- 13.3 Audit Committee meeting minutes of September 13, 2023
- 13.4 Council Workshop meeting minutes of September 18, 2023
- 13.5 Community Planning, Regulation and Mobility Public meeting minutes of September 18, 2023

14. Urgent Business:

15. Confidential Items and Closed Session:

Confidential reports may require a closed meeting in accordance with the Municipal Act, 2001. Meeting attendees may be required to leave during the discussion.

Move into closed session in accordance with the following provision under the Municipal Act:

16. Rise and Report:

17. Motions of Members:

- 17.1 Provincial legislation for third-party short-term rental companies (ADM-11-23)

Whereas the demand for alternative accommodations has resulted in an increased prominence of residential properties being advertised for short term accommodations through third party companies such as Airbnb and VRBO; a shift from the 'traditional' cottage rental historically managed by a property owner; and

Whereas over the past decade a flood of properties have been removed from the ownership and long-term rental market (*Canada Research Chair in Urban*

Governance at McGill University) contributing to housing shortages, increased housing demands and increased housing costs resulting in housing affordability issues, including affordable rentals; and

Whereas short term rentals (STR) can be beneficial, when operated appropriately, by providing solutions for the accommodation industry that supports local tourism and small businesses as well as providing an opportunity for property owners to generate income from their residence (permanent or seasonal) using a convenient third-party system; and

Whereas STR's can create nuisances including noise, parking, high volumes of visitors attending a property, septic capacity and fire safety, for adjacent residential property owners who wish to experience quiet enjoyment of their property; and

Whereas research indicates that demand for STR's is increasing, in part due to vacationers choosing domestic travel options as well as the financial benefits to property owners, demonstrating that STR's are here to stay; and

Whereas there are no Provincial regulations in place governing third party STR companies resulting in a variety of regulations/guidelines being implemented at the local municipal level which creates inconsistencies, confusion and frustrations for both consumers and residents across the province; and

Therefore, be it resolved that Burlington City Council calls on the Provincial Government to move forward as soon as possible to legislate all third-party short-term rental brokerage companies, for example Airbnb and VRBO, requiring them to:

- appropriately manage and be responsible for their listings, and to compel compliance; and
- establish a registry system, making it mandatory for each rental listing to register and pay an appropriate annual fee, with the requirement that STR companies are to provide the registry and collected fees to the municipality in which the STR properties are located, allowing municipalities to be aware of all registered STR properties and to have access to funds to assist with the response and enforcement of issues surrounding STR properties; and
- de-list/remove a property from the STR company's listing when a municipality has identified and verified life, health and/or nuisance infractions including noise, fire safety, septic, etc. to ensure a property cannot be rented; and

That a copy of this resolution be sent to all Ontario municipalities for support as well as to the Minister of Municipal Affairs and Housing and Halton MPPs.

17.2 Changes to the Oath of Office Acknowledging Treaty Rights (ADM-12-23)

Whereas most municipalities in Ontario have a land acknowledgement in their

opening ceremony; and

Whereas a clear reference to the rights of Indigenous people is the aim of advancing Truth and Reconciliation; and

Whereas Call to Action 94 of the Truth and Reconciliation Commission of Canada called upon the Government of Canada to replace the wording of the Oath of Citizenship to include the recognition of the laws of Canada including Treaties with Indigenous Peoples; and

Whereas on June 21, 2021, an Act to amend *The Citizenship Act* received royal assent to include clear reference to the rights of Indigenous peoples aimed at advancing the Truth and Reconciliation Commission's Calls to Action within the broader reconciliation framework; and

Whereas the Truth and Reconciliation Commission of Canada outlines specific calls to action for municipal governments in Canada to act on, including education and collaboration;

Therefore be it resolved that Burlington City Council request the Minister of Municipal Affairs and Housing that the following changes be made to the municipal oath of office:

I will be faithful and bear true allegiance to His Majesty King Charles III and that I will faithfully observe the laws of Canada including the Constitution, which recognizes and affirms the Aboriginal and treaty rights of First Nations, Inuit and Metis peoples;

and further that this resolution be forwarded to the Minister of Red Tape Reduction, Parm Gill; Natalie Pierre, MPP Burlington; and Effie Triantafilopoulos, MPP Oakville North-Burlington; Halton Region; the Association of Municipalities of Ontario; the Ontario's Big City Mayors; the Mississaugas of the Credit First Nation and the Six Nations of the Grand River.

17.3 Petition to exclude sidewalks from Bromley Road Capital Works (ADM-15-23)

Direct staff to prepare a report in response to the petition dated July 4, 2023 regarding construction of new sidewalks on Linwood Crescent, Maureen Court and Bromley Road, on the need and justification of the proposed sidewalk and report back to CPRM in Q4, 2023.

17.4 Millcroft Greens (ADM-13-23)

Whereas applications have been made by Millcroft Greens Corporation to the City of Burlington for a plan of subdivision and to amend the City's Official Plan and Zoning By-law to develop portions of the Millcroft Golf Club golf course, identified as Areas A, B, C, D on the attached map, with 90 single detached homes; and

Whereas the same applications also propose the development of a separate parcel

that has been designated in the City's Official Plan as 'Residential – Medium Density', identified as Area E on the attached map, with a 6-storey residential apartment building or townhouse development; and

Whereas the applications have been appealed to the Ontario Land Tribunal and scheduled for a four-week hearing in March 2024; and

Whereas Burlington City Council at its December 13, 2022, meeting unanimously declared its opposition to the proposed residential development of Areas A, B, C, and D of the Millcroft Golf Club golf course, and its support in principle for the proposed residential development of Area E of the Millcroft Golf Club golf course, in recognition of the importance of these lands to the City and its residents; and

Whereas portions of Areas A, B, C and D are critically important to the management of storm water and flood prevention in the Millcroft neighbourhood; and

Whereas Areas A, B, C and D serve individually and collectively as vital pockets of existing green space for residents of the City; and

Whereas the protection of existing greenspace within the City is crucial for the City to be able to provide opportunities to access both public and private green space for both existing residents and future residents; and

Whereas Burlington City council is committed to accommodating its share of growth and has unanimously signed on to the Municipal Housing Pledge for 29,000 homes by 2031. The proposed development on the golf course is not needed to meet or exceed this housing pledge, ample land is available to accommodate new growth within our urban area around GO stations, aging retail plazas and major transportation corridors that don't compromise existing greenspace; and

Whereas the Millcroft Golf Club golf course is part of a stable residential neighbourhood known as the Millcroft Community, and Millcroft Golf Club can continue to operate the golf course on the subject lands and benefit from existing uses; and

Whereas Oakville-North Burlington Member of Provincial Parliament Effie Triantafilopoulos has formally declared her support for maintaining the Millcroft Golf Club golf course as greenspace, and has presented in the legislature several thousand signatures on a petition from residents across the city of Burlington and beyond asking the Province to preserve this greenspace; and

Whereas Burlington City Council at its December 13, 2022 meeting unanimously directed the Mayor to work with the Ward Councillor and Deputy Mayor for Housing to bring forward a resolution to Burlington City Council and Regional Council to request the Province to declare a provincial interest in the Millcroft Golf Club golf course; and

Now therefore be it resolved that Burlington City Council request the Minister of Municipal Affairs and Housing:

1. to advise the Ontario Land Tribunal under section 22(11.1) and section 34(27) of the Planning Act that a matter of provincial interest is, or is likely to be, adversely affected by the amendments in respect of which the appeals are made regarding Millcroft Greens' proposed Official Plan and Zoning By-law amendments and related plan of subdivision (OLT-22-004149); and
2. to attend the Ontario Land Tribunal hearing in support of the City's position; and
3. to use all resources and tools at its disposal to confirm the Province's interest in the Millcroft Golf Club golf course, including introducing legislation and preparing a development plan under the Ontario Planning and Development Act to protect and preserve the existing uses of Areas A to D; and
4. to issue a Minister's Zoning Order under Section 47 of the Planning Act to facilitate appropriate residential development in Area E and ensure the protection of the greenspace and natural areas from re-development of Areas A, B, C and D on the Millcroft Golf Club golf course; and
5. to confirm that the Minister has the authority to issue a community infrastructure and housing accelerator order under section 34.1 of the Planning Act to (i) facilitate appropriate residential development in Area E, and (ii) protect and provide community infrastructure in Areas A to D, including green space that supports the quality of life for residents of the City, upon receipt of a resolution passed by Burlington City Council requesting such an order; and

Further, that this resolution be circulated to the Honourable Doug Ford, Premier of Ontario; the Honourable Paul Calandra, Minister of Municipal Affairs and Housing; the Honourable Doug Downey, Attorney General; the Honourable Parm Gill Minister of Red Tape Reduction; Natalie Pierre, MPP Burlington; Effie Triantafilopoulos, MPP Oakville North-Burlington; Halton Regional Council; Millcroft Greens; and Conservation Halton

17.5 New Fiscal Framework (ADM-14-23)

Whereas municipalities are constrained in their ability to generate revenue to fund their capital and operating expenses, with property taxes being an unsuitable and unsustainable tool for Canadian municipalities to support essential services, maintain critical infrastructure, accommodate growing populations, and contribute to economic growth; and

Whereas municipalities own and operate around 60 per cent of Canada's core public infrastructure and are responsible for the full lifecycle cost of operating, maintaining and replacing capital assets, while federal and provincial/territorial governments typically only contribute to the upfront capital costs; and

Whereas municipalities are generally responsible for operating costs, including large and growing budget lines and are limited in their ability to borrow for operating costs and are prohibited from running deficits; and

Whereas the role of local governments has evolved significantly in recent decades, with municipalities taking on new responsibilities with respect to health and social services, housing and economic development; and longstanding responsibilities like policing, waste management and water and wastewater services becoming more complex due to societal issues like mental health, homelessness and climate change; and

Whereas municipalities are critical to solving national policy challenges and political priorities like housing affordability, homelessness, mental health and the opioid and addiction crisis, adapting to climate change, reducing GHG emissions, economic development, and, ultimately, achieving a high quality of life for Canadians;

Now therefore be it resolved that; Burlington City Council recognize and affirm the advocacy of the Federation of Canadian Municipalities (FCM) calling on the Federal, Provincial and Territorial governments to engage the Federation of Canadian Municipalities and Provincial territorial associations in the development of a Municipal Growth Framework through a process by which new sources of municipal revenue, including predictable intergovernmental transfers and new direct taxation powers, are proposed, evaluated and implemented; and further

That a copy of this motion be forwarded to The Honourable Chrystia Freeland, Minister of Finance, The Honourable Karina Gould, Leader of the Government in the House of Commons, Pam Damoff, MPP Oakville North-Burlington, Adam van Koeeverden, MPP Milton, The Honourable Peter Bethlenfalvy, Minister of Finance, The Honourable Parm Gill, Minister of Red Tape Reduction, MPP Natalie Pierre, Burlington, MPP Effie Triantafilopoulos, Oakville North-Burlington, and the Federation of Canadian Municipalities.
