: Wednesday, November 6, 2024

 Time: 7 PM - 9 PM

 Location: In person at City Hall - Room 247, 426 Brant St, Burlington ON L7R 3Z6

Everyone is invited to hear about how your taxpayer dollars are planning to be spent and the proposed funding priorities. The proposed 2025 Budget results in a recommended budget increase of 7.5% or a 3.79% property tax increase for Burlington's portion of the overall tax bill. When combined with the estimated increase for the Region of Halton and the Boards of Education, the overall property tax increase is 4.97% equivalent to \$45.66 per \$100,000 of residential current value assessment (CVA).

This is an open workshop to discuss together and identify what is important and what to cut. I want to recognize the pressures many residents are experiencing in their day to day life. We need a budget focused on needs, not wants.

JEREMY FISHER (Family Show)

Date and Time: Sunday, November 10 2:00 pm

Address: 440 Locust Street Burlington, ON L7S 1T7

Upon the birth of his daughter, Jeremy Fisher began writing and recording children's music under the moniker Jeremy Fisher Junior to bring music and storytelling into her everyday life. Jeremy saw the many benefits music had for his daughter – it got her going, it calmed her down, it gave her a framework to express emotions and learn about the world. He knew music could give the same amazing benefits to other children.

In 2019, Jeremy began collaborating with Vérité Films and Hidden Pony Records to create *Jeremy and Jazzy* a

and bring his music to life through incredible animated characters that show us how feelings become songs, songs become stories, and music and friendship create joy. He is thrilled to reach more kids with the magic of music with the release of the animated series and *Say Hello*, a 26-song collection of *Jeremy and Jazzy* songs.

With the success of Jeremy's debut children's album, *Highway to Spell*, Jeremy performed his songs and stories to kids, parents, caregivers, and educators in theatre venues, festivals, schools and in online concerts reaching Canadians from coast to coast. His performances are entertaining and interactive and illustrate how music can help kids, parents, and everyone face their emotions. They also demonstrate that a visual element helps enhance the benefits of music for kids.

The Jayhawks

Date and Time: Sunday, November 10 8:00 pm - 10:00 pm

Address: 440 Locust Street Burlington, ON L7S 1T7

The Jayhawks and their rootsy sound were definitely swimming against the tide when they emerged from a crowded Minnesota music scene in 1985. Over the course of almost 4 decades, 11 albums, countless memorable live

e shows and enough personal drama to fill a couple of Behind the Music episodes, this beloved band soared to heights few ever achieve while winning the hearts and minds of numerous critics, fans and peers in the process.

After releasing two Indie albums in the 80s The Jayhawks signed with American Recordings in 1991 and over the next decade released 5 challenging, at times groundbreaking, albums, toured the world to widespread acclaim and even survived the departure of founding member Mark Olson in 1995. After a hiatus in the mid-2000s, the “classic” 1994 lineup reunited for another new studio album in 2011 and 2 years of solid touring, reacquainting audiences old and new with the band’s timeless musical vision. 2014 saw a late 90s version of the band led by Gary Louris hitting the road to support the reissues of the 3 Jayhawks albums released from 1997-2003. This lineup released the band’s 9th studio album in 2016, recorded in Portland, OR with producers Peter Buck and Tucker Martine. The band’s next studio album, *Back Roads and Abandoned Motels*, was released in the summer of 2018, featuring Jayhawks versions of songs Gary Louris had previously written with other artists plus 2 new compositions. Recording for a new Jayhawks album was completed in Minnesota in late 2019 and in July 2020 the band released their 11th studio album, *XOXO*.

JIM WITTER: THE PIANO MEN

Date and Time: Friday, November 15 8:00 pm

Address: 440 Locust Street Burlington, ON L7S 1T7

The Piano Men is a musical celebration of a decade we all fondly remember: The Seventies! The show is set entirely to the music of Billy Joel and Elton John, two of the creative icons of the period. Jim Witter is featured, alongside his spectacular band. Jim makes no attempt to mimic his heroes, but rather uses the familiar arrangements and his phenomenal singing ability to evoke their music. Using a rear-projected screen and a visual presentation to take the audience spiritually back to the period he recalls, Witter shows us the headlines, the automobiles, the newsworthy people, the events, even the toys and their TV commercials.

Starting with "Your Song" from 1970, *The Piano Men* takes us on a journey through every year. Which of us don't know at least the choruses to such standards as "My Life," "Candle in the Wind," "Daniel" or "Just the Way You Are"? They are the soundtracks of our lives! You'll laugh. You'll sing along. You'll cheer as Jim Witter accompanied by a band of spectacular musicians recreate some of the biggest hits from two of our most prolific pop writers.

Downtown Parking Plan PIC

Date and Time: Tuesday, November 19 6:30 pm - 8:30 pm

Address: 1333 Lakeshore Rd.,

Burlington is evolving from a suburban community to a city. The city is changing, especially in our downtown and parking plays a crucial role in this. The Burlington Downtown Parking Plan will help us determine future parking needs that support growth and land use in the downtown area. Having a strategic downtown parking plan will result in better parking options and financial sustainability.

Public engagement and stakeholder consultation is vital. A Public Information Centre (PIC) is being held to introduce the Downtown Parking Plan, provide details and preliminary results on activities completed to-date, and seek public and stakeholder feedback on the information presented. Project team representatives will be available to answer any questions you may have and discuss next steps.

Details:

- Date/Time: Tuesday, November 19, 2024, 6:30pm to 8:30pm
- Location: Art Gallery of Burlington
- The PIC will follow a drop-in format.

Sign-up to the project website at www.getinvolvedburlington.ca/dtparking to get project notifications, learn more about the study, and participate in future engagement activities.

Address: 1240 North Shore Blvd E, Burlington

STEAM Workshops take place at Joseph Brant Museum for children aged 9-12 years and are facilitated by [STEAMULATION Lab](#). Register at museumsoburlington.ca.

Nov 23 | STEAM Workshop | Pasta Rovers

The Pasta Rover experiment, conducted by STEAMULATION Lab, is a fun, hands-on activity for kids (ages 9-12) that teaches basic engineering and problem-solving skills. In this experiment, children build their own mini rovers using simple materials like pasta, cardboard, and wheels. They learn about the mechanics of movement, balance, and design while sparking their creativity. The best part? Each child gets to take their Pasta Rover home as a keepsake, reminding them of the principles they explored and how much fun they had building their own functional, moving vehicle.

Dec 14 | STEAM Workshop | Robotic Articulated Hand

The Robotic Articulated Hand experiment is an engaging, hands-on activity conducted by STEAMULATION Lab, where kids (ages 9-12) design and build their own robotic hand model using everyday materials like straws, string, and cardboard. This project introduces children to fundamental concepts in robotics and biomechanics, allowing them to explore how joints, tendons, and muscles work together to create movement. As they assemble and test their robotic hands, kids not only develop engineering and problem-solving skills but also gain a deeper understanding of how technology can mimic the human body. It's a fun and educational experience, and each child gets to take home their robotic hand as a keepsake, after the activity ends.
