1. Call to Order

2. Land Acknowledgement

Burlington as we know it today is rich in history and modern traditions of many First Nations and the Métis. From the Anishinaabeg to the Haudenosaunee, and the Métis – our lands spanning from Lake Ontario to the Niagara Escarpment are steeped in Indigenous history.

The territory is mutually covered by the Dish with One Spoon Wampum Belt Covenant, an agreement between the Iroquois Confederacy, the Ojibway and other allied Nations to peaceably share and care for the resources around the Great Lakes.

We acknowledge that the land on which we gather is part of the Treaty Lands and Territory of the Mississaugas of the Credit.

17. Rise and Report

18. Motions of Members

- | | | |
|------|---|---------|
| 18.1 | Motion memorandum from Mayor Marianne Meed Ward regarding Automated Speed Enforcement (ASE) cameras (ADM-11-25) | 21 - 23 |
|------|---|---------|

Whereas Automated Speed Enforcement (ASE) cameras affect driver behaviour to reduce speeding and save lives;

Whereas in Toronto, ASE cameras led to a 45% reduction in speeding vehicles across 250 school zones, including an 88% reduction in vehicles exceeding the speed limit by more than 20 km/h;

Whereas speed is a major factor in whether a pedestrian lives or dies with a collision at 30km/hr having a 90% chance of survival for the pedestrian which drops to 50% survival for speeds of 45km/hr, and to almost zero for speeds at 80km/hr.;

Whereas there is overwhelming support for ASEs among Ontario residents, with a survey by CAA South Central Ontario finding that nearly three-quarters of Ontario drivers support ASE, especially in

sensitive areas like school zones and community centres;

Whereas there is also support for ASEs among a wide range of enforcement and traffic experts, including the Ontario Association of Chiefs of Police (OACP), the Ontario Traffic Council, the Association of Municipalities of Ontario (AMO) and more;

Whereas Burlington is committed to protecting our most vulnerable, especially children traveling to and from school with all six of Burlington's planned ASE cameras located outside elementary and secondary schools;

Whereas these locations already include safety measures like flashing speed-reduction signs, but signage alone isn't always enough;

Whereas the fines collected through these cameras won't go into general revenues but instead, into a dedicated reserve fund used to support future traffic calming measures across the city;

Whereas this is not a tax but a fine for breaking the law and is entirely avoidable;

Whereas 20 (TBC) mayors from municipalities across Ontario have agreed that ASE is an effective, necessary tool in reducing speed in school zones and are similarly advocating for provincial reconsideration on a total ban;

Whereas a total ban on ASE would reverse years of progress on safety in school zones, placing more pressure on police, increasing enforcement costs, and most critically, endanger lives.

Now Therefore it be Hereby Resolved:

1. That Burlington Council call on the Premier to reconsider the total ban on Automated Speed Enforcement (ASE) to allow municipalities to keep Automated Speed Enforcement in school zones;
2. That Burlington Council support and call on the Premier to work with municipalities to consider the following safeguards and measures to address identified concerns with ASEs, including:
 - a. A defined threshold of speed before a ticket is issued
 - b. Time of day operations tied to school times and community use times
 - c. Possible warning on the first offense, if minor
 - d. Set fine that is not double, due to community safety zone
 - e. Large signs alerting drivers of the presence of ASEs
 - f. Mandate that fees collected from speeding fines be invested in additional traffic calming measures, not general reserves

3. That the City Clerk send a copy of this resolution to the Premier of Ontario, the Minister of Municipal Affairs and Housing, the Minister of Transportation, the Association of Municipalities of Ontario (Policy Centre), Ontario's Big City Mayors, the Federation of Canadian Municipalities, Halton's MPs and MPPs, Halton's Local Municipalities, Halton Regional Police, and the Ontario Provincial Police.

Motion Memorandum

To: Council

From: Mayor Marianne Meed Ward

Seconded by (for Council only): Councillor Rory Nisan

Date to Committee: N/A

Date to Council: October 14, 2025

CIP date: N/A

Motion for Council to Consider:

Whereas Automated Speed Enforcement (ASE) cameras affect driver behaviour to reduce speeding and save lives;

Whereas in Toronto, ASE cameras led to a 45% reduction in speeding vehicles across 250 school zones, including an 88% reduction in vehicles exceeding the speed limit by more than 20 km/h;

Whereas speed is a major factor in whether a pedestrian lives or dies with a collision at 30km/hr having a 90% chance of survival for the pedestrian which drops to 50% survival for speeds of 45km/hr, and to almost zero for speeds at 80km/hr.;

Whereas there is overwhelming support for ASEs among Ontario residents, with a survey by CAA South Central Ontario finding that nearly three-quarters of Ontario drivers support ASE, especially in sensitive areas like school zones and community centres;

Whereas there is also support for ASEs among a wide range of enforcement and traffic experts, including the Ontario Association of Chiefs of Police (OACP), the Ontario Traffic Council, the Association of Municipalities of Ontario (AMO) and more;

Whereas Burlington is committed to protecting our most vulnerable, especially children traveling to and from school with all six of Burlington's planned ASE cameras located outside elementary and secondary schools;

Whereas these locations already include safety measures like flashing speed-reduction signs, but signage alone isn't always enough;

Whereas the fines collected through these cameras won't go into general revenues but instead, into a dedicated reserve fund used to support future traffic calming measures across the city;

Whereas this is not a tax but a fine for breaking the law and is entirely avoidable;

Whereas 20 (TBC) mayors from municipalities across Ontario have agreed that ASE is an effective, necessary tool in reducing speed in school zones and are similarly advocating for provincial reconsideration on a total ban;

Whereas a total ban on ASE would reverse years of progress on safety in school zones, placing more pressure on police, increasing enforcement costs, and most critically, endanger lives.

Now Therefore it be Hereby Resolved:

1. That Burlington Council call on the Premier to reconsider the total ban on Automated Speed Enforcement (ASE) to allow municipalities to keep Automated Speed Enforcement in school zones;
 2. That Burlington Council support and call on the Premier to work with municipalities to consider the following safeguards and measures to address identified concerns with ASEs, including:
 - a. A defined threshold of speed before a ticket is issued
 - b. Time of day operations tied to school times and community use times
 - c. Possible warning on the first offense, if minor
 - d. Set fine that is not double, due to community safety zone
 - e. Large signs alerting drivers of the presence of ASEs
 - f. Mandate that fees collected from speeding fines be invested in additional traffic calming measures, not general reserves
 3. That the City Clerk send a copy of this resolution to the Premier of Ontario, the Minister of Municipal Affairs and Housing, the Minister of Transportation, the Association of Municipalities of Ontario (Policy Centre), Ontario's Big City Mayors, the Federation of Canadian Municipalities, Halton's MPs and MPPs, Halton's Local Municipalities, Halton Regional Police, and the Ontario Provincial Police.

The Corporation of the City of Burlington

City of Burlington By-law 74-2025

A by-law to amend By-law 58-2015, being by-law to establish a Facilities
and Programs Reserve Fund – Recreation Centres
FIN-35-25

Whereas the Municipal Act, S.O. 2001, c.25, authorizes municipal councils to establish reserve funds for any purpose for which it has authority to spend money; and

Whereas the Council of The Corporation of the City of Burlington passed By-law 58-2015 to establish a Facilities and Programs Reserve Fund – Recreation Centres;

Whereas the Council of The Corporation of the City of Burlington deems it necessary to amend By-law 58-2015, to include the Burlington Senior's Centre;

Now therefore the Council of the Corporation of the City of Burlington hereby enacts as follows:

1. That Section 1 of By-law 58-2015 is amended by adding in "Burlington Senior's Centre" so that section 1 shall read as follows:
 1. That the Facilities and Programs Reserve Fund - Recreation Centres be established for the accumulation of monies received by way of surcharge from facility rentals, program registrations, memberships and/or unrestricted donations at Burlington Senior's Centre, Brant Hills Recreation Centre, Haber Recreation Centre, Mountainside Recreation Centre Community Rooms, Rotary Youth Centre, Tansley Woods Community Centre Gyms and Community Rooms, Sherwood Forest, Ella Foote Hall, Lowville School House ("Recreation Centres") to support the capital renewal and capital enhancement of these Recreation Centres and the related program amenities.
2. Subject to the amendments made in this By-law, in all other respects By-law 58-2015 is hereby confirmed unchanged.
3. This By-law comes into force on the date of its passing.

Enacted and passed this 14th day, of October, 2025

The Corporation of the City of Burlington

City of Burlington By-law 75-2025

A by-law to designate 380 Brant Street, in the City of Burlington, in the Regional Municipality of Halton, to be of cultural heritage value or interest pursuant to the provisions of the *Ontario Heritage Act*, R.S.O. 1990, chapter O.18, as amended DGM-67-25

Whereas section 29 of the *Ontario Heritage Act*, R.S.O. 1990, Chapter O. 18, as amended (the "*Ontario Heritage Act*"), authorizes council of a municipality to enact by-laws to designate real property, including all the buildings and structures thereon, to be of cultural heritage value or interest; and

whereas authority was granted by Council of The Corporation of the City of Burlington ("Council of the City of Burlington") to designate the property at 380 Brant Street as being of cultural heritage value or interest; and

Whereas Council of the City of Burlington has caused to be served upon the owners of the lands and premises known as 380 Brant Street and upon the Ontario Heritage Trust, Notice of Intention to Designate the property, and has caused the Notice of Intention to Designate to be posted on the City of Burlington's website in accordance with notice requirements under the *Ontario Heritage Act*; and

Whereas the Heritage Burlington Advisory Committee supports the designation of the property at 380 Brant Street; and

Whereas Notice of Objection was served upon the Clerk of the City of Burlington within the prescribed time under the *Ontario Heritage Act* and was considered by Council of the City of Burlington; and

Whereas the reasons for designation are set out in Schedule "A" to this By-law;

Now therefore Council of the City of Burlington hereby enacts as follows:

1. The property at 380 Brant Street, more particularly described in Schedule "B" to this By-law, is designated as being of cultural heritage value or interest pursuant to Part IV of the *Ontario Heritage Act*.
2. The City Clerk shall cause a copy of this By-law to be registered against the property described in Schedule "B" to this By-law in the proper Land Registry Office.
3. The City Clerk shall cause a copy of this By-law to be served upon the owners of the property at 380 Brant Street and upon the Ontario Heritage Trust and to cause notice of this By-law to be published on the City of Burlington's website in accordance with notice requirements under the *Ontario Heritage Act*.

4. This By-law comes into force on the date of its passing.

Passed this 14th day of October, 2025.

Schedule “A”

Statement of Cultural Heritage Value or Interest

Description of Property

The property is located at 380 Brant Street in the City of Burlington, Ontario. The property is located on Plan 92, Block Y, Lot 7 and Part Lot 6, in the former Township of Nelson. The property is situated on the west side of Brant Street, approximately 60 meters south of Elgin Street and contains a three-storey commercial structure.

Cultural Heritage Value

Design/Physical Value

The property is representative of an early, evolved, mid-to-late-19th century Ontario vernacular hotel building. The original portion of the building was built in 1860 as a simple two storey Ontario vernacular frame hotel structure. This original structure was a box structure with rectangular windows and doors and wood cladding. When the hotel was renovated in 1894-1897, it was turned into a more elaborate hotel structure with an additional storey, red brick cladding and detailing (including brick dentils at the eaves, brick drip moulds on front façade windows, and quoins), and large full-width porch and balcony. The historic integrity of the structure (dating to the late 19th century alterations) is retained through its brick exterior, segmental and arched window and door openings, and red brick detailing including brick dentils, quoins, and drip moulds.

Historic Value

The property is historically associated with the theme of growth and development of Wellington Square (now Burlington) in the 1860s. The original portion of the former hotel was constructed on the property in 1860 by James Taylor. The hotel was built during a period of economic boom in the 1860s in the village associated with the lumber industry. The village at this time could also be accessed by the railway travellers along the Great Western Railway line. In 1864 the hotel and property were sold to Elias de Garmo and family who operated Burlington Hotel until 1894. It was then when it was sold to James Roderick, who was responsible for the renovation of the hotel in the 1890s into its existing three storey brick-clad structure. Under Roderick the hotel was referred to as Hotel Raymond and remained as such into the early 20th century. By 1987, the property became Coronation House and operated as such until the late 20th century.

Heritage Attributes

The following heritage attributes were identified for 380 Brant Street:

- Attributes that contribute to the design value of the property include:

Schedule “A”

Statement of Cultural Heritage Value or Interest

Description of Property

The property is located at 444 Plains Road East in the City of Burlington. The property is situated on Part Lot 3, Broken Front, in the former Township of East Flamborough, former County of Wentworth. The property is located on the south side of Plains Road East, approximately 50 metres east of Willowbrook Road/Falcon Boulevard. It contains a mid-19th century former farmhouse.

Cultural Heritage Value

Design/Physical Value

The property contains a representative example of a mid-19th century Ontario vernacular farmhouse. The design of the former farmhouse is a typical mid-19th century one- and one-half storey structure with Tshaped plan. The structure retains a high level of heritage integrity through its maintained footprint, cross gable roof with rear one storey section that has a gable roof, eastern brick chimney, inverted finial, red brick exterior with brick voussoirs, asymmetrical exterior with offset entrances, bay window, and original fenestration pattern with wood windows and stone sills.

Historic/Associative Value

The property is historically associated with the development of market gardening that was significant to the growth of the community of Aldershot and Burlington. The property was purchased in 1889, by brothers John and Walter Horne. The Hornes were successful market gardeners, apple growers, and apple exporters in the former township of East Flamborough. John Horne lived in Thomas Smith’s former farmhouse on the property, built between 1856 and 1861, while Walter Horne built a new residence in 1900 to the east of the property; that has since been demolished. John Horne owned and farmed the property until 1920, when it was sold to John Lemon. Lemon was also a market gardener, who owned and farmed the property until 1938.

Heritage Attributes

The following heritage attributes have been identified for the property at 444 Plains Road East:

- Attributes that contribute to the design value of the property include:
 - One and one half storey structure with a cross gable roof
 - T-shaped plan with rear one storey section with gable roof
 - Eastern brick chimney
 - Red brick exterior
 - Concrete parged stone foundation
 - Front (north) façade

- Front facing gabled bay and separate gable peak
 - Offset west entrance with wood sidelights and transom within a segmental frame and brick voussoir
 - Bay window with 1/1 and 2/2 wood segmental frame windows with brick voussoirs and stone sills
 - 2/2 semi-circular wood windows with semi-circular brick surrounds and stone sills
 - Offset east entrance within a segmental frame with brick voussoir
 - 2/2 wood segmental frame window with brick voussoir and stone sill
- West elevation
 - 2/2 wood segmental frame window with brick voussoir and stone sill
- East elevation
 - Inverted finial
 - 2/2 wood segmental frame windows with brick voussoirs and stone sills
 - Small segmental frame leaded glass windows on the first storey
 - Rear entrance with brick voussoir
 - 1/1 semi-circular wood frame window within a gable peak
- Attributes that contribute to the historical value of the property include:
 - Its historical association with late 19th to early 20th century market gardening, connected to property owners John Horne and John Lemon

Schedule “A”

Statement of Cultural Heritage Value or Interest

Description of Property

The property is located at 482 Elizabeth Street in the City of Burlington. The property is located at the historic address of Lot 2 Block F of Wellington Square in the former Nelson Township. The property is located on the west side of Elizabeth Street, near the intersection of Elizabeth Street and Maria Street. The property contains a late 19th century residence with a rear addition from the 20th century.

Cultural Heritage Value

Design/Physical Value

The structure at 482 Elizabeth Street was built in 1873 and is a representative example of late 19th century Neo-Classical residential construction. The structure is a portrayal of the types of design and building materials that were available in the late 19th century to the upper-class homeowner or builder. The Neo-Classical style was popular in Ontario in the early to mid-18th century, taking much inspiration from Georgian architecture which preceded Neo- Classicism in popularity. The overall massing and fenestration of 482 Elizabeth Street displays the distinguishable elements of Neo-Classical architecture style. The residence at 482 Elizabeth Street is presently a vernacular interpretation of the style. While the residence is a simplified interpretation of Neo-Classicism, design elements are still present in the general massing, symmetrical layout of windows, and main entrance with pilasters, side lights, and transoms.

Historical/Associative Value

The property is historically associated with its use as a branch of the Burlington Public Library in the mid- 20th century. Originally built as a residence in 1873, the property began being used as a library in 1950. During its use as a library, the property was frequented by a significant influx of European immigrants following the Second World War. The library at 482 Elizabeth Street was used as a place to educate British war brides.

Contextual Value

The property has historical links with the property at 490 Elizabeth Street. Both structures were built for the same owner, James Laing. Laing was a wealthy aristocrat who had two residences built on Elizabeth Street: 482 Elizabeth and 490 Elizabeth. Laing also owned multiple lots in the former Nelson Township. James Laing and his wife Christina were the first to live in the residence.

Heritage Attributes

The following heritage attributes have been identified for the property at 482 Elizabeth Street.

- Exterior elements that contribute to the design value of the property, including:
 - Symmetrical layout of windows located on the north, east, and west elevation exclusive of the addition to the south elevation
 - Main entrance with sidelights, transoms, and pilasters located on the north elevation
 - Two chimneys on the ridge of the roof on the gable ends visible from the north elevation
 - Brick construction located throughout the property exclusive of the addition to the south elevation
 - Rusticated stone foundation located throughout the property, exclusive of the addition to the south elevation
- Elements that contribute to the historical/associative value of the property, including:
 - Historical association as a former library branch between 1952 and 1970
- Elements that contribute to the contextual value of the property, including:
 - The residence's location on the west side of Elizabeth Street adjacent to 490 Elizabeth Street which shares historical links through their original owner, James Laing

Schedule “A”

Statement of Cultural Heritage Value or Interest

Description of Property

The property is located at 490 Elizabeth Street in the City of Burlington at the historic address of Lot 1 Block F of Wellington Square in the former Nelson Township. The property is located on the west side of Elizabeth Street, at the south corner of the intersection of Elizabeth Street and Maria Street. The property contains a mid-19th century Neo-Classical style two-and-one-half storey residence.

Cultural Heritage Value

Design/Physical Value

The residence demonstrates design and physical value as a representative example of a mid-19th century Neo-Classical residence. Likely built in 1855, the residence contains distinguishable elements typical to this style including the overall massing with two-and one-half storey height and rectangular plan, the symmetrical front (east) façade with wood frame windows and central entrance surrounded by sidelights and fanlight. The property also contains a two-storey porch on the east facade with wooden pillars, paneled detailing, turned balustrade, and oversized dentils at the eaves. The west elevation also contains a two-storey porch of a similar composition and materiality, with an enclosed first storey.

Historic/Associative Value

The residence at 490 Elizabeth Street demonstrates historic and associative value for its connection to George Fisher, who purchased the property in 1888. George Fisher was a prominent businessman and president of the Burlington Canning Co which operated on the Burlington waterfront for over five decades. Fisher resided at the property into the 1920s.

Contextual Value

The residence demonstrates contextual value as it is historically linked to the adjacent structure at 482 Elizabeth Street. Both properties were built in the mid-19th century under the ownership of James Laing, an independently wealthy resident. The presence of the two structures and their historical relationship to each other is reflective of the mid-19th century settlement of Burlington’s core near Lake Ontario.

Heritage Attributes

The following heritage attributes have been identified for the structure at 490 Elizabeth Street.

- Exterior attributes that contribute to the design value include:

- Two-and-one-half storey structure with rectangular plan, brick construction, and hip roof
- Symmetrical five bay organization of the front (north) façade with central entrance comprised of single entrance door with wood frame, pilasters, sidelight, transom, brick voussoir
- Rectangular wood sash windows with wood storm covers on the first storey of the north, east, and south facades
- Brick soldier courses on first storey windows on the north, east, and south facades and keystone details on the east façade windows
- 8/2 sash wood frame windows on the second storey of the north, east, and south facades
- Hip roof dormers with wood siding located on the east and south facades
- Two storey porch with wood pillars, paneled detailing, and wood balustrade located on the east façade
- Two storey porch with wood pillars, panel detailing, and wood balustrade on north facade
- Dentil detailing located on the eaves on all facades
- Brick chimney on the north façade
- Attributes that contribute to the historical and associative value include:
 - Historical association with owner George Fisher who was a prominent businessman who was president of the Burlington Canning Co. that operated in Burlington for over five decades
- Attributes that contribute to the contextual value include:
 - The residence's location on the west side of Elizabeth Street adjacent to 482 Elizabeth Street which shares its historical association having been built under the ownership of James Laing, an independently wealthy resident, in the mid-19th century

Schedule “A”

Statement of Cultural Heritage Value or Interest

Description of Property

The property is located at 562 Maple Avenue in the City of Burlington. The property is located at the historic address on Lot 34 of Brant’s Block in the former Nelson Township and held the historic address of 564 Maple Avenue until 1985. The property is located on the west side of Maple Avenue. The property contains a late 19th century former residence.

Cultural Heritage Value

Design/Physical Value

The property contains a representative example of late 19th century Gothic Revival former residential structure. The Gothic Revival style was popular in Ontario during much of the 19th century, and it was promoted in *The Canada Farmer* in the 1860s, as an inexpensive farmhouse option and was also used in urban residential areas. The residence was built in 1875 in the Gothic Revival style and was constructed of red brick. The structure contains a brick-clad addition to the north façade that appears to have been constructed by the early 20th century. While there are some minimal alterations the overall style and type of the property can be understood as a representative example of a late 19th century Goth Revival structure. These design elements include its one-and one-half storey height, symmetrical three bay façade organization with central entrance flanked by windows, brick exterior, side gabled roof, central gable peak, gingerbread detailing on gable peak, and arched window in the gable peak with decorative wood sash window.

Historic/Associative Value

The property was owned by Robert Lindley and the Lindley family from 1874 to 1922. Lindley was a successful produce farmer who cultivated produce on the agricultural fields and orchards formerly located on the property. Lindley contributed to the agriculture and fruit industry that dominated in Burlington in the late 19th to early 20th century. Farming fruit and selling the produce was a dominant industry in Burlington in the late 19th to early 20th century, given its location by the lake with a climate and geography conducive to growing fruit and other crops. The property has direct associations with the theme of fruit-based agricultural production in 19th and early 20th century Burlington that was critical to the development of Nelson Township and the City of Burlington.

Heritage Attributes

The following heritage attributes have been identified for the property at 562 Maple Avenue.

- Attributes that contribute to the design value of the property include:
 - Its one-and-one-half storey height with side gable roof, central gable peak, and red brick construction
 - Its symmetrical three bay front (east) façade organization of the original structure with central entrance flanked by windows
 - Its segmental arch window openings with brick voussoirs, located on the north and east façades
 - Its round arched window in the gable peak with decorative multi-pane wood sashes
 - Its gingerbread detailing on central gable peak located on the east façade
 - Date stone indicating construction date of 1875 located on the gable peak of the east façade
- Attributes that contribute to the historic value of the property include:
 - The property's location at 562 Maple Avenue that has historical associations with Robert Lindley who was a successful produce farmer is associated with the theme of fruit-based agricultural industry in Nelson Township and City of Burlington in the late 19th and early 20th centuries

Schedule “A”

Statement of Cultural Heritage Value or Interest

Description of Property

The property is located at 2280 No. 2 Side Road in the City of Burlington, Ontario. The property is situated on the north side of Dundas Street, approximately 1000 meters southwest of Guelph Line and contains a one-and-one-half storey stone residence built between 1820 and 1840, and a barn.

Cultural Heritage Value

Design/ Physical Value

The property located at 2280 No. 2 Sideroad was likely built between 1820 and 1840 and consists of a rare and representative example of an Ontario vernacular residence with Regency design influences built of stone in the City of Burlington. While the use of stone and the design style was common at the time the residence was constructed, the residence today is a rare example as few other Regency style stone structures remain in the City of Burlington. An addition to the residence dates to the mid-19th century. Regency design influences include the overall one-and-one-half storey massing of the structure, low pitched hip roof, and the symmetrical window layout. Vernacular elements include the stone construction and use of shaped stone in voussoirs and quoins. The gable roof barn on the west side of the property and its relationship to the stone dwelling is representative of the property’s historic use as a farmstead.

Historic/Associative Value

The property has historical and associative value for its connection to the Freeman family through the ownership of Joseph Freeman, who purchased the property in 1865. He then passed the property to his son, Edwin Freeman, in 1869. Joseph Freeman was a farmer and also owned other properties in the Plains Road and Brant Street area, known as Freeman Village, where several other Freeman family members lived and owned property. Edwin Freeman was a farmer who lived at the property with his wife and children. The Freeman family were prominent market gardeners in Burlington throughout the 19th century and into the 20th century. The area around Brant Street and Plains Road East was known as Freeman Village, named for Edwin’s grandfather, Joshua Freeman. The Freeman family lived in Freeman Village for several decades.

Heritage Attributes

The following heritage attributes were identified for 2280 No. 2 Side Road:

- Exterior attributes on the stone structure that contribute to the design and physical value of the property:
 - One-and-one-half storey stone dwelling

- Stone construction located throughout the residence
- Stone voussoirs located above windows on the northwest façade
- Stone quoins located at the corners of the original structure on the northwest façade
- Symmetrical layout of windows and central door on the original portion of the northwest façade
- One storey massing with mid-to-late 19th century addition that becomes two storeys with the change in topography
- Low pitched hip roof
- Rubble stone foundation located on the original structure and addition
- Barn
 - Cut stone foundation
 - Gable roof
 - Placement west of the stone residence
- Attributes that contribute to the historical and associative value of the property:
 - Associations with the Joseph Freeman and with the Freeman family who were prominent landowners and market gardeners in Burlington

City of Burlington By-law 82-2025

A by-law to amend by-law no. 49-2022, being a by-law to Regulate Exterior Property Maintenance including Vegetation, Refuse, and Graffiti (DGM-48-25, File 110-01-1)

Whereas Council of the Corporation of the City of Burlington has deemed it necessary to mitigate negative effects of the City's Loose Leaf Collection Program; and

Whereas it is desirable to amend the Lot Maintenance by-law no. 49-2022 to clarify rules of the City of Burlington Loose Leaf Collection Program; and

Whereas Council of the Corporation of the City of Burlington has deemed it necessary to amend by-law 49-2022 to update the fines for contravening the by-law to correct a typographical error in the amount;

Now therefore the Council of the Corporation of the City of Burlington hereby enacts as follows:

1. That Part 1 DEFINITIONS, Section 1.1 of by-law no. 49-2022 be amended to insert the following definition after the definition of "City or City of Burlington" and before the definition of "Council":

"City of Burlington Loose Leaf Collection Program" means the short-term fall leaf collection program operated by the City of Burlington whereby an owner can leave or place leaves on the curb, shoulder or boulevard for collection based on a set schedule as advertised by the City of Burlington.

2. That Part 7 – MAINTENANCE OF BOULEVARDS, SIDEWALKS, WALKWAYS AND DRIVEWAYS of by-law no. 49-2022 be amended by adding the following new sections after section 7.3:

7.4 No owner, except an owner of public property, shall cause or permit the placement of leaves on any sidewalk, walkway, street (including bike lane), ditch or catch basin abutting their property, including for the purpose of participating in the City of Burlington Loose Leaf Collection Program.

7.5 An owner shall be presumed to have caused or permitted the placement of leaves on any sidewalk, walkway, street (including bike lane), ditch or catch basin abutting their property, which presumption may be rebutted by evidence to the contrary on a balance of probabilities.

3. That Part 9 OFFENCES and PENALTIES section 9.5 (b) of by-law no. 49-2022 be amended by deleting “\$100,000.00” after the words “maximum fine of” and replacing it with “\$10,000.00”.
4. That the amendment to section 9.5(b) of by-law no. 49-2022 shall be applied retroactively to any proceedings in respect of offences that occurred before the amendment came into force.
5. That in all other respects by-law no. 49-2022, , be and is hereby confirmed.
6. That this by-law comes into force the day it is passed.

City of Burlington By-law 83-2025

A by-law to amend By-law Number 32-2023 designating 488 Locust Street, in the City of Burlington, in the Regional Municipality of Halton, to be of cultural heritage value or interest pursuant to the provisions of the *Ontario Heritage Act*, R.S.O. 1990, chapter 0.18, as amended.

File: 501-06

(Amendment Approved by Ontario Land Tribunal on April 1, 2025)

Whereas Section 29 of the *Ontario Heritage Act*, R.S.O. 1990, Chapter O.18, as amended authorizes the Council of a municipality to enact by-laws to designate real property, including all the buildings and structures thereon, to be of cultural heritage value or interest; and

Whereas on June 13, 2023, the Council of The Corporation of the City of Burlington enacted and passed By-law 32-2023 designating the property known as 488 Locust Street, City of Burlington, Regional Municipality of Halton, to be of cultural heritage value or interest pursuant to the provisions of the *Ontario Heritage Act* R.S.O. 1990, Chapter O.18, as amended and;

Whereas the registered Owner appealed the passing of such By-law to the Ontario Land Tribunal (hereinafter called the "OLT"); and

Whereas the City and the Owner entered into Minutes of Settlement with respect to this appeal and the OLT granted its approval of such Minutes of Settlement and ordered that the Appeal against By-law 32-2023 was allowed in part and the said By-law was to be amended such that Schedule "A" to By-law 32-2023 is deleted and replaced with the amended Schedule "A" attached to the Order. In all other respects, the OLT ordered that the Appeal was dismissed.

Now therefore the Council of the Corporation of the City of Burlington hereby enacts as follows:

1. That Schedule "A" attached to By-law 32-2023 enacted and passed by the Council of the City of Burlington on June 13, 2023 be deleted and replaced with Schedule "A" attached hereto.

2. That the City Clerk provide a copy this By-law to the Owner of the property and to the Ontario Heritage Trust, and shall cause this By-law to be registered in the Land Registry Office for Halton; and
3. That in all other respects, By-law 32-2023 is hereby confirmed.

Schedule "A - Amended" to Ontario Land Tribunal Decision Dated April 1, 2025

(OLT-23-000706)

Description and Reasons for Designation: 488 Locust Street

488 Locust Street is recommended for designation pursuant to Part IV, Section 29 of the Ontario Heritage Act for its cultural heritage value, and meets Ontario Regulation 9/06 (as amended by Ontario Regulation 569/22), the provincial criteria prescribed for municipal designation under the criteria of design and physical, historical and associative and contextual values as described in the following Statement of Cultural Heritage Value or Interest.

Legal Description:

488 Locust Street (PLAN 74 PT LOT 50); City of Burlington, Regional Municipality of Halton.

Description of Property:

488 Locust Street is located near its intersection with Ontario Street. The property is in the core of the City of Burlington, the historic village of Burlington. It consists of a one-and-a-half storey frame Gothic Revival residence, with a cross gable roof, constructed in 1885. The rear elevation has been modified.

Statement of Cultural Heritage Value or Interest:

The property at 488 Locust Street has design/physical value and contextual value and is considered to meet prescribed criteria #1 and #7 under Ontario Regulation 9/06.

Physical/Design Value

488 Locust Street is a representative example of the Gothic Revival style. The one-and-a-half storey house has a cross gable roof, large front gable end and central gable peaks which is typical of Gothic Revival structures. The first floor bay window, and arched window openings within the central gable peaks are also typical of the Gothic Revival style. Furthermore, the massing, roofline and fenestration of the structure strongly indicate Gothic Revival origins.

Contextual Value

488 Locust Street is important in supporting the character of a section of Locust Street consisting of a cluster of historic residential properties surrounding the intersection of Locust Street and Ontario Street. Most were built in the 19th century and collectively they have the character of a late 19th century residential streetscape with one- to two- and-a-half storey residential buildings of primarily brick construction and with modest setbacks along the street. The subject

property contributes to the heritage fabric of the streetscape and exhibits setback and massing consistent with the Locust streetscape.

Cultural Heritage Attributes

488 Locust Street is a representative example of the Gothic Revival style. The property contains the following heritage attributes that reflects these values:

- one-and-a-half storey Gothic Revival residence
- large front gable end and central gable peak
- asymmetrical façade with symmetrical elements further described as:
 - placement of central gable peak with arched window opening on the second storey and rectangular window opening and door opening on the first storey;
 - front gable with symmetrical placement of rectangular window openings on the second storey and front elevation bay window on the first storey;
- arched window openings

488 Locust Street is important in supporting the character of a section of Locust Street surrounding the intersection of Locust Street and Ontario Street, which features a cluster of historic properties, most of which were built in the 19th century. The property contains the following heritage attributes that reflect these values:

- One-and-a-half storey Gothic Revival residence
- Height, massing, and setback of the front and side elevations of the building, which contributes to the 19th century streetscape of the Locust Street north and south of Ontario Street*

**Note: The rear additions and elevation are excluded from the list of heritage attributes*

Whereas on [February 7, 2019](#), Council of the City of Burlington voted to re-examine the adopted Grow Bold: Burlington Official Plan, to reflect the vision of the newly elected Council of the City of Burlington;

Whereas on [October 7, 2020](#), Council of the City of Burlington endorsed recommended revisions to the adopted Burlington Official Plan, including the removal of the phrase “Grow Bold” and the introduction of new policies for the Downtown Urban Centre, which were then submitted to the Region of Halton for approval as City-initiated Regional modifications;

Whereas on November 16, 2020 the Region of Halton issued a draft Notice of Decision, including proposed modifications, regarding the adopted Burlington Official Plan;

Whereas on [November 26, 2020](#), Council of the City of Burlington endorsed the modifications to the adopted Burlington Official Plan, as set out in the draft Notice of Decision from the Region of Halton;

Whereas on November 30, 2020, the Region of Halton issued a final Notice of Decision approving the modified Burlington Official Plan (hereinafter collectively the “Burlington Official Plan”);

Whereas much of the Burlington Official Plan was appealed to the Ontario Land Tribunal, including policy 8.1.1(3.9.2) b) and the Downtown East Cultural Study Area overlay on Schedule D, Land Use – Downtown Urban Centre (hereinafter the “DECHSA Policy and Overlay”);

Whereas, as a result of the appeals of the Burlington Official Plan, the DECHSA Policy and Overlay have not come into effect;

Whereas the Downtown East Cultural Heritage Study concluded in 2023 and appropriate *Ontario Heritage Act* protections are now in place, rendering the interim DECHSA Policy and Overlay obsolete;

Whereas on July 1, 2024, through changes to the *Planning Act*, the province identified the Region of Halton as an “upper-tier municipality without planning responsibilities” and transferred those functions to the lower-tier municipalities of Halton;

Whereas Council of the City of Burlington deems it necessary to amend By-law 24-2018 in order to delete the DECHSA Policy and Overlay;

Now therefore the Council of The Corporation of the City of Burlington hereby enacts as follows:

1. That By-law 24-2018, as amended, is hereby further amended by adding Appendix ‘A’ to this By-law as Appendix ‘B’ thereto.

2. That By-law 24-2018, as amended, is hereby further amended by adding the following new sections after section 1.1:

“1.2 The document entitled “Halton Region Notice of Decision re: New Burlington Official Plan”, is attached as Appendix ‘B’ hereto and together with Appendix ‘A’ hereto, forms the Burlington Official Plan.

1.3 That the document entitled, “Halton Region Notice of Decision re: New Burlington Official Plan” attached as Appendix ‘B’ is hereby amended by deleting therefrom City-initiated Regional modifications 8.1.1(3.9.2) b) and the Downtown East Cultural Study Area overlay on Schedule D, Land Use – Downtown Urban Centre.”

3. That this by-law shall come into full force and take effect on the final day of passing thereof.

Enacted and passed this 14th day of October, 2025.

NOTICE OF DECISION
With respect to an Official Plan Amendment
Section 17(35) of the Planning Act

A decision was made by the Regional Municipality of Halton on November 30, 2020 to approve with modifications, the New Burlington Official Plan.

Purpose and Effect of the Official Plan Amendment

The purpose of the City of Burlington New Official Plan, adopted by Burlington City Council through By-Law No. 24-2018 enacted and passed on April 26, 2018, is to replace the in-force and effect Burlington Official Plan with the City of Burlington New Official Plan. The effect of the amendment is to set out planning policies to guide development within the City of Burlington.

Effect of Written Submissions on Decision

Regional staff have carefully reviewed and considered each of the submissions based on the Region's responsibility to ensure that the Burlington New Official Plan conforms to, or does not conflict with, the Regional Official Plan, is consistent with the Provincial Policy Statement, 2020 and conforms to, or does not conflict with, the applicable Provincial Plans.

When and How to File an Appeal

Any appeal to the Local Planning Appeal Tribunal must be filed with Halton Region no later than 20 days from the date of this notice, shown above as the "Last Date of Appeal".

The notice of appeal should be sent to the attention of the Regional Clerk at the address shown below and it must:

- 1) set out the reasons for the appeal,
- 2) set out the specific part or parts of the proposed Official Plan Amendment to which the appeal applies, and
- 3) be accompanied by the fee required by the Tribunal and as directed by the Tribunal.

The reasons for the appeal must include an explanation of how the proposed official plan amendment:

- is inconsistent with provincial policy statements issued under subsection 3(1) of the *Planning Act*,
- fails to conform with or conflicts with a provincial plan; or,
- fails to conform with the Regional Official Plan.

Address for Filing a Notice of Appeal

Chapter 5 – Economic Activity			
224)	5.0 [Preamble]	The first paragraph of the preamble is modified to read as follows: “Burlington’s location in proximity to Toronto and Hamilton, coupled with its access to major highway and rail <i>infrastructure</i> and an abundant supply of land, allowed the city to grow rapidly over the last 50 years. A number of conditions that supported this rapid growth are expected to change over the next 20 years. The manufacturing-based economy has entered a period of transition where issues of globalization, technology changes, including automation and labour force changes, all contribute to a new role in the economy for manufacturing. Congestion along major highway <i>infrastructure</i> is increasing, as are fuel costs. <u>The City identifies employment areas, as identified in the Region of Halton Employment Area shown in Schedule B- Urban Structure, of this Plan.</u> <u>The City also identifies lands designated for employment uses on Schedule B: Urban Structure. These lands include all lands designated for employment uses under sections</u>	Regional Conformity To differentiate between the Region of Halton Employment Area and lands designated for employment uses.

These designations are distinguished by the -employment suffix to the designation name. Most of these lands are found within the Region of Halton Employment Area, however, there are some instances where these lands are currently designated only by the City for employment uses.</p> <p>The city has a fixed urban boundary and therefore a finite supply of lands designated for employment lands uses. The city has a sufficient supply of lands designated for employment uses lands areas to accommodate forecasted growth to 2031 and the supply of land will be needed for the long term, except for those lands identified for consideration for conversion through the municipal comprehensive review in policy 2.3.3 f) of this Plan.”</p>

Attachment #2 – Graphic 8-2 Cross section showing built form and transition along Brant Street.

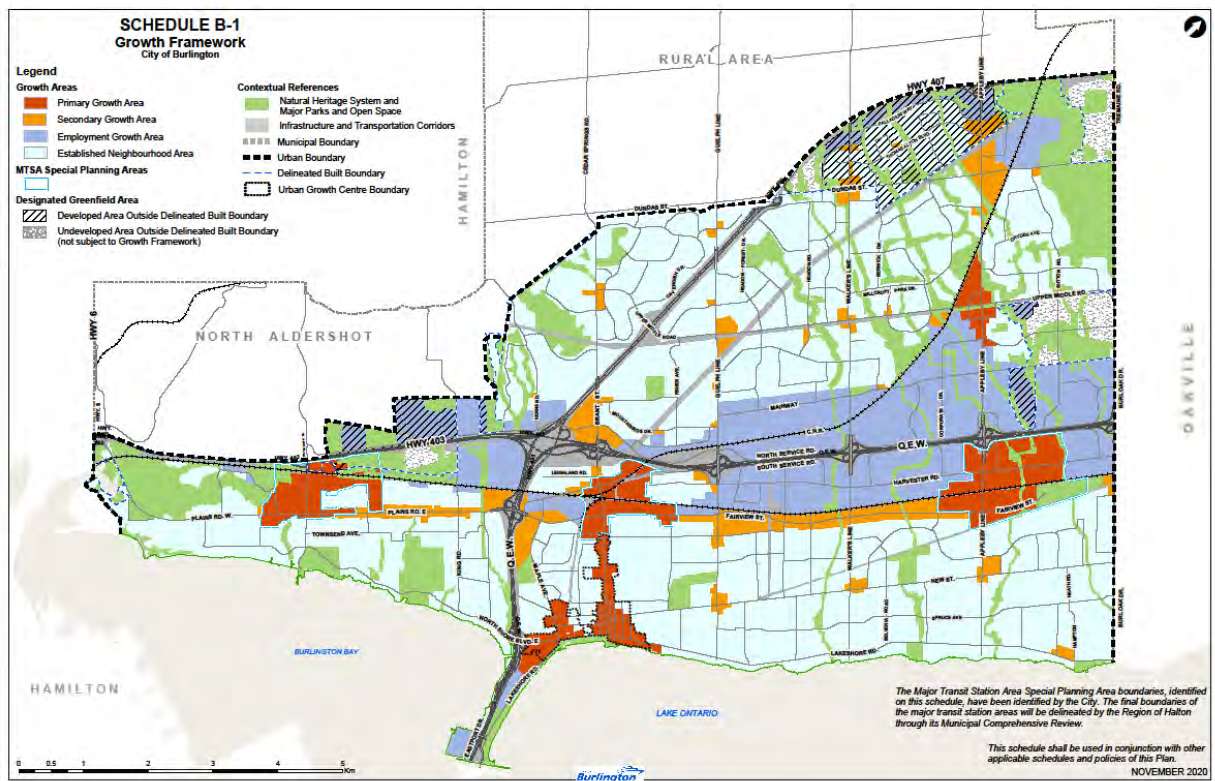

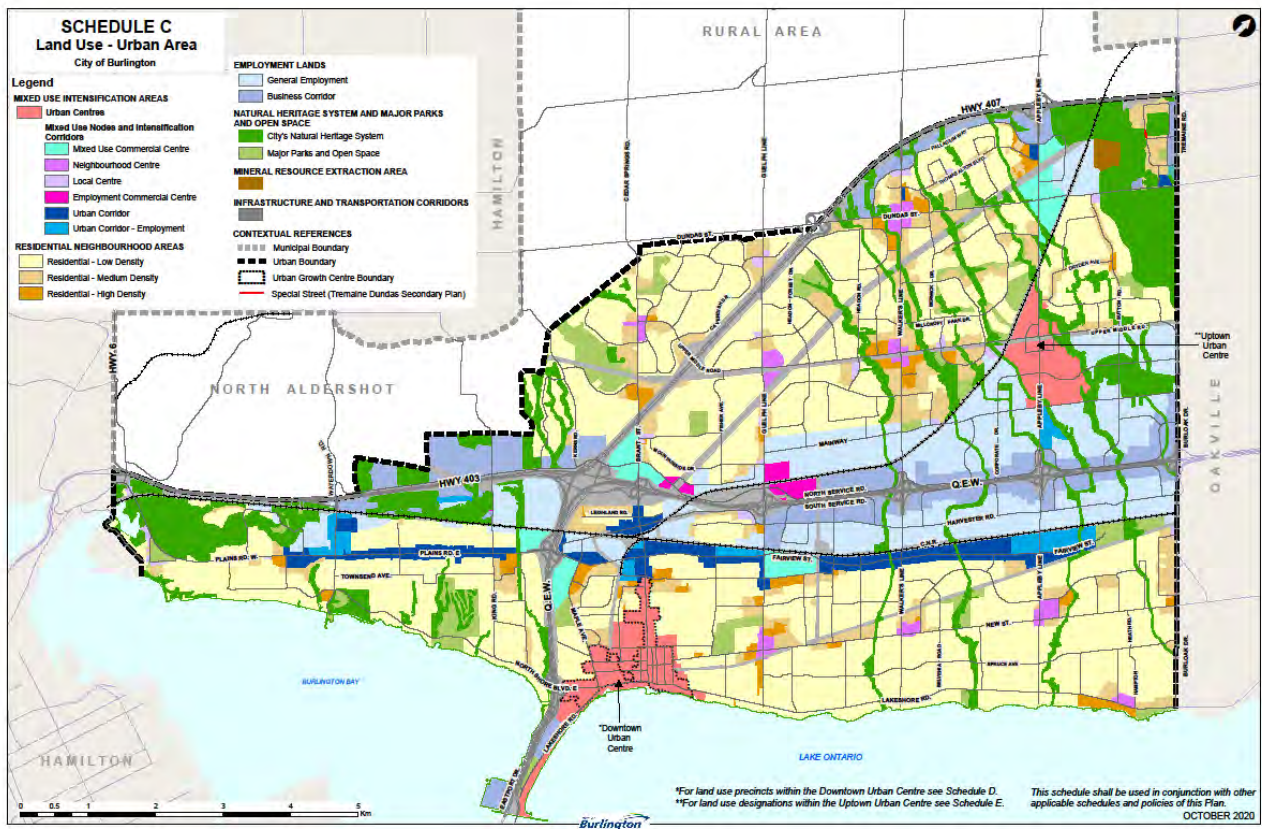

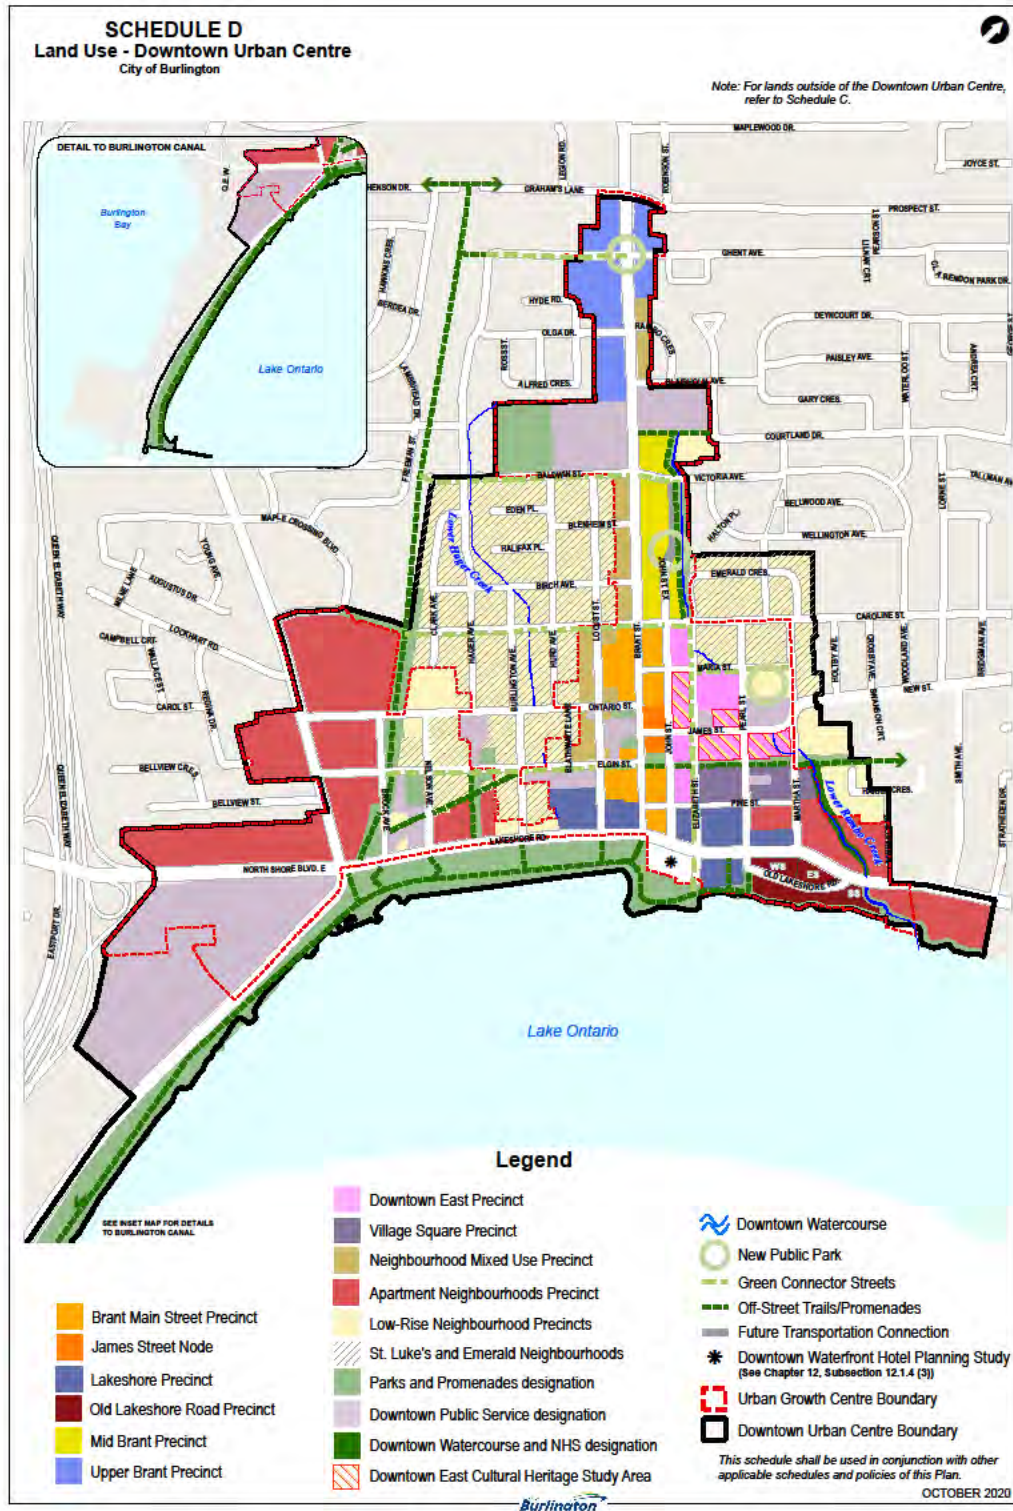

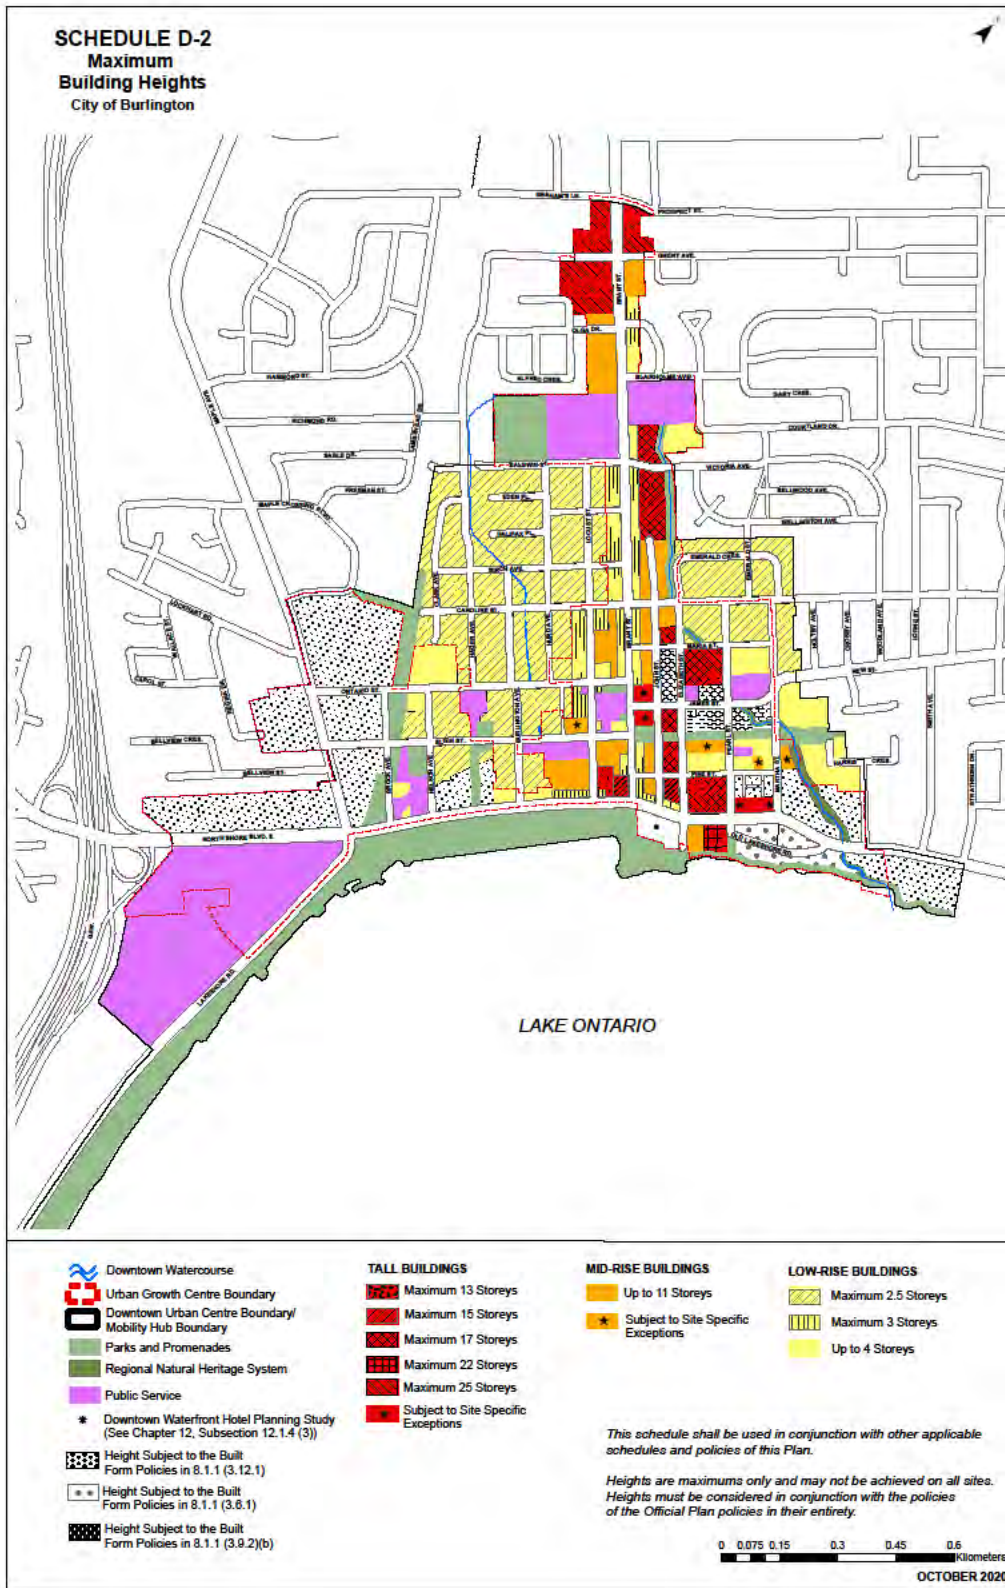

Attachment #6 – Schedule B-1: Growth Framework

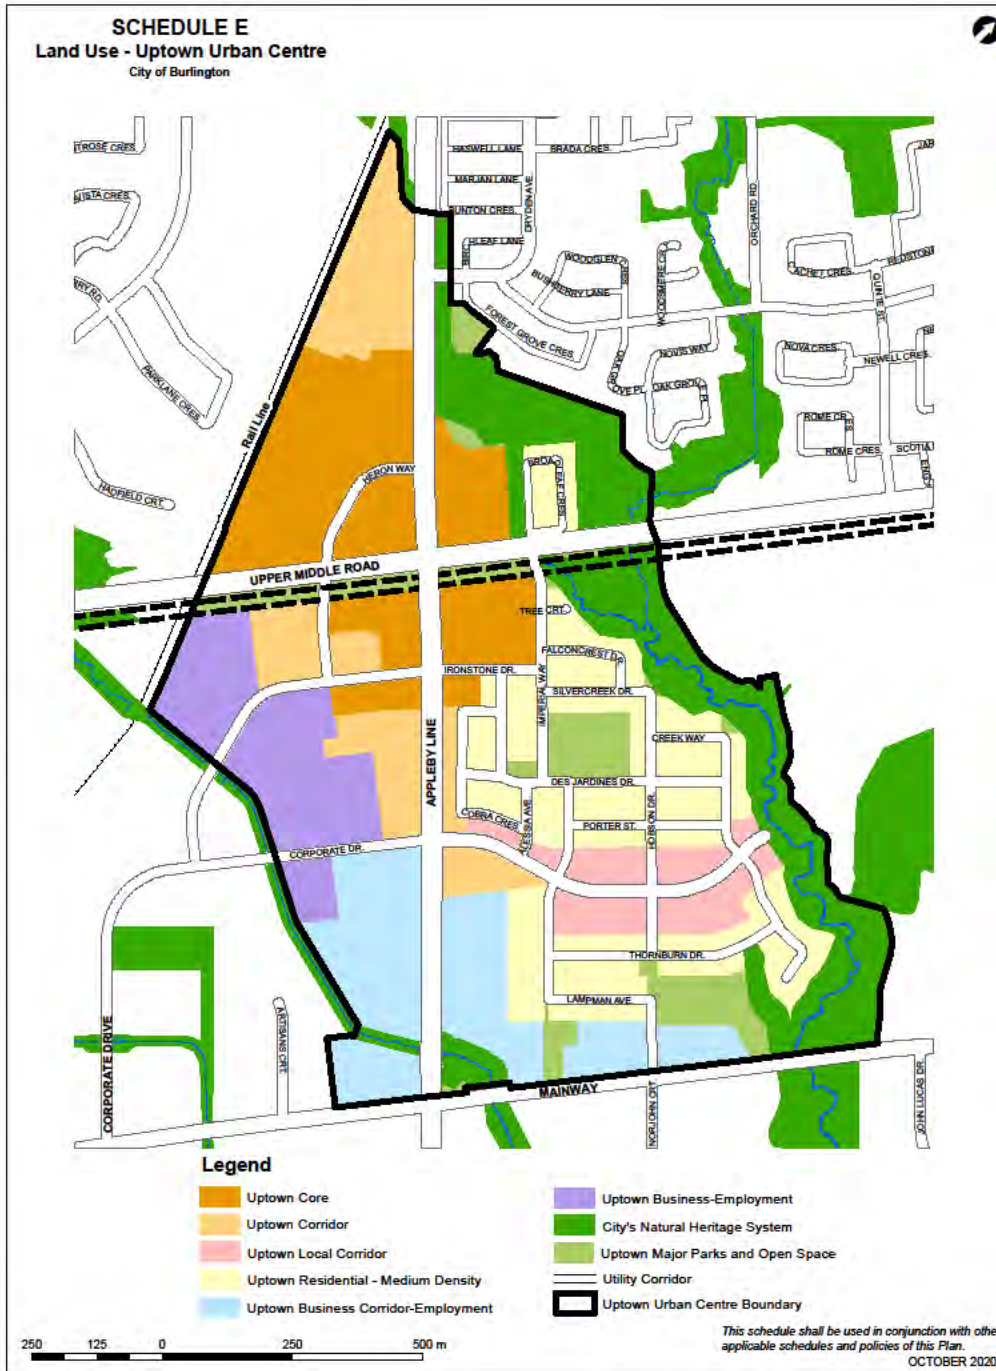

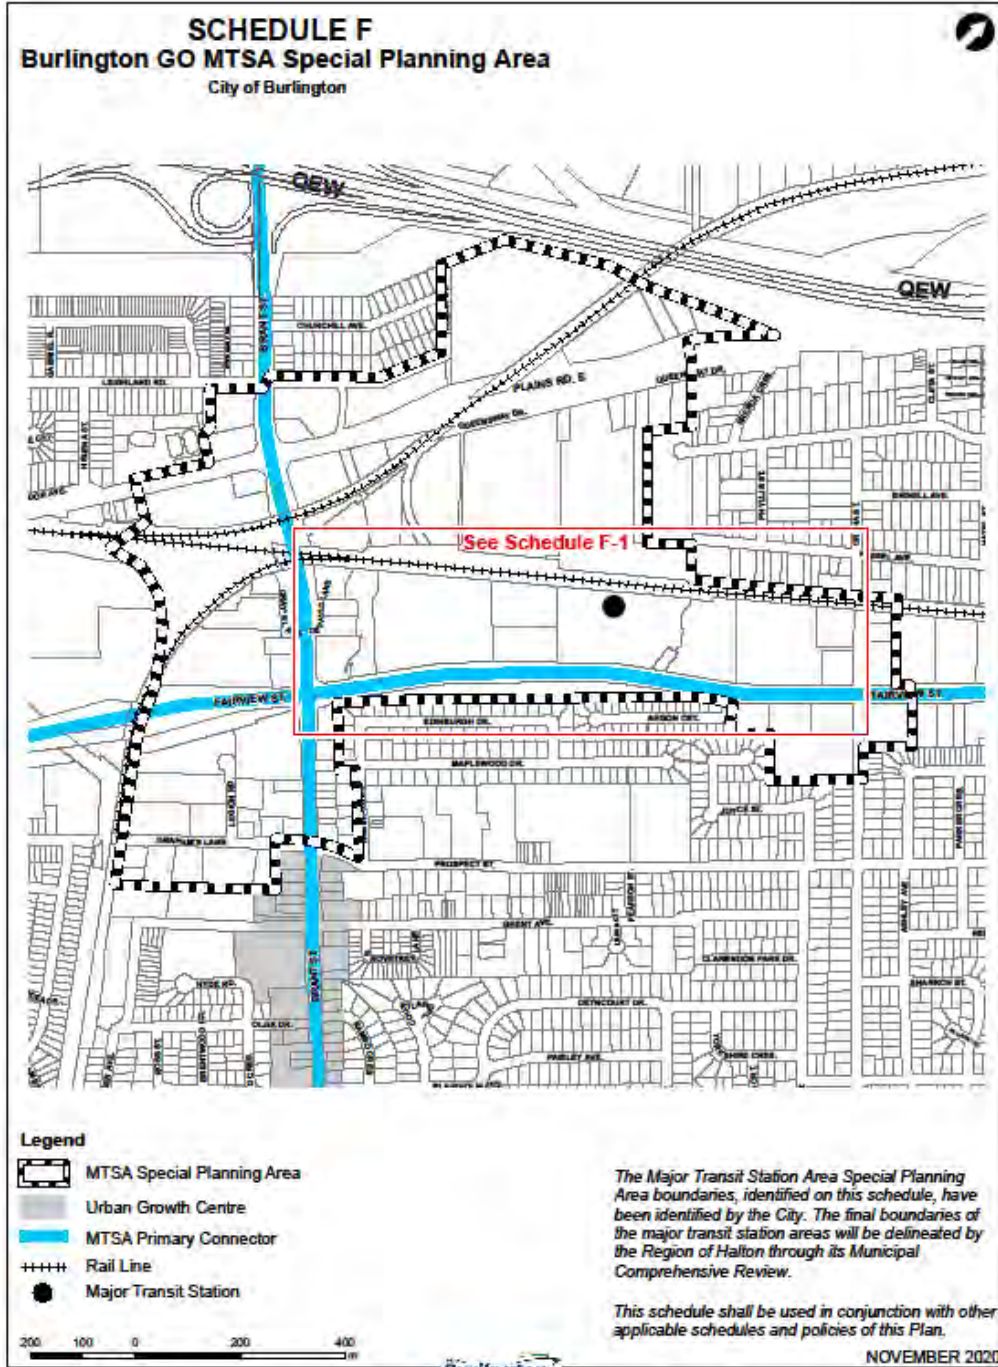

Attachment #8 – Schedule C: Land Use – Urban Area

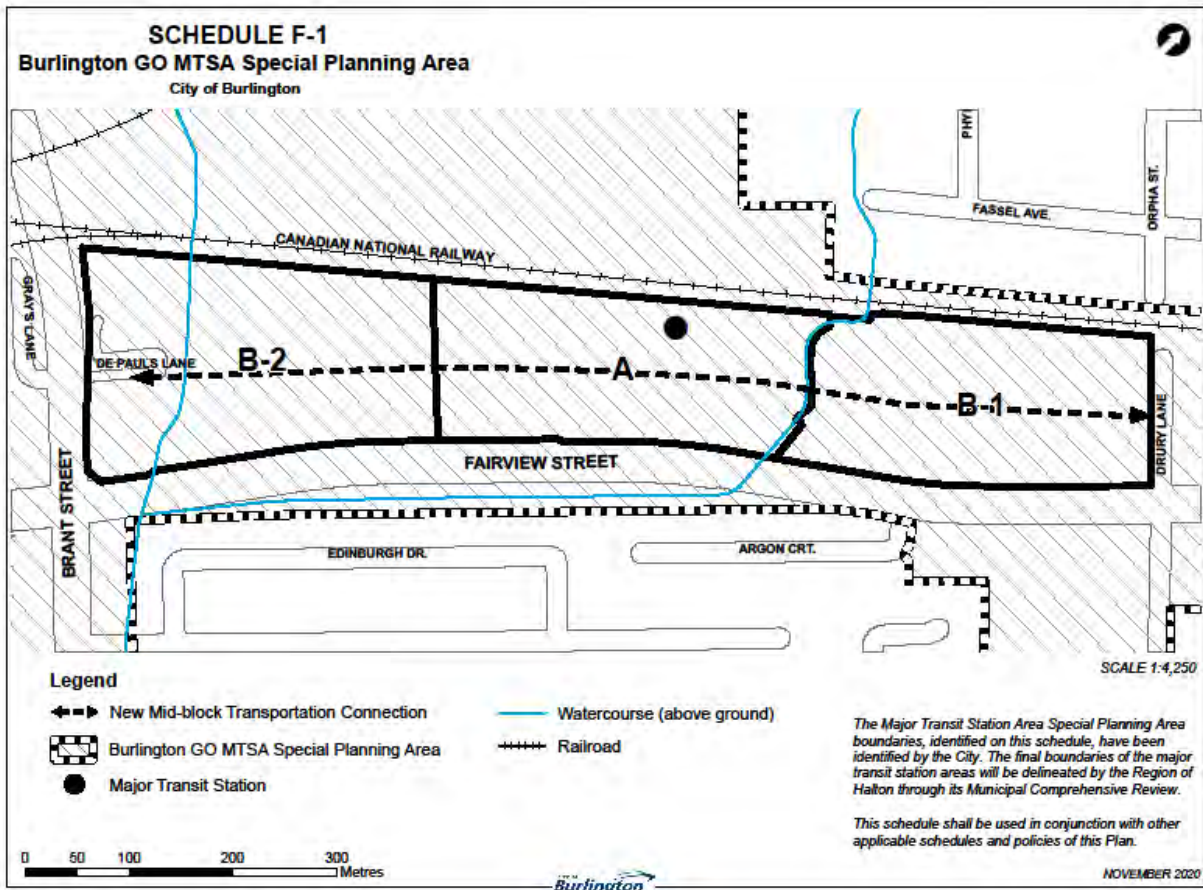

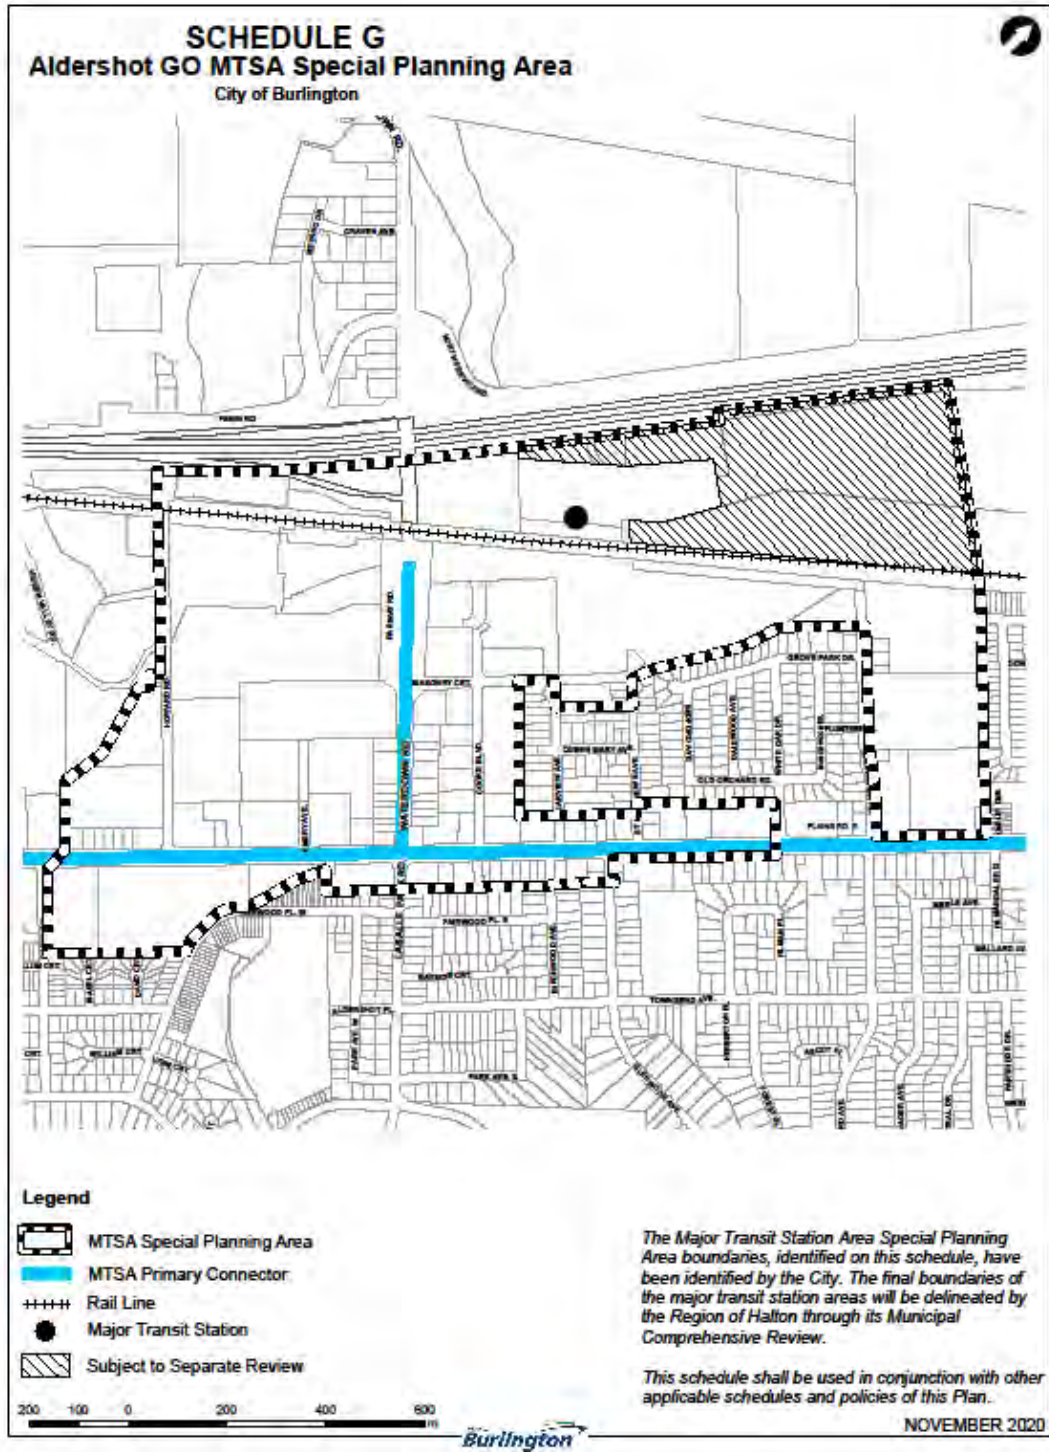

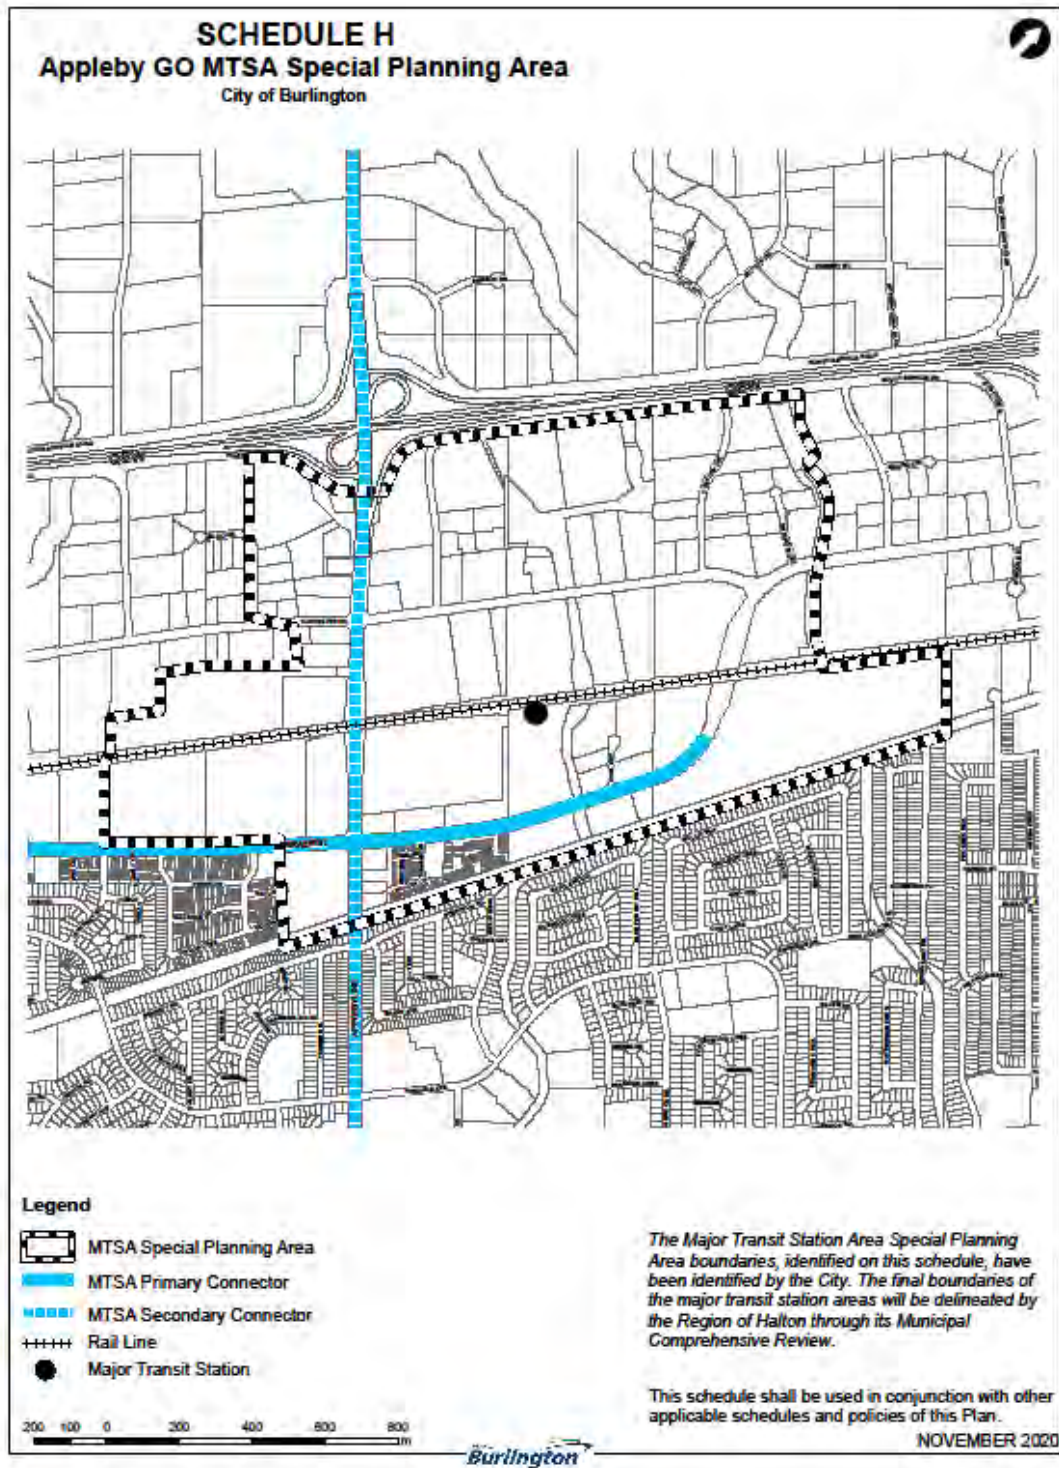

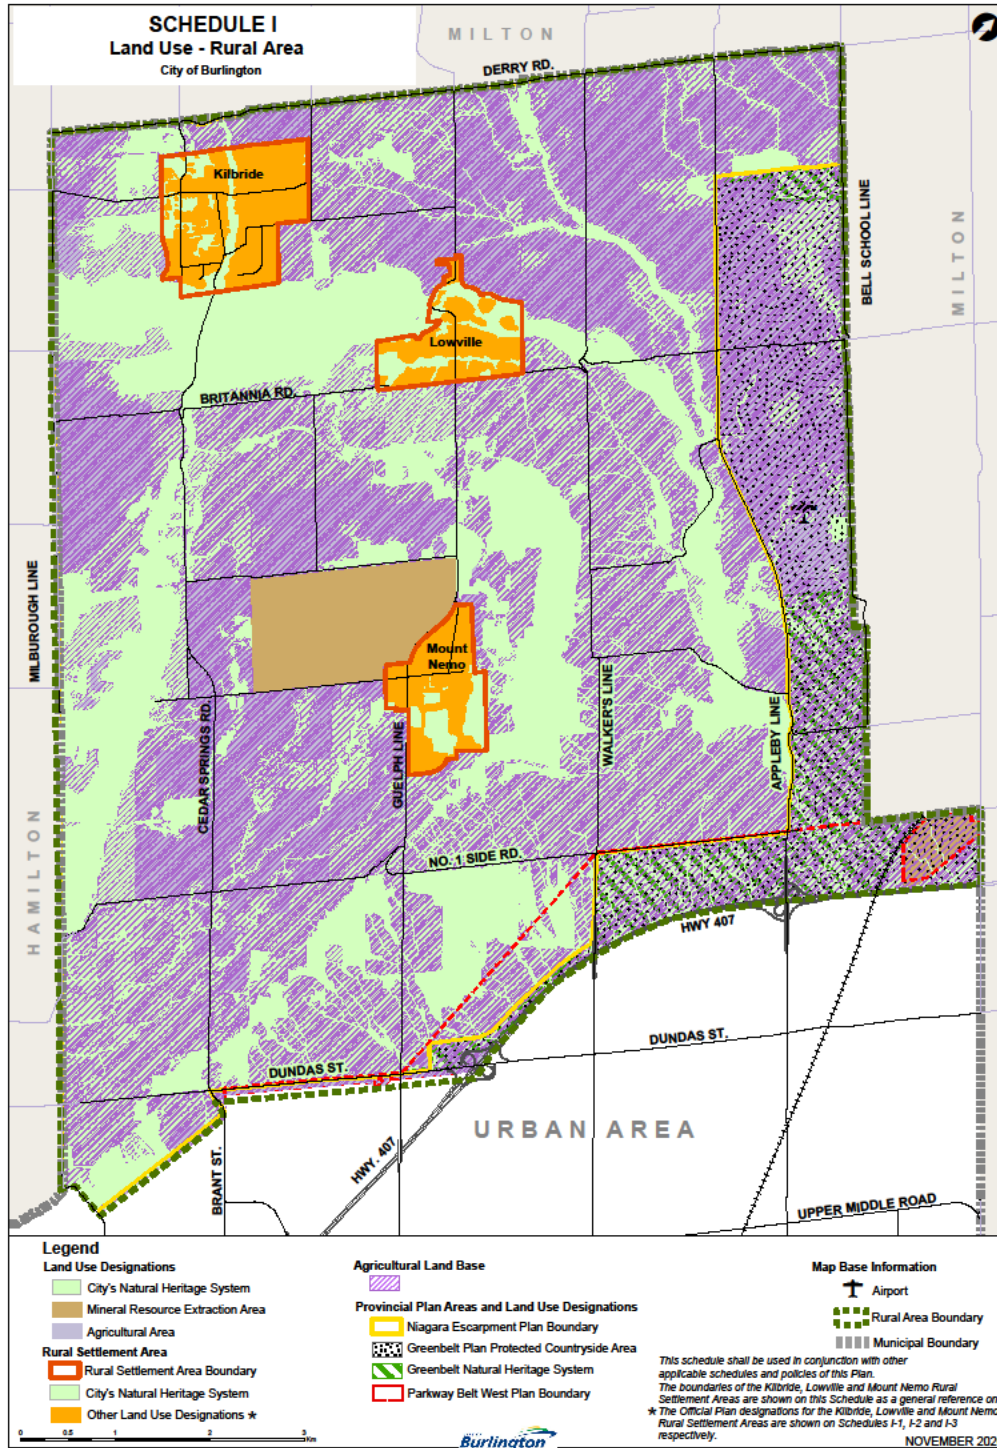

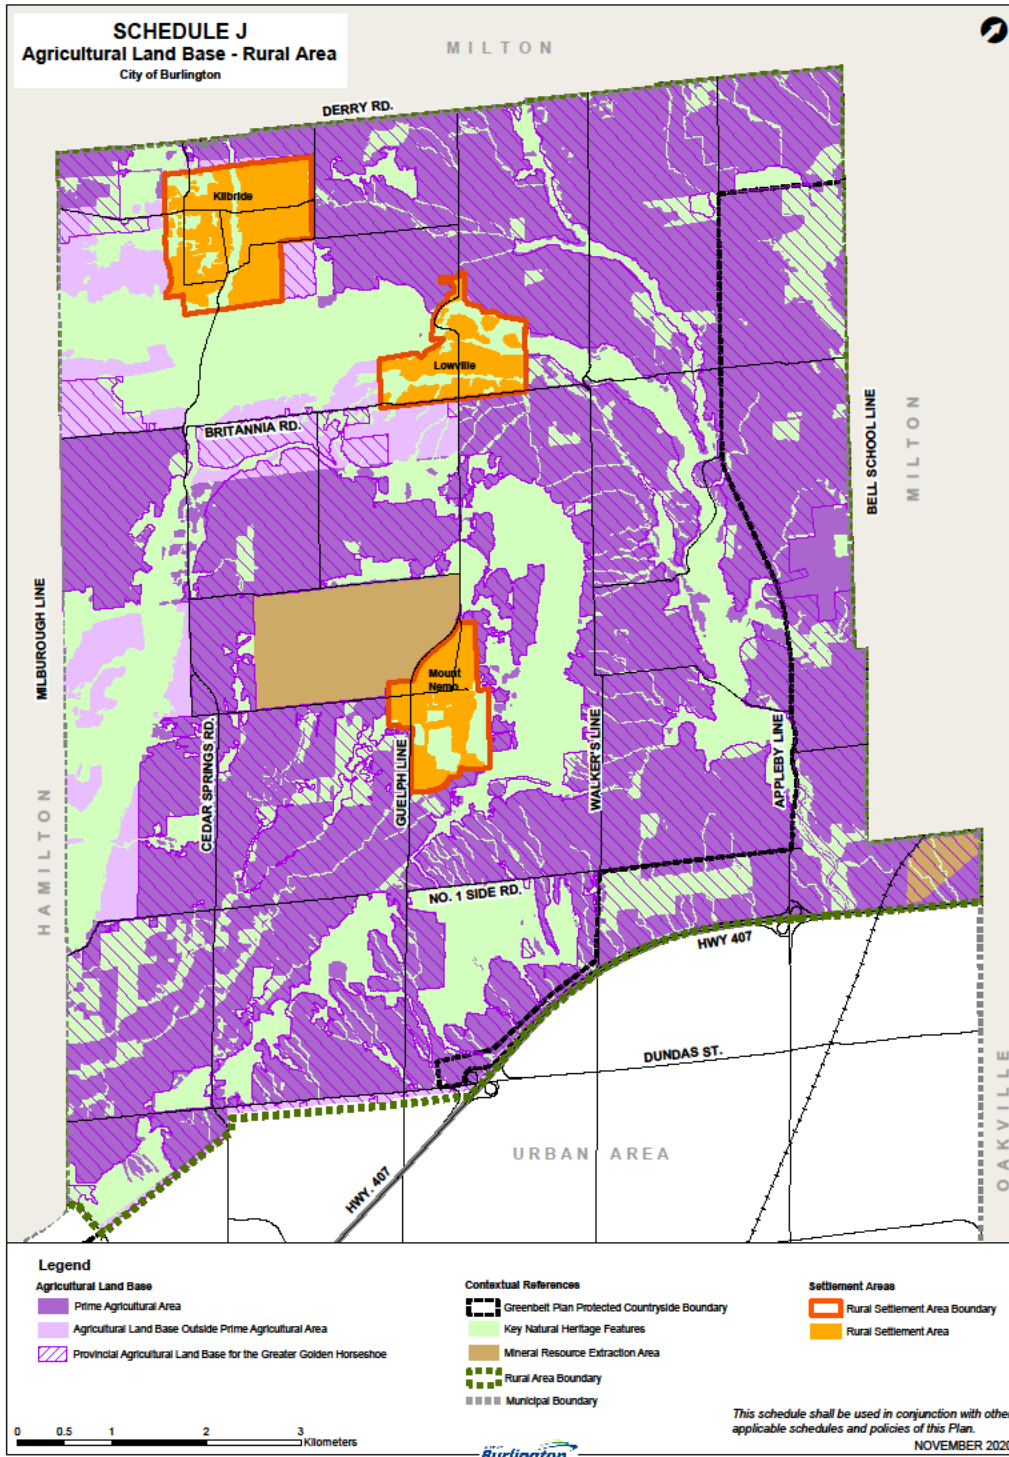

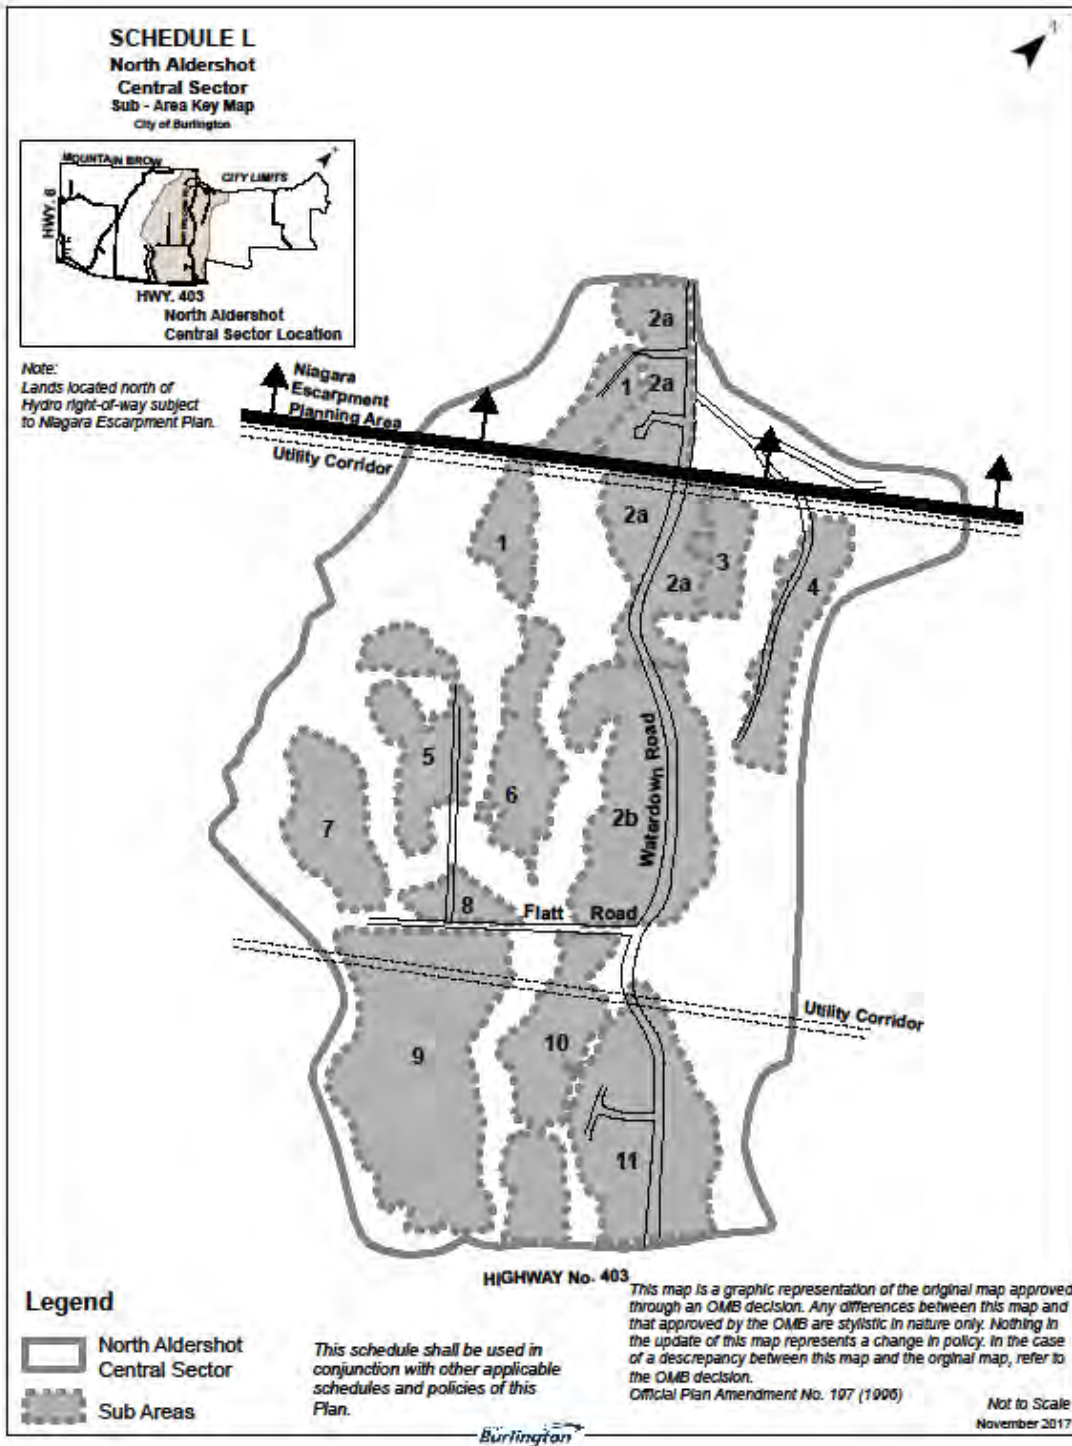

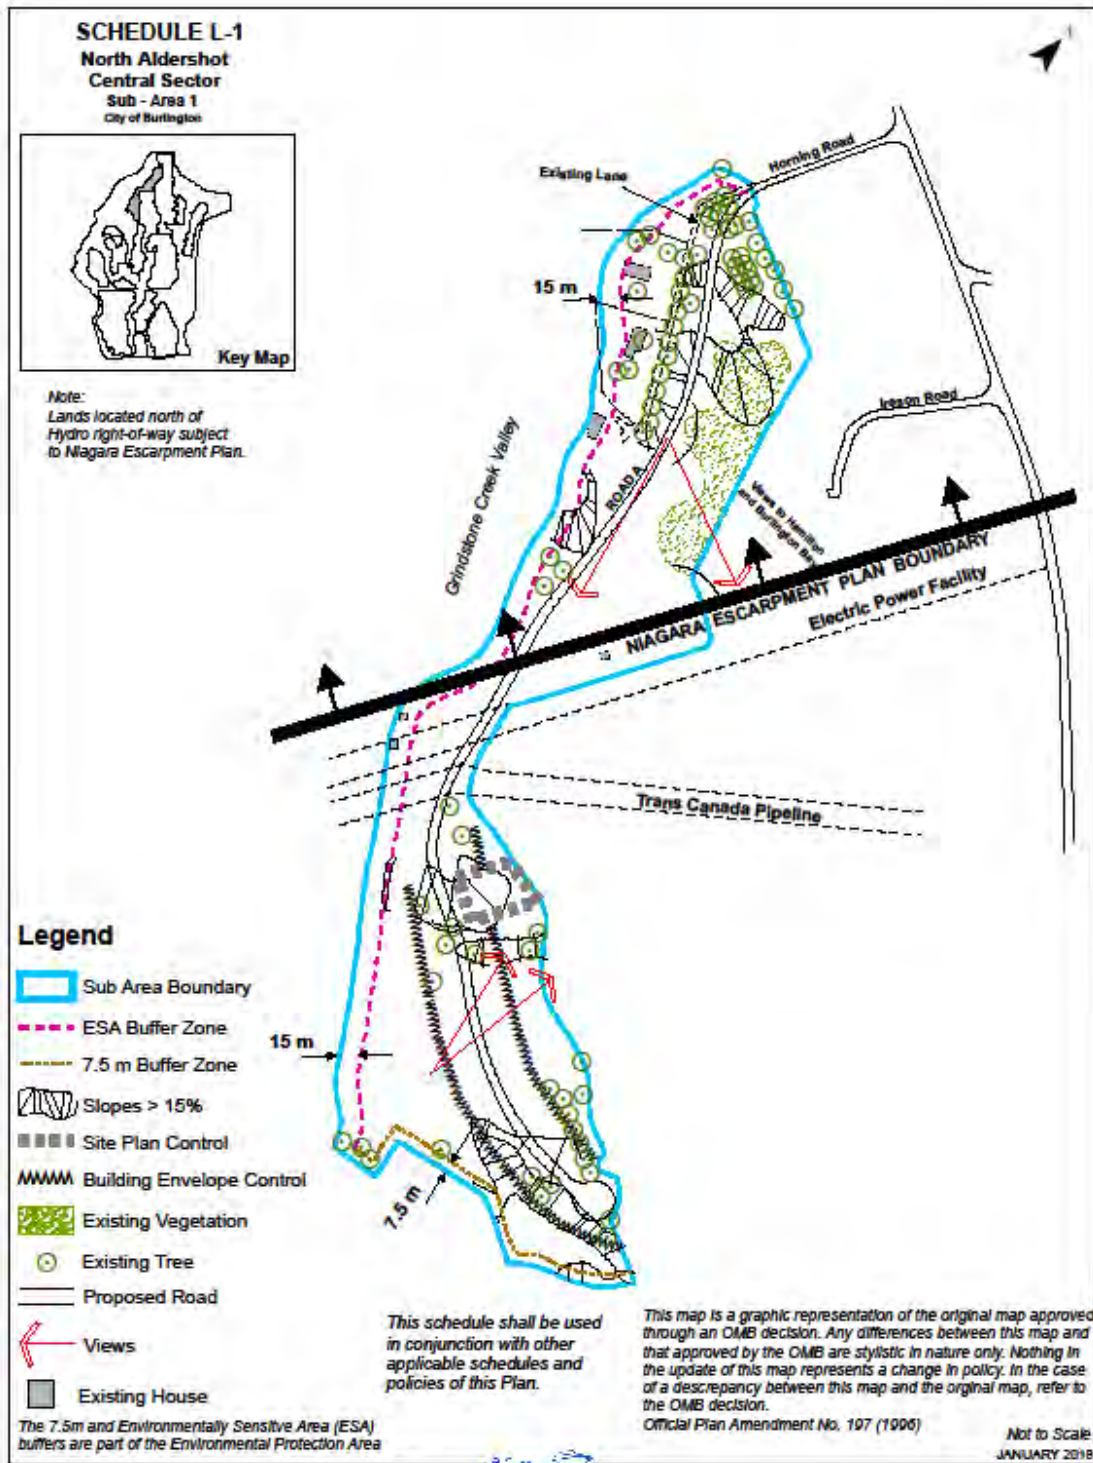

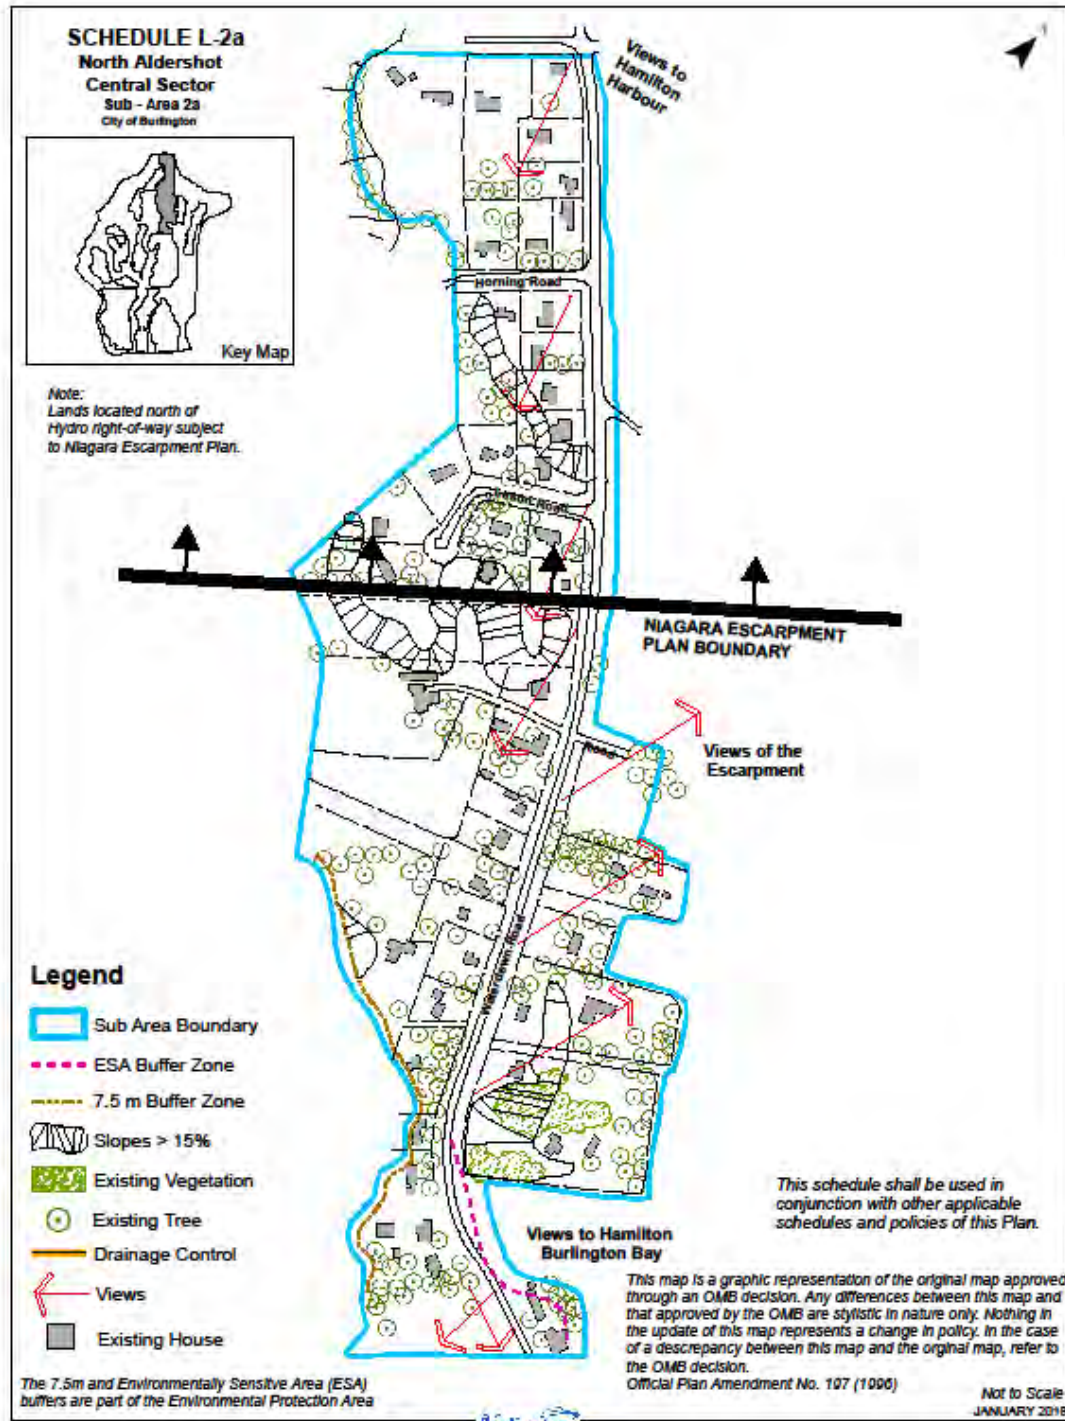

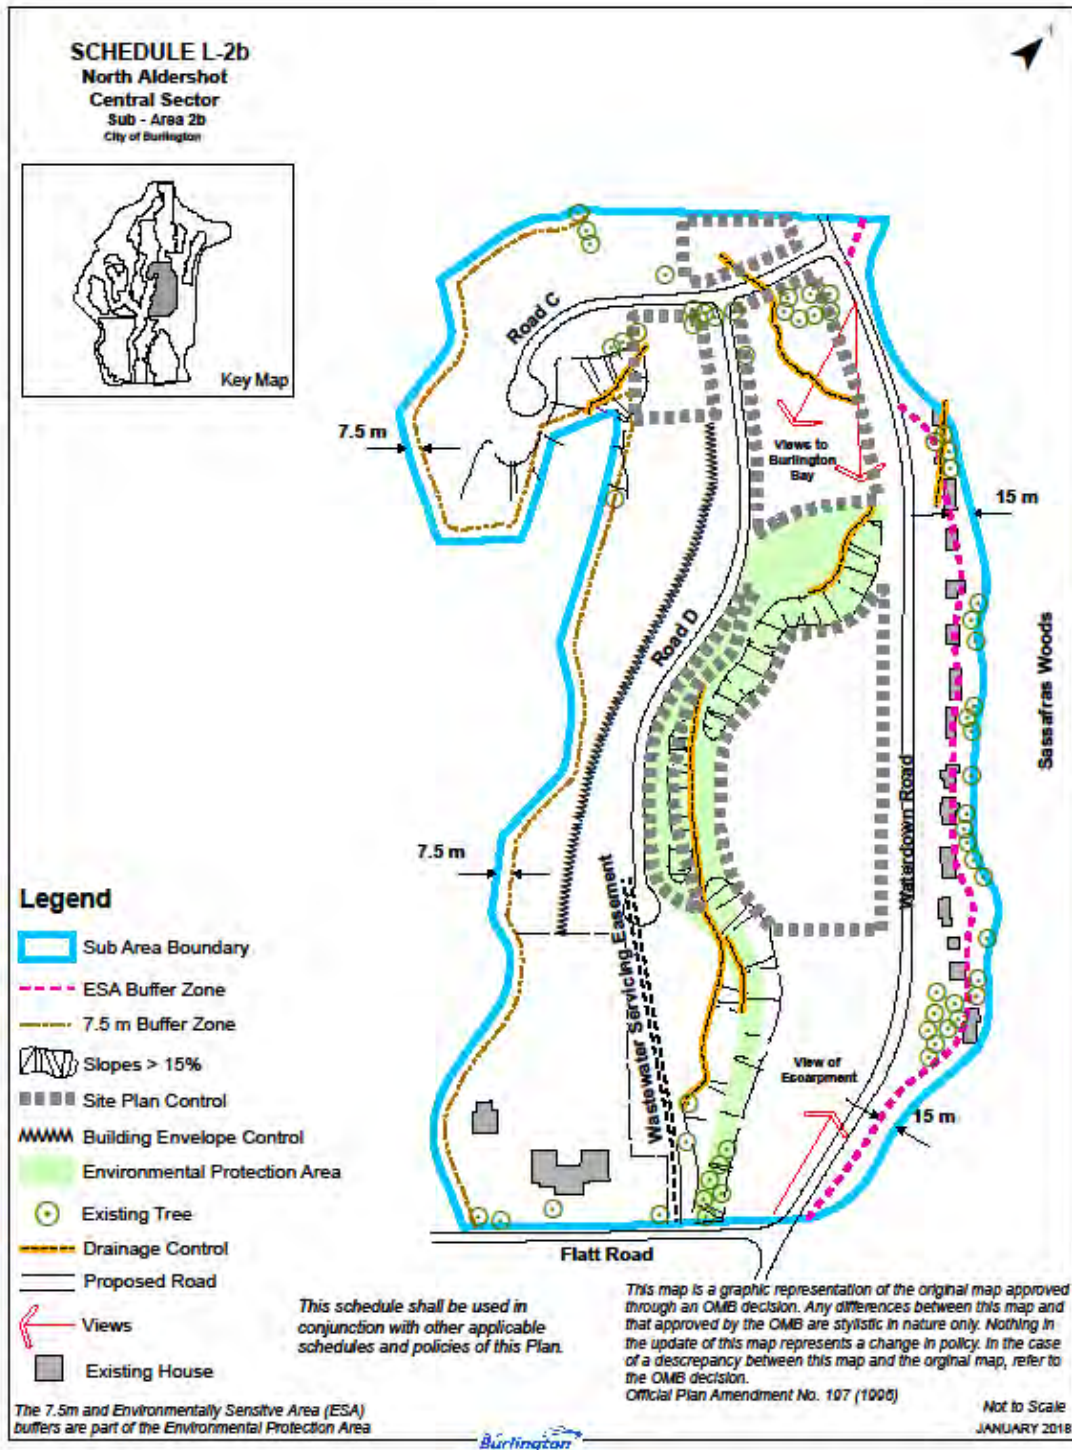

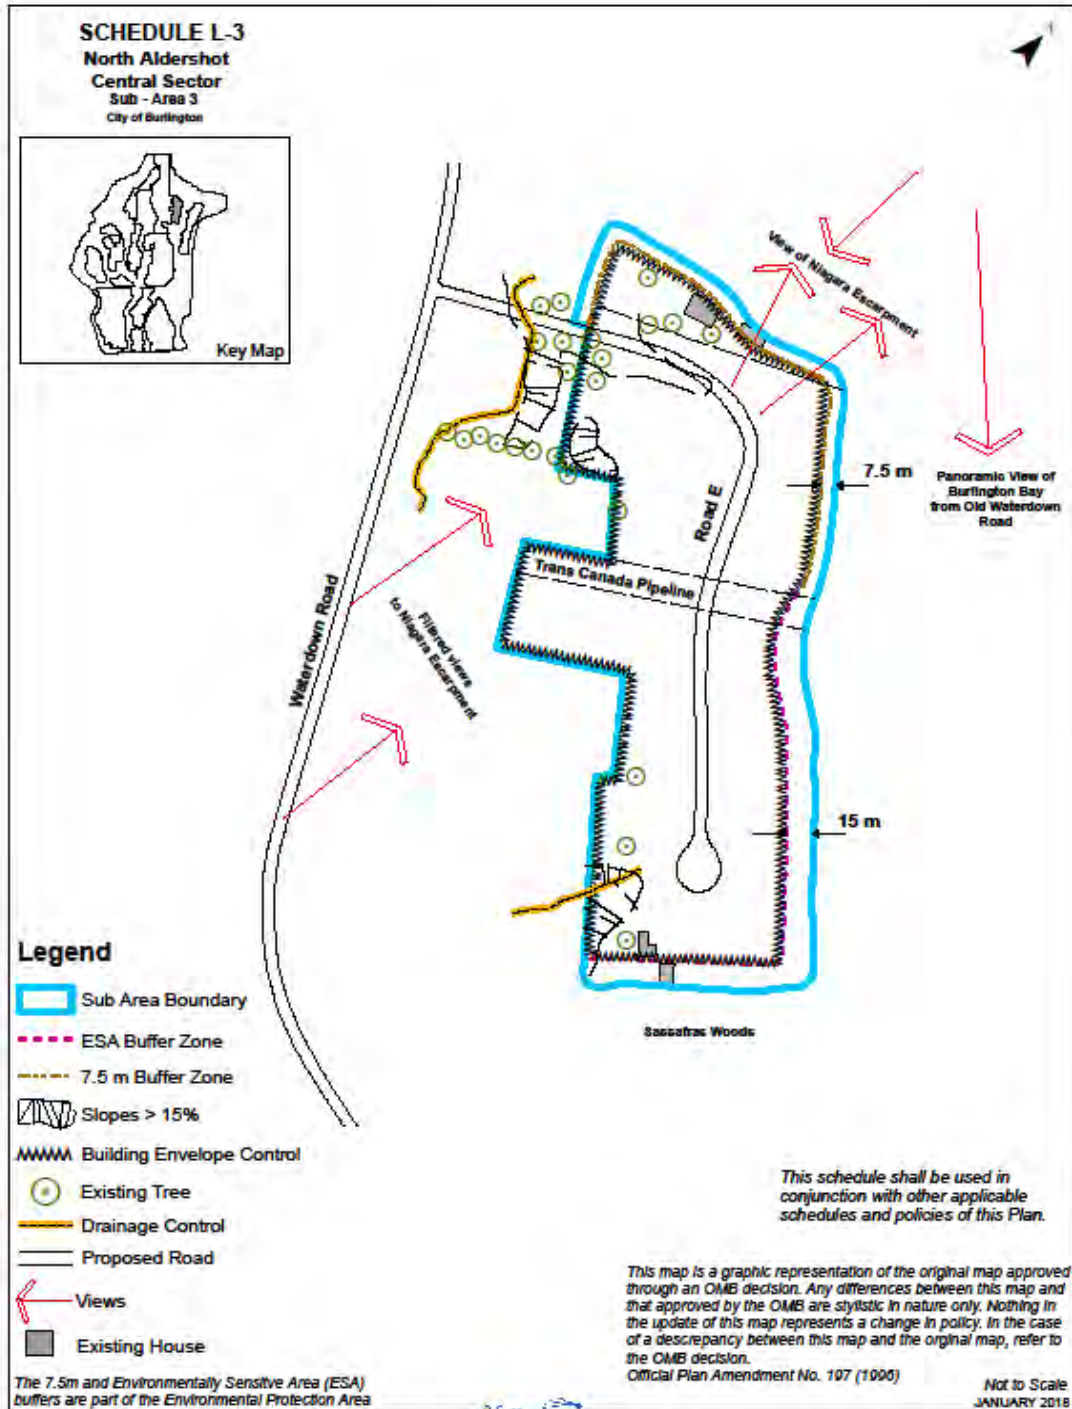

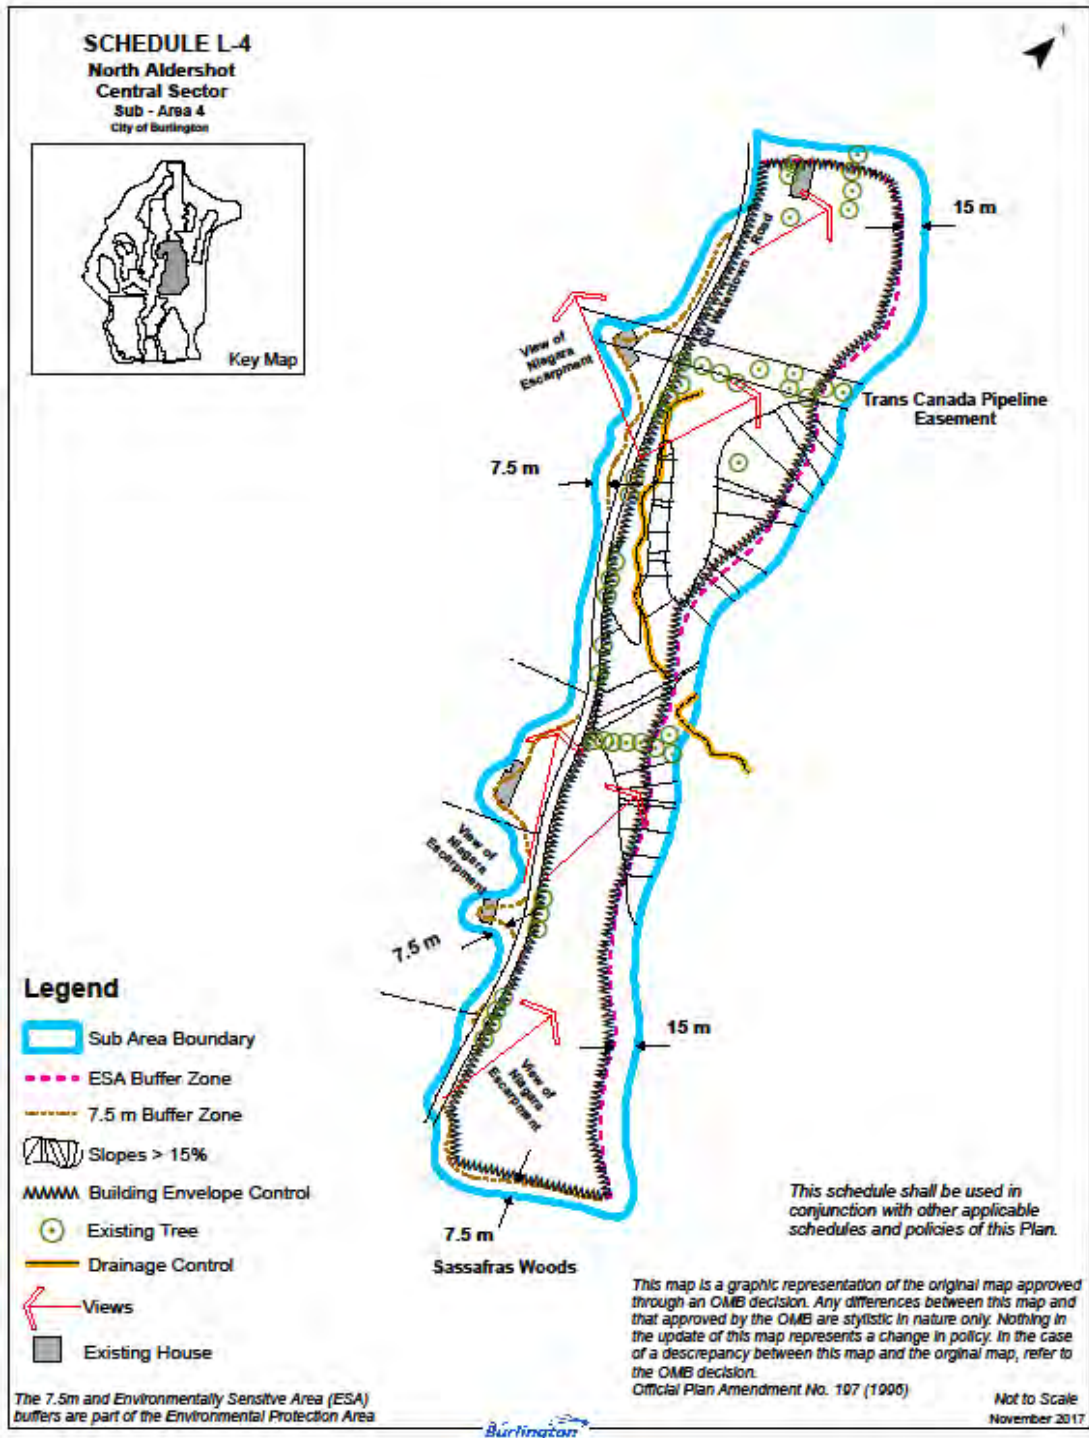

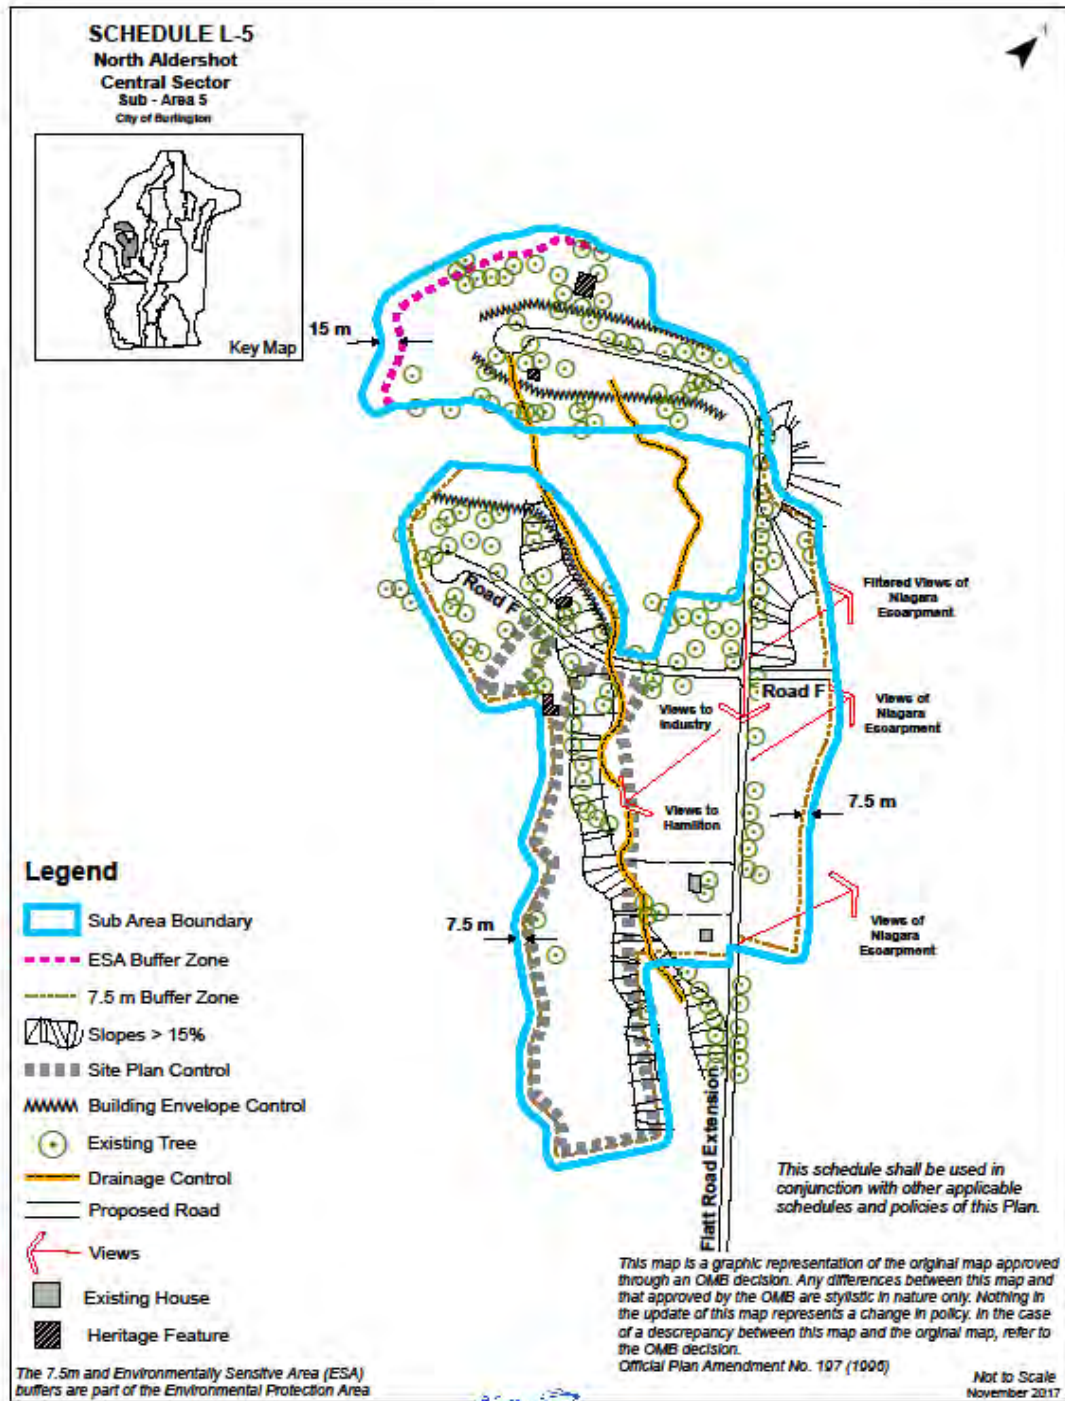

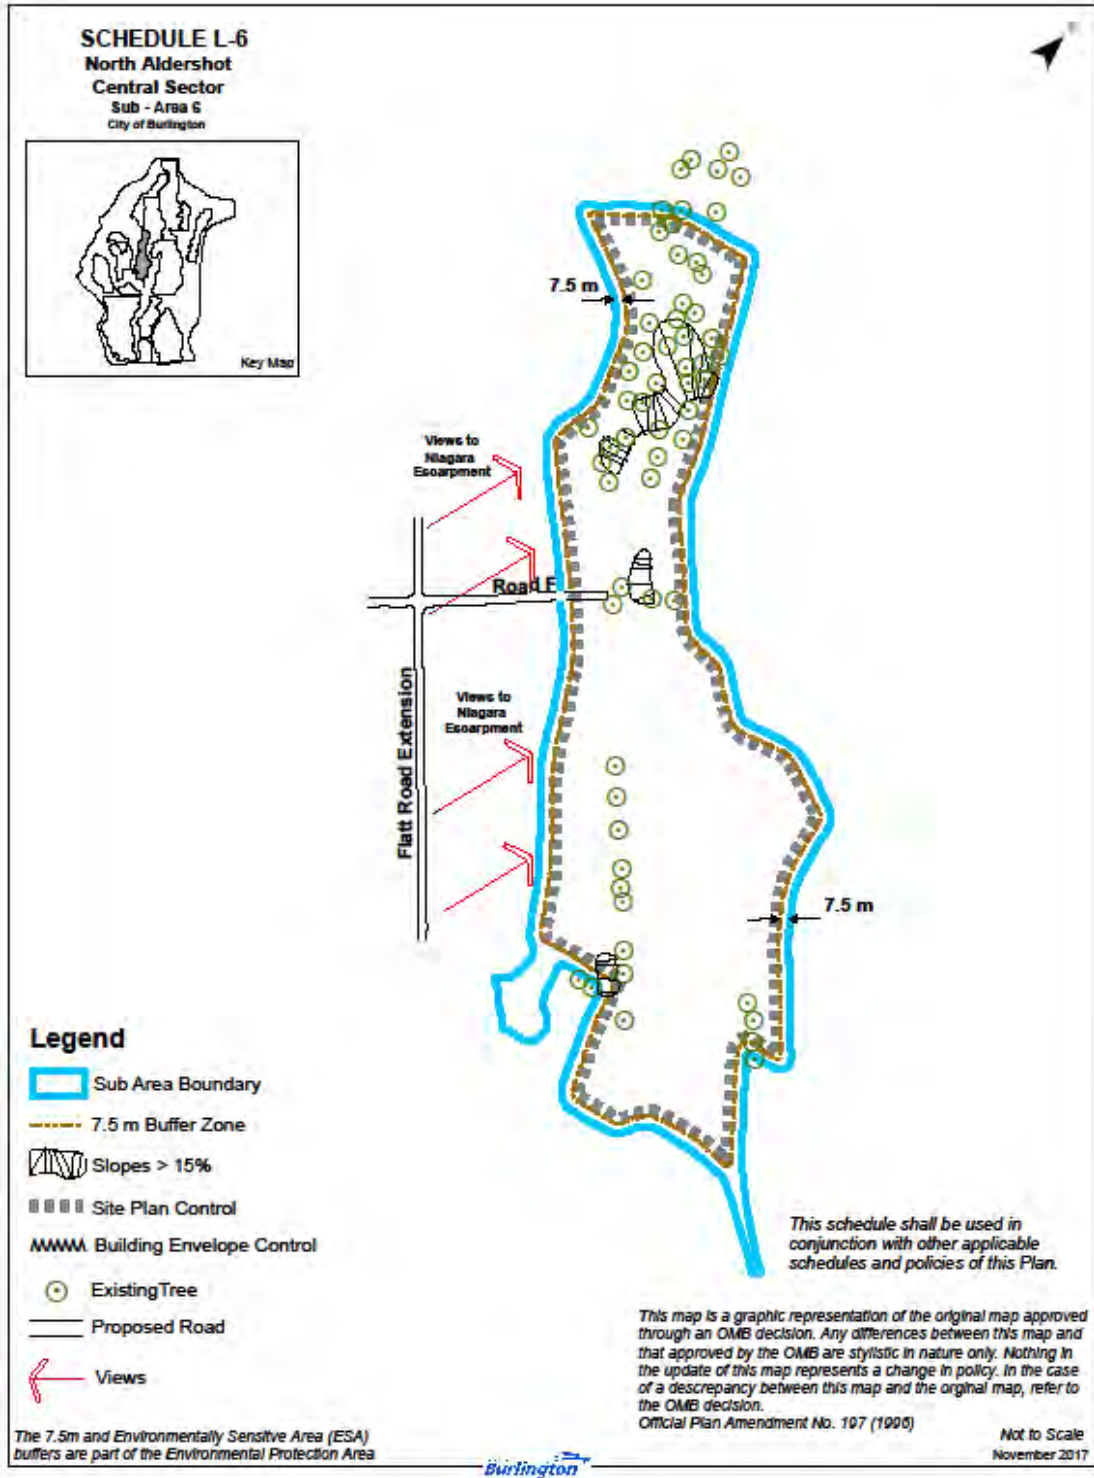

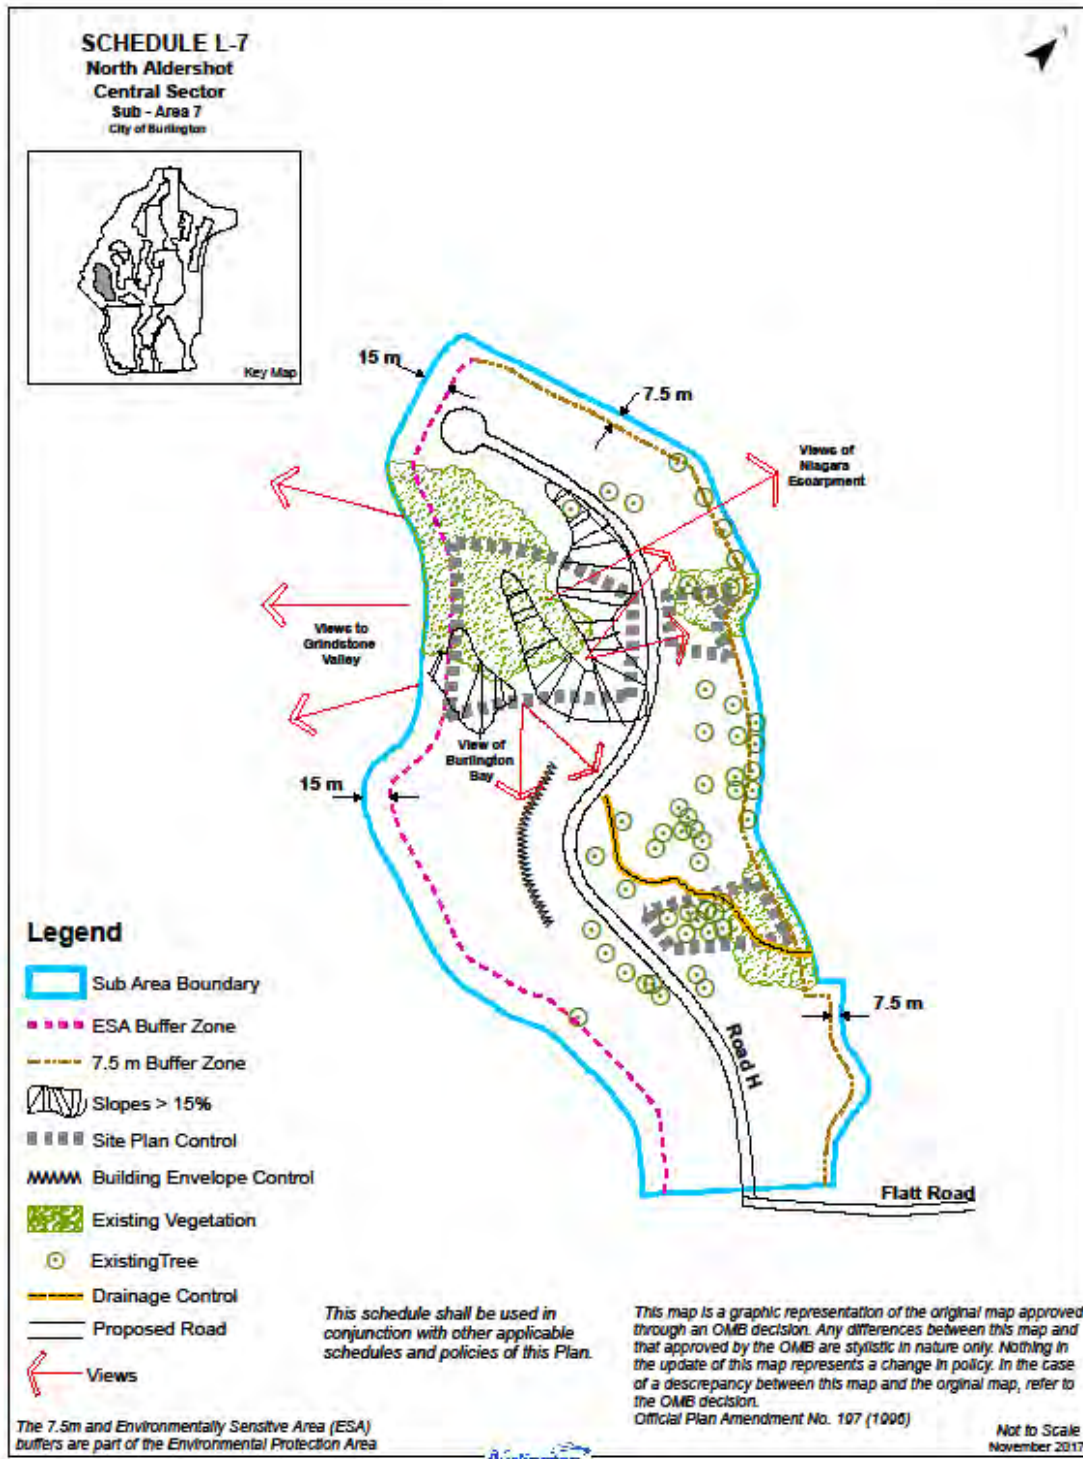

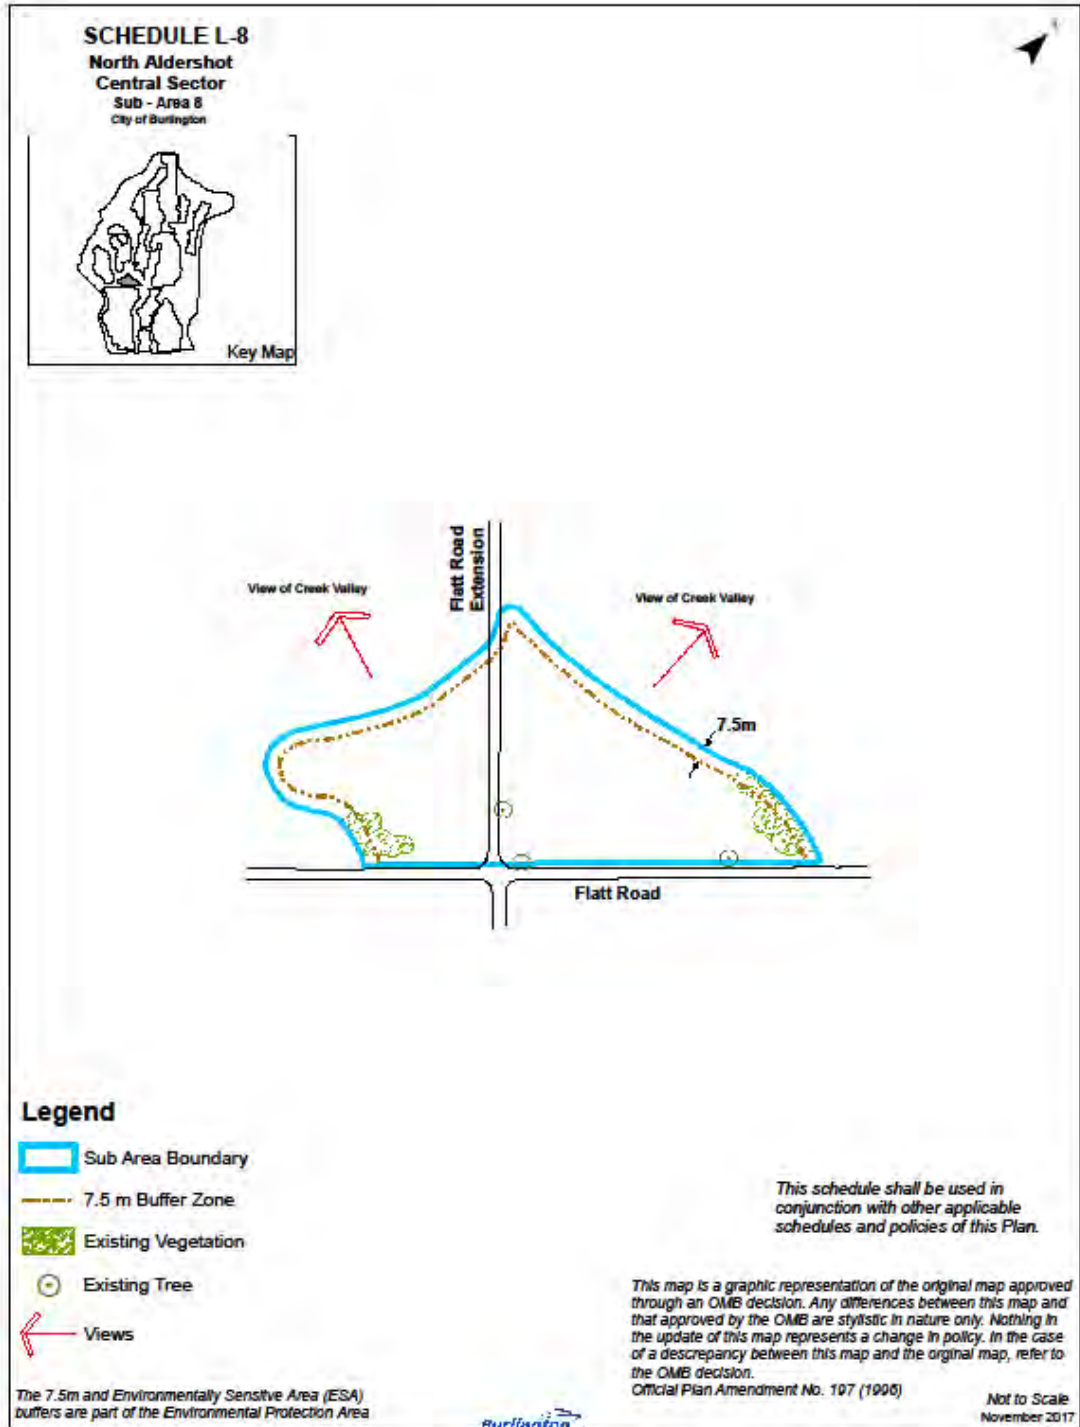

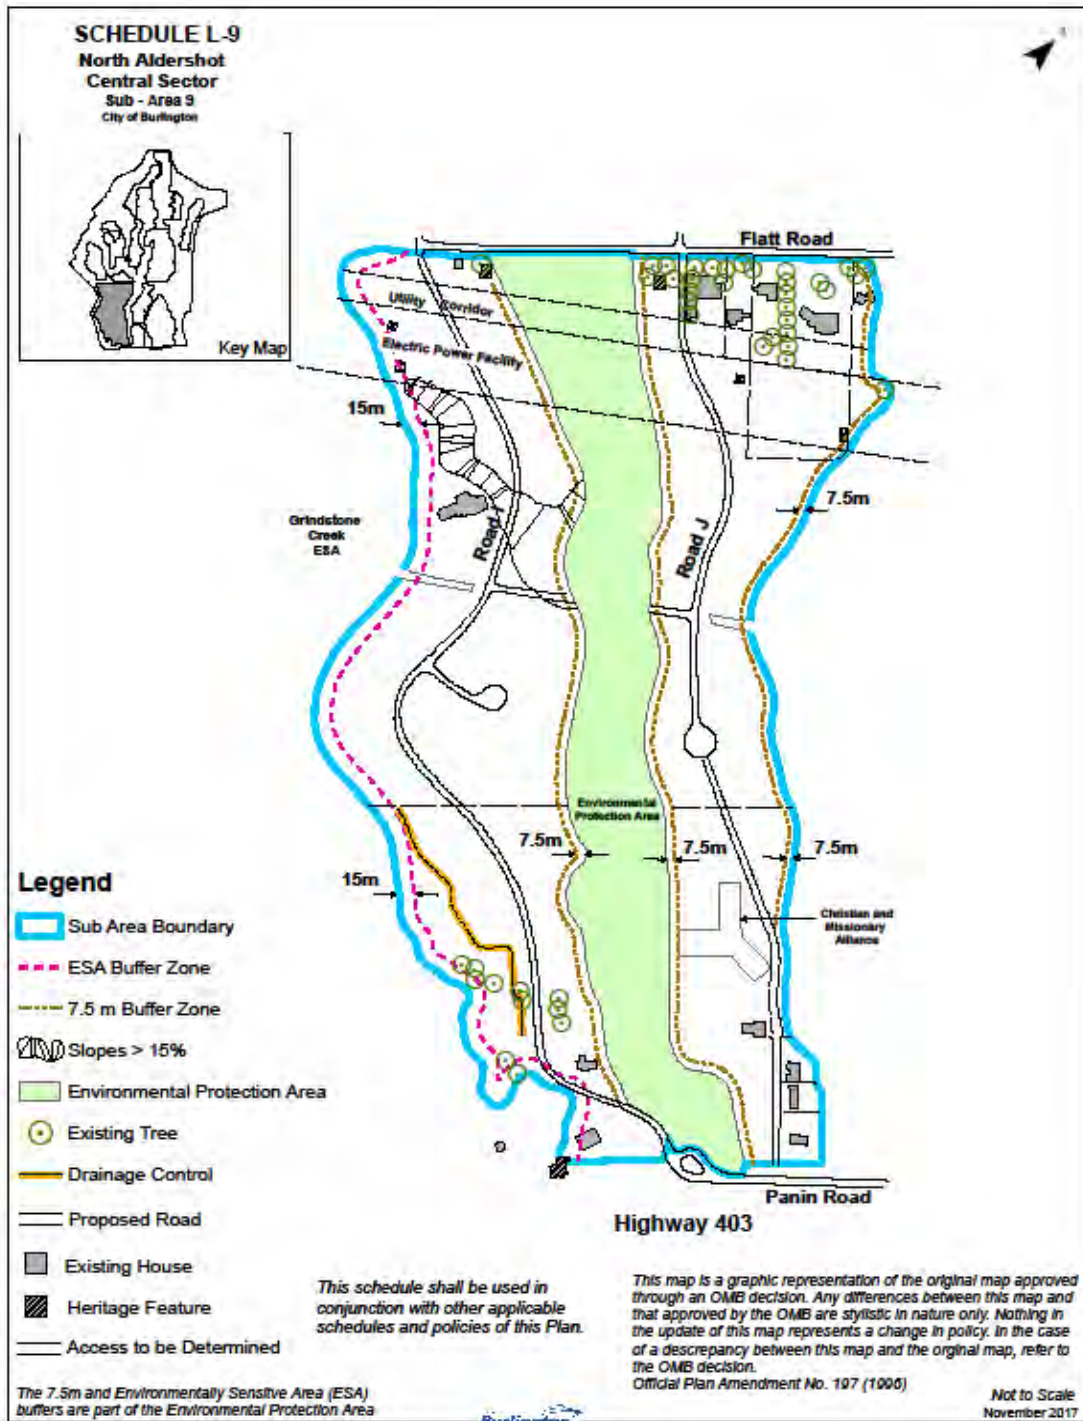

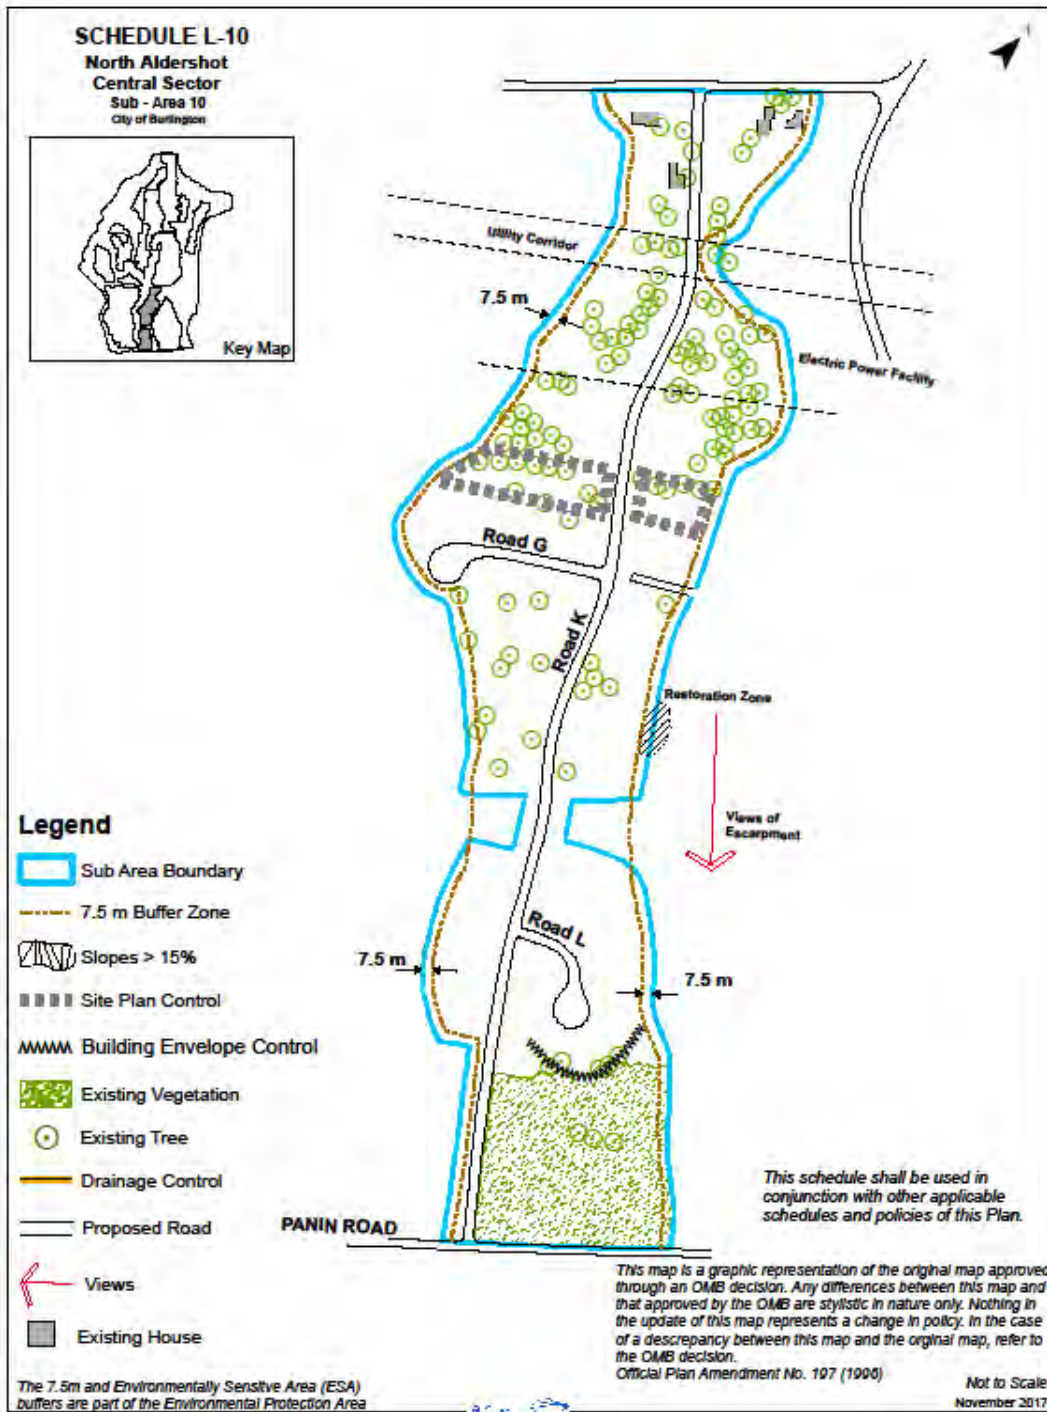

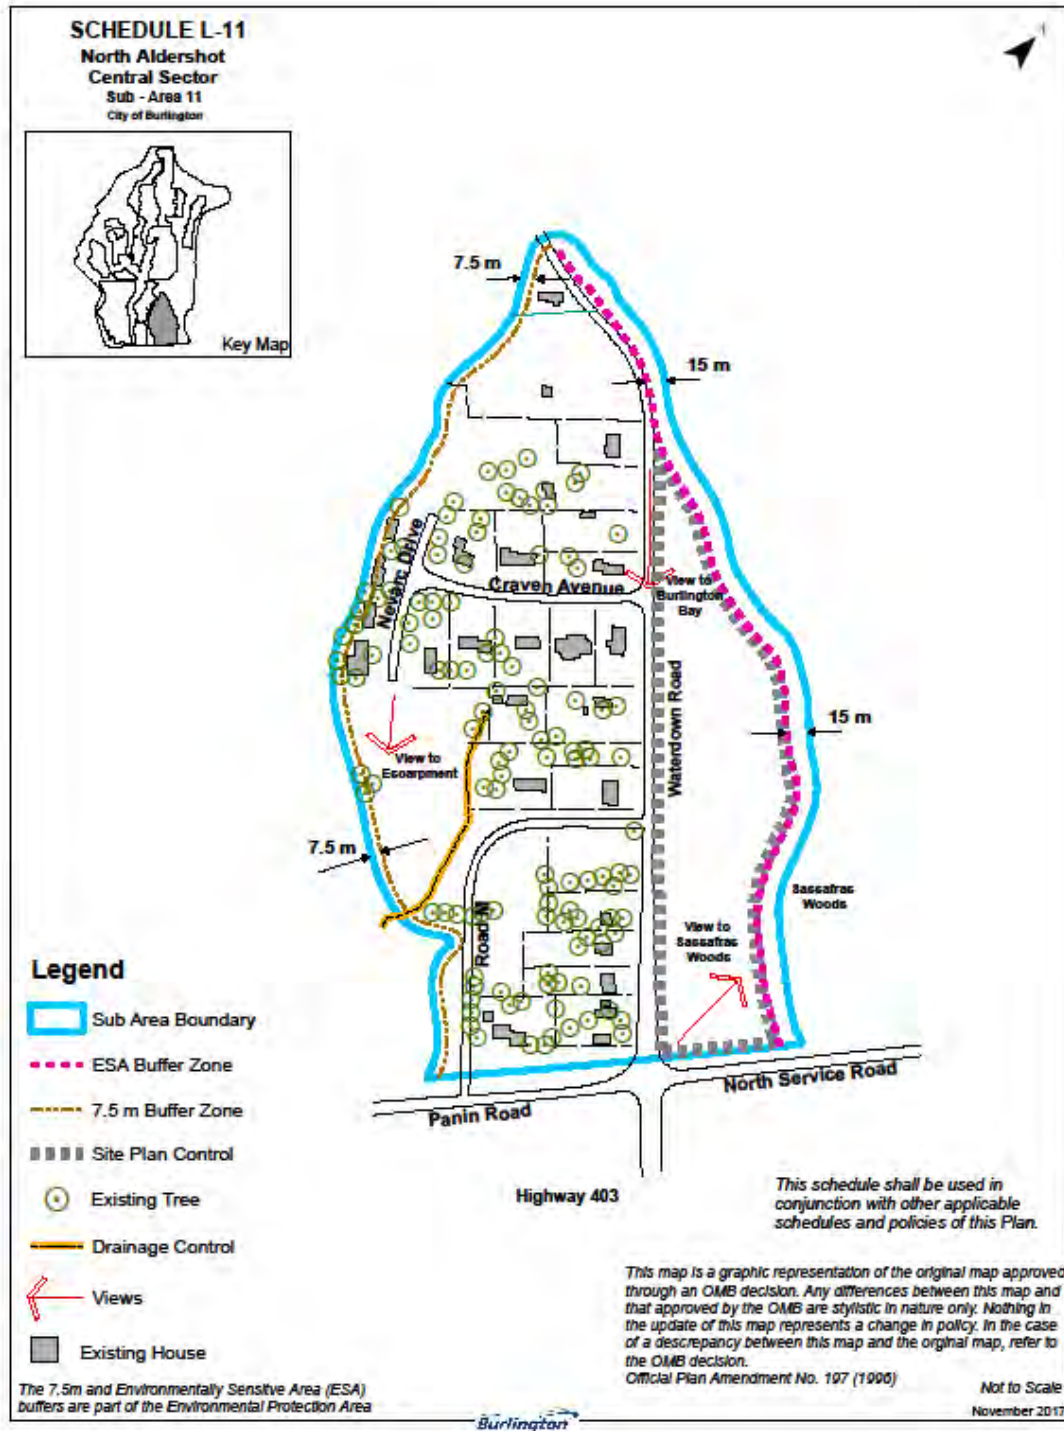

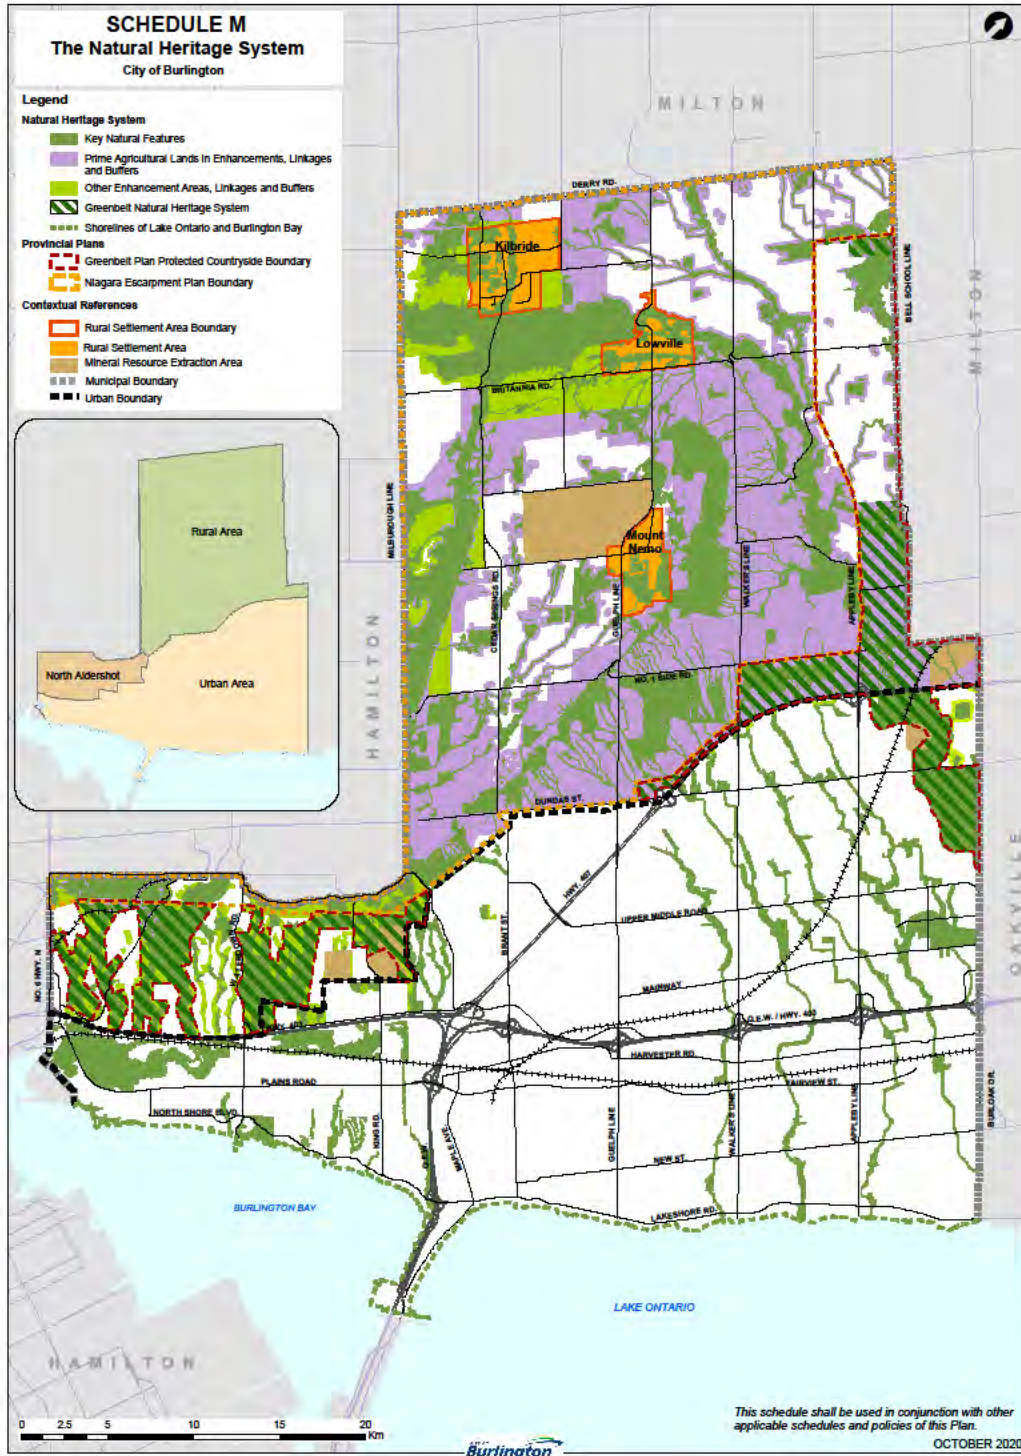

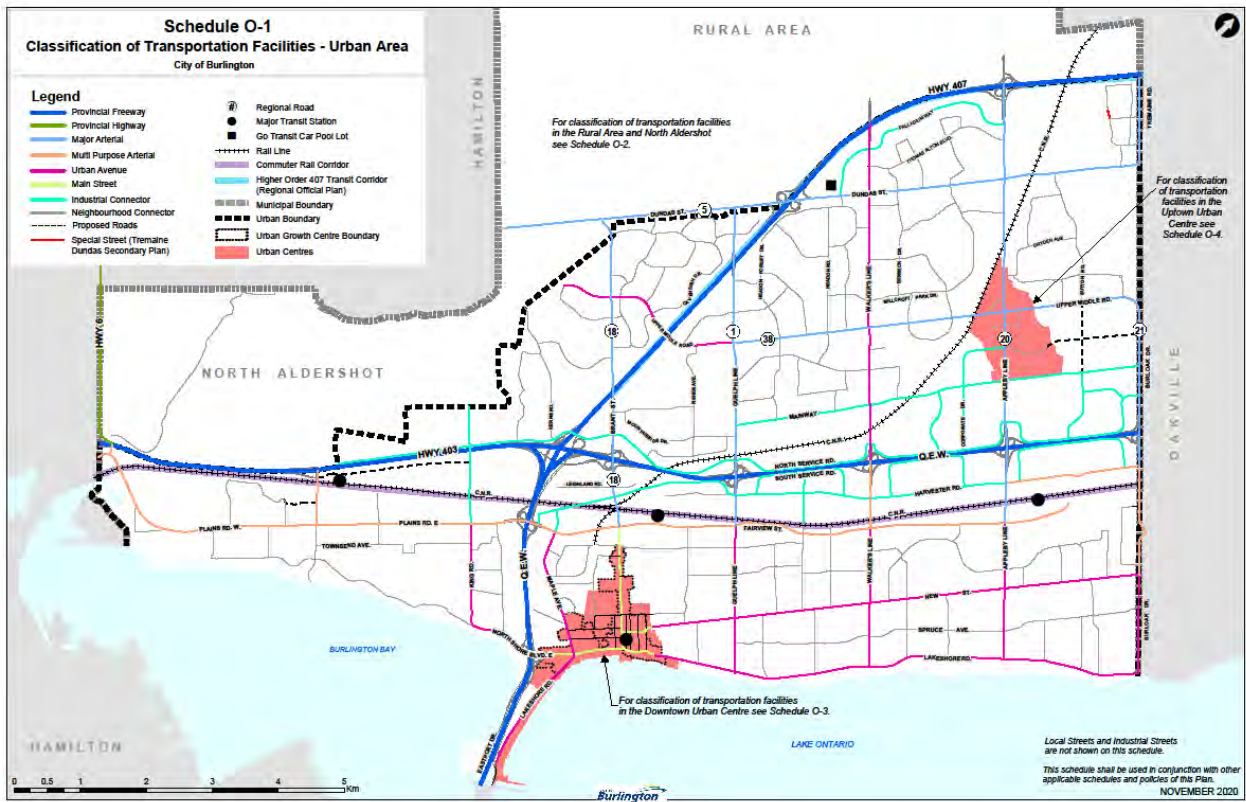

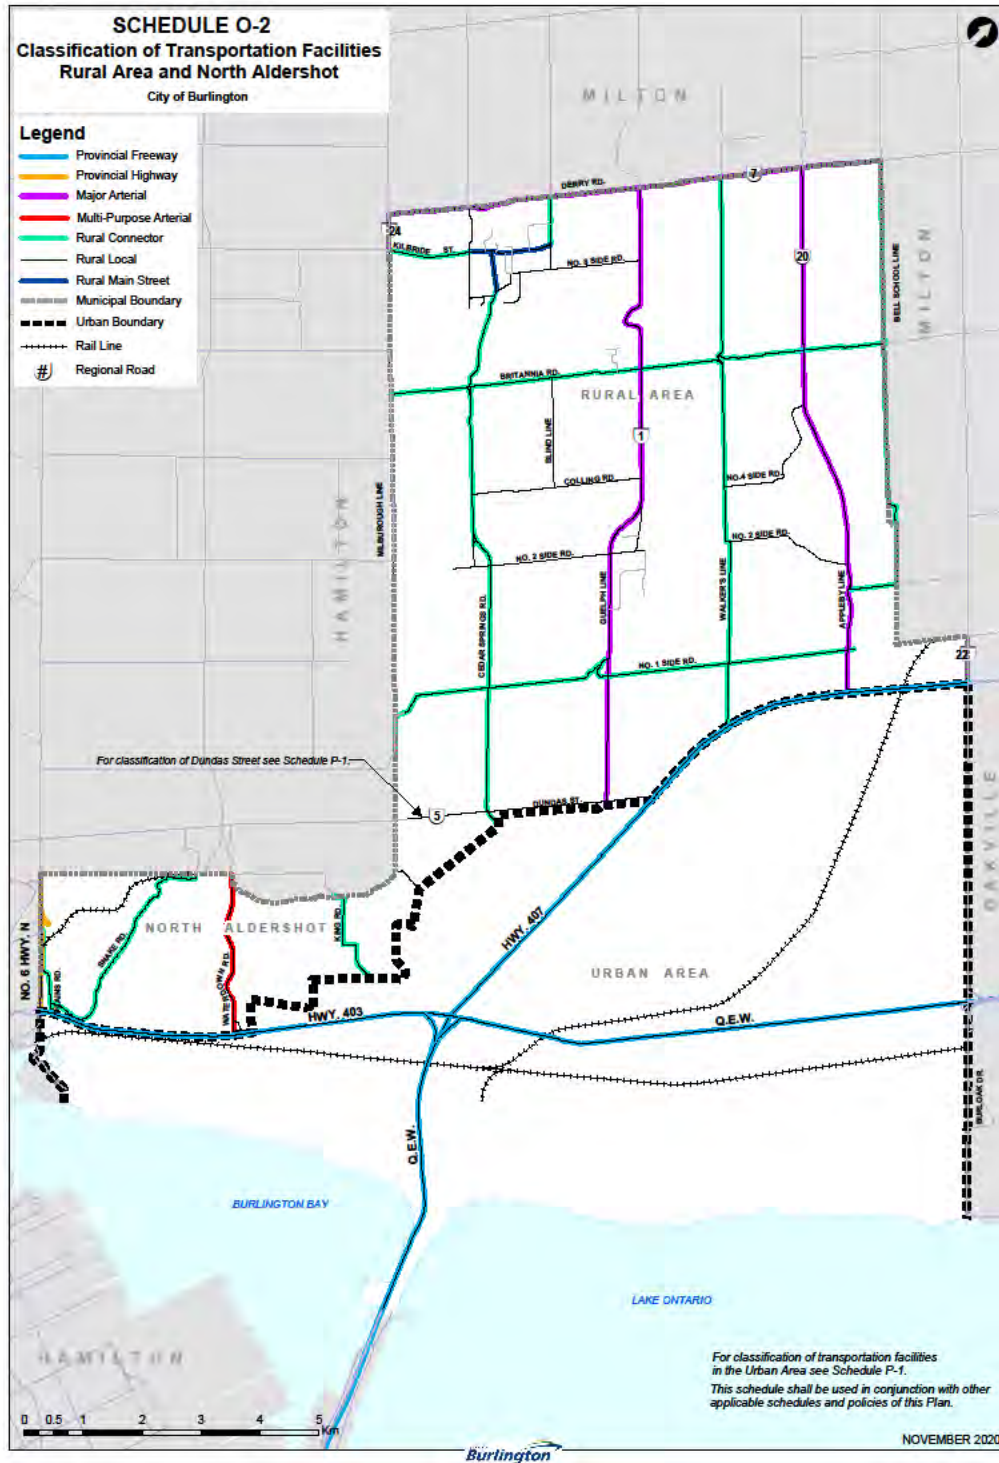

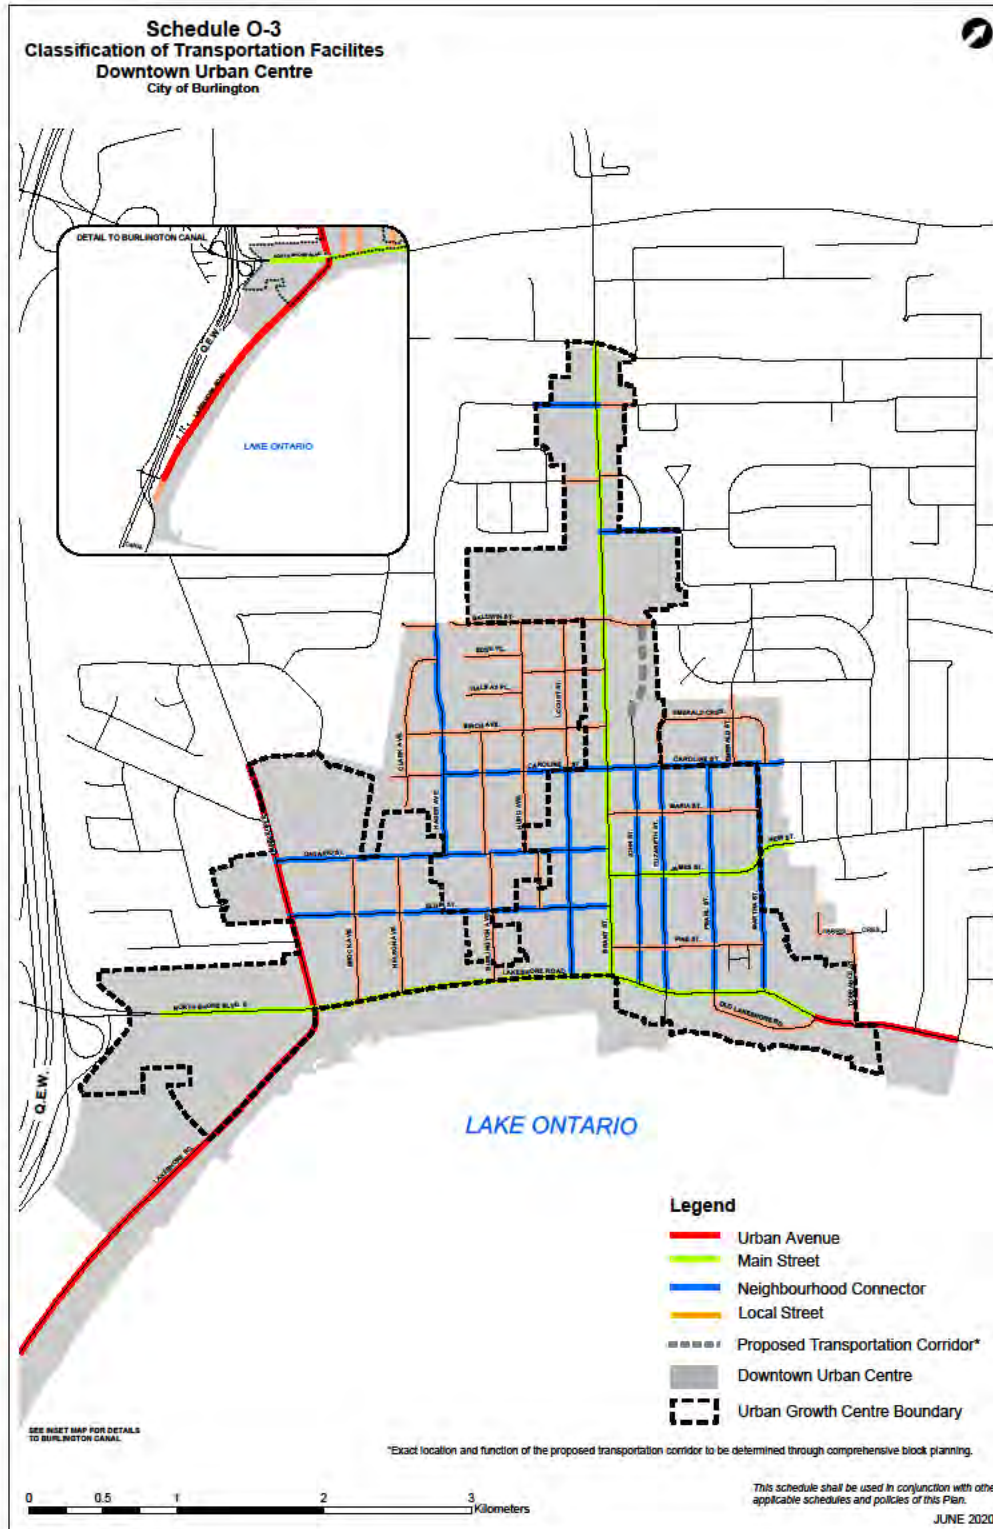

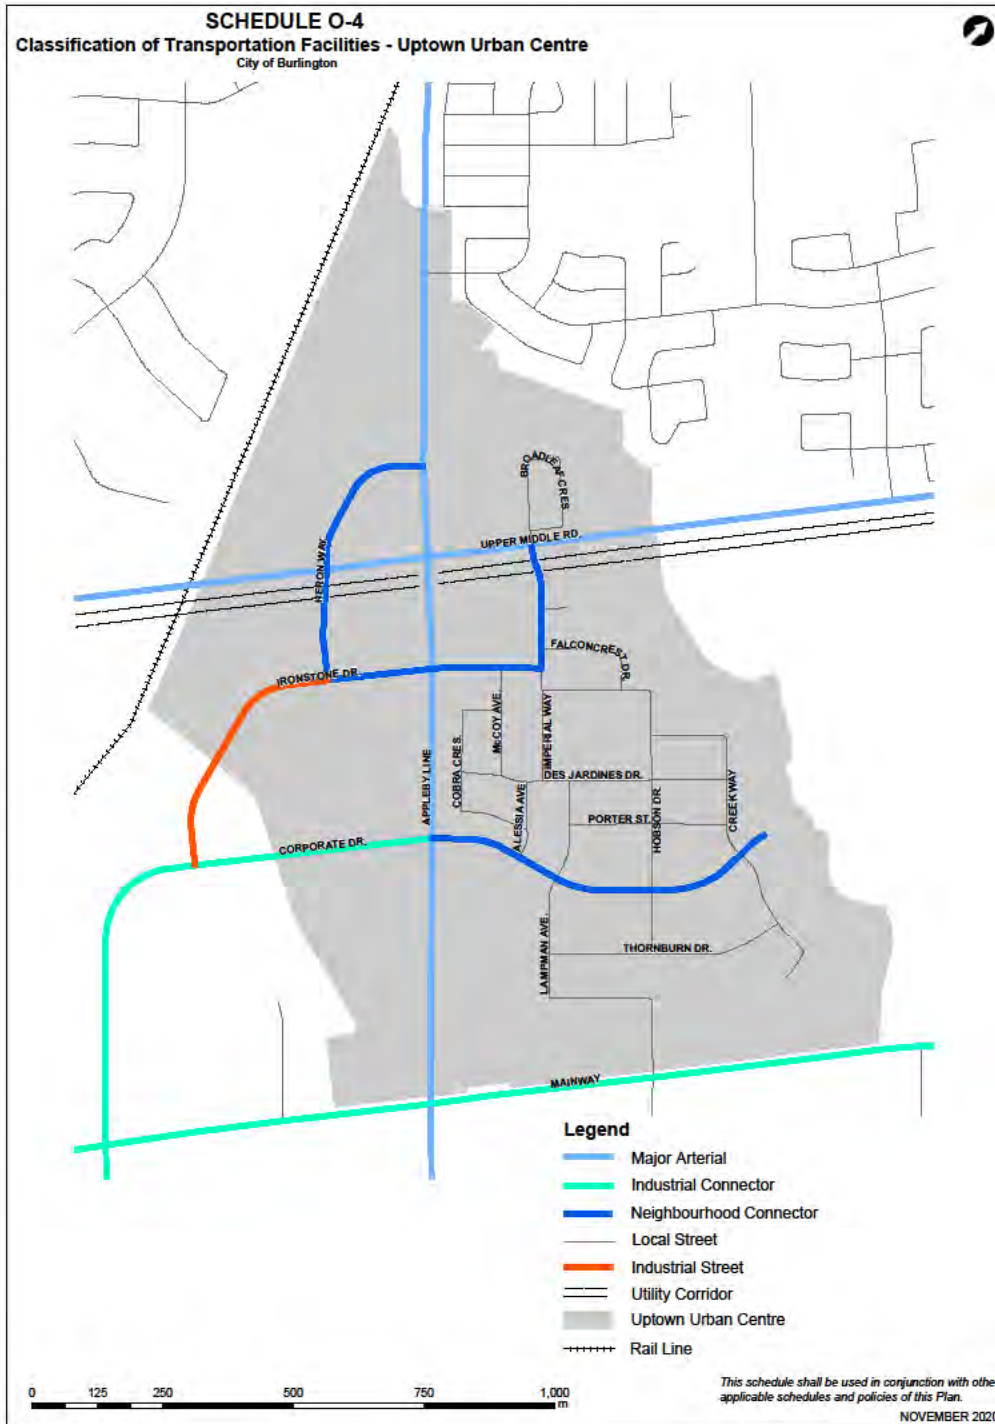

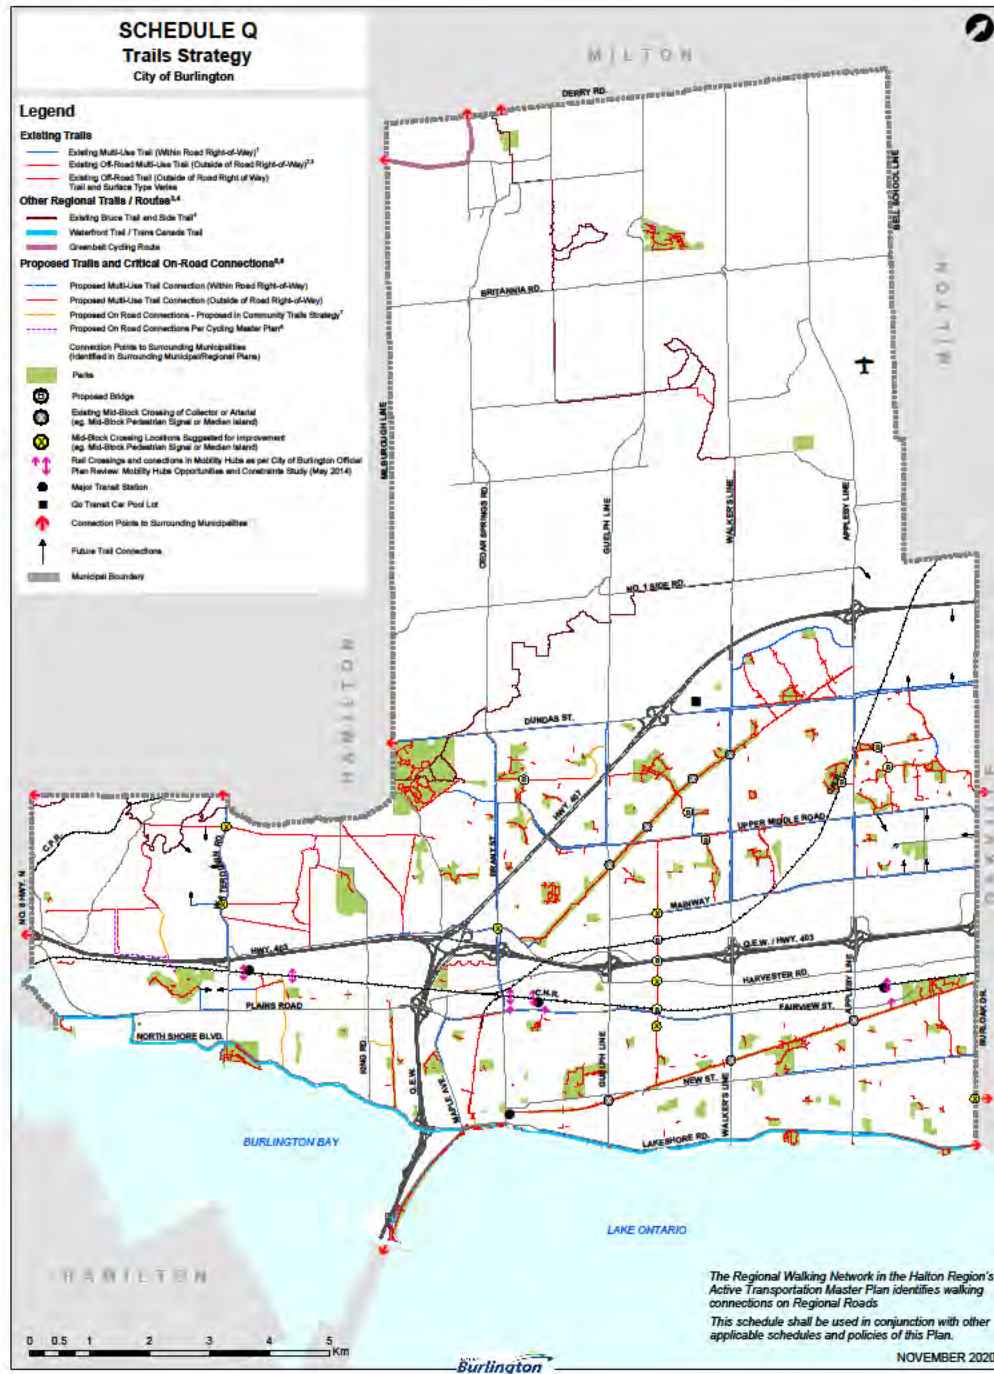

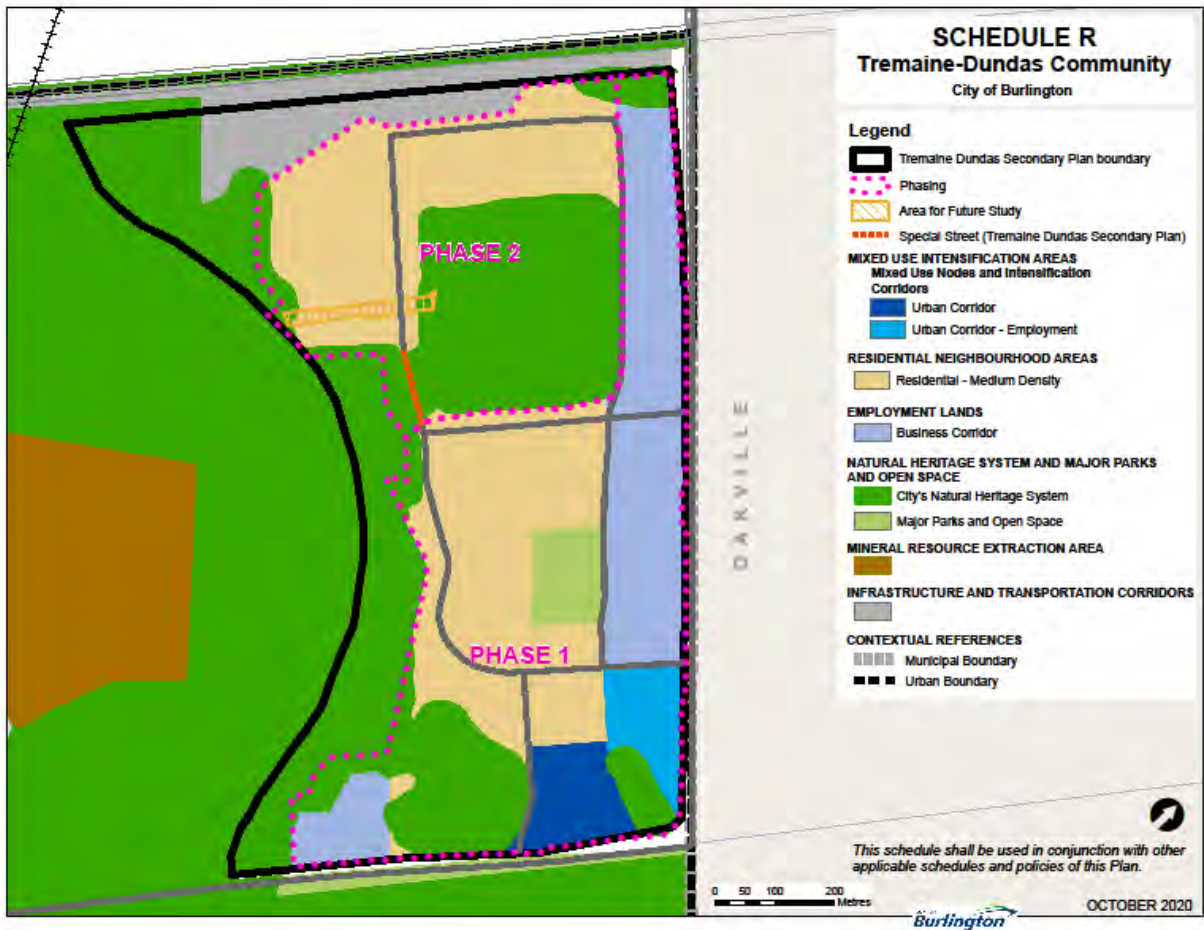

Attachment #39 – Table 1: Classification of Transportation Facilities

<p>1. Provincial Freeways and Highways</p> <p>Provincial Freeways and Highways are provincially managed, limited access freeways that accommodate a high volume of inter-regional travel demands, support goods movement and higher order transit, but are not accessible for pedestrian and bicycle use.</p>
<p>2. Regional Roads</p> <p><u>Regional Roads are managed by the Region of Halton and are classified as Major Arterial Roads.</u></p>
<p>2.1 <u>Major Arterials:</u></p> <ul style="list-style-type: none"> • <u>Serve inter-regional and regional travel demands;</u> • <u>Carry high volumes of traffic over long distances connecting urban areas in different municipalities;</u> • <u>Distribute traffic to and from provincial freeways and highways;</u> • <u>Support high density, transit-supportive mixed use development often found at key mixed use nodes;</u> • <u>Function as major infrastructure corridors accommodating auto and all truck traffic, higher order transit, high occupancy vehicle lanes and active transportation facilities;</u> • <u>Right-of-way requirements up to 50 m</u> • <u>Accommodate Active Transportation, including pedestrian infrastructure as well as on/and off-road cycling facilities where possible;</u> • <u>High degree of access control; and</u> • <u>Accommodate a high degree of people-moving capacity in Urban Areas.</u>
<p>2- 3. Urban Arterial Streets</p> <p>Urban Arterial Streets form the grid that provides the overall structure to the city's street network. There are four types of arterial streets in Burlington: Major Arterials, Multi-Purpose Arterials, Urban Avenues and Main Streets. Major Arterials are under the <u>jurisdiction</u> <u>jurisdiction</u> of <u>Halton</u> the Region of <u>Halton</u>. Multi-Purpose Arterials, Urban Avenues and Main Streets are under the jurisdiction of the City. Improvements to urban arterial street types will be primarily made to provide better conditions for pedestrian, bicycle and transit use.</p>
<p><u>23.1. Major Arterials:</u></p> <ul style="list-style-type: none"> • <u>See section 2, of this table</u> • <u>Serve inter-regional and regional travel demands;</u> • <u>Carry large volumes of traffic over the longest distances at higher speeds;</u> • <u>Support high density, transit-supportive mixed use development often found at key mixed use nodes;</u> • <u>Function as a major infrastructure corridors accommodating auto and truck traffic, higher order transit, high occupancy vehicle lanes and active transportation facilities; and</u> • <u>Accommodate a high degree of people-moving capacity</u>
<p><u>23.2. Multi-Purpose Arterials:</u></p> <ul style="list-style-type: none"> • Serve regional and intercommunity travel; • Serve as central corridors often as intensification corridors, or as a connection to other mixed use mixed use intensification areas via Urban Avenues and Main Streets; • Function as important transit service and goods delivery corridors, that also prioritize safe pedestrian and cycling facilities, such as cycling facilities separated from the vehicular traffic; and • Accommodate a high degree of people-moving capacity.
<p><u>23.3. Urban Avenues:</u></p> <ul style="list-style-type: none"> • Serve regional and intercommunity travel;

- Often connect mixed use intensification areas, and provide a streetscape lined with street trees, landscaping and pedestrian amenities;
- Function as high priority streets for safe transit, walking and cycling facilities, such as cycling facilities separated from the vehicular traffic; and
- Accommodate a moderate to high degree of people-moving capacity.

23.4. Main Streets:

- Serve the Downtown Urban Centre and the urban corridor that connects the Downtown to the Burlington GO MTSA Special Planning Area; ~~Downtown Mobility Hub to the Burlington GO Mobility Hub~~;
- Support mixed use places that contain a pedestrian-oriented public realm and street-oriented buildings;
- Accommodate high levels of pedestrian and cycling activity and transit service, and moderate levels of vehicular traffic, typically within narrower rights of way; and
- Accommodate a moderate to high degree of people-moving capacity.

3. 4. Urban Collector Streets

Urban Collector Streets provide important connections with urban arterial streets. There are two types of Urban Collector Streets in Burlington: Industrial Connectors and Neighbourhood Connectors.

34.1. Industrial Connectors:

- Serve inter-regional goods movement demands, linking arterial and industrial streets;
- Provide access to employment lands, including industrial, office and commercial uses;
- Accommodate a goods movement network and high levels of truck traffic, and moderate levels of vehicular traffic with higher volumes during peak periods. Transit and safe pedestrian connections from transit stops are prioritized to serve employment uses; and
- Accommodate a moderate degree of people-moving capacity.

34.2. Neighbourhood Connectors

- Serve inter-community travel demands, linking urban arterial and urban local streets;
- Support land use that is primarily residential, including related uses such as public service facilities;
- Accommodate a high level of pedestrian and cycling activity and a moderate level of vehicular traffic; and
- Accommodate a moderate degree of people moving capacity.

4. 5. Urban Local Streets

Urban Local Streets have low traffic volume, and accommodate pedestrians and cyclists. Burlington has two types of Local Streets: Industrial Streets and Local Streets.

45.1. Industrial Streets:

- Serve local movement needs including goods movement, are not intended to play a major role in serving city-wide traffic movement, and link to industrial connectors;
- Provide access to employment lands, including industrial, office and commercial uses;
- Function is primarily related to property access;
- Accommodate a low degree of people-moving capacity; and
- Are not shown on Schedule **PO1**: Classification of Transportation Facilities – Urban Area.

45.2. Local Streets:

- Serve low speed local movement needs and are not intended to play a major role in serving city-wide traffic movement, and link to neighbourhood connectors;
- Support land use that is primarily residential including related uses such as public service facilities, and often serve as space for neighbourhood gatherings, children playing and other informal social interactions;

- Accommodate low volumes of vehicular traffic providing property access, with a high priority on safe pedestrian and cycling movement, and include a sidewalk on at least one side of the street;
- Accommodate a low degree of people-moving capacity and
- Are not shown on Schedule **PO1**: Classification of Transportation Facilities – Urban Area.

5.6. Rural Roads

Rural Roads service the Rural Area and North Aldershot Area of the city. The city has four different types of Rural Roads: **Rural** Major Arterial, Rural Connector, Rural Main Street, and Rural Local. **Rural** Major Arterials are under the ~~jurisdiction~~ jurisdiction of the **Region of Halton-Region**. Rural Connector, Rural Main Street, and Rural Local streets are under the jurisdiction of the City.

5.6.1. Rural Major Arterials:

- [See section 2, of this table](#)
- ~~Serve inter-regional travel demands;~~
- ~~Often provide access to agricultural and residential land uses, and are found in proximity to scenic landscapes and the natural heritage system;~~
- ~~Prioritize movement of traffic, goods and farm vehicles and equipment, and accommodate few pedestrians and limited cycling activity often as part of group rides;~~
- ~~Support no transit service and basic active transportation infrastructure, such as paved shoulders; and~~
- ~~Accommodate a moderate degree of people-moving capacity.~~

5.6.2. Rural Connectors:

- Serve mainly inter-community travel and linkages between **Rural** Major Arterials;
- Often provide access to agricultural and residential land uses, and are found in proximity to scenic landscapes and the natural heritage system;
- Movement of traffic is given equal consideration as property access. Often accommodate farm vehicles and equipment, moderate vehicular traffic and low levels of pedestrian and cycling activity; and
- Accommodate a low degree of people-moving capacity.

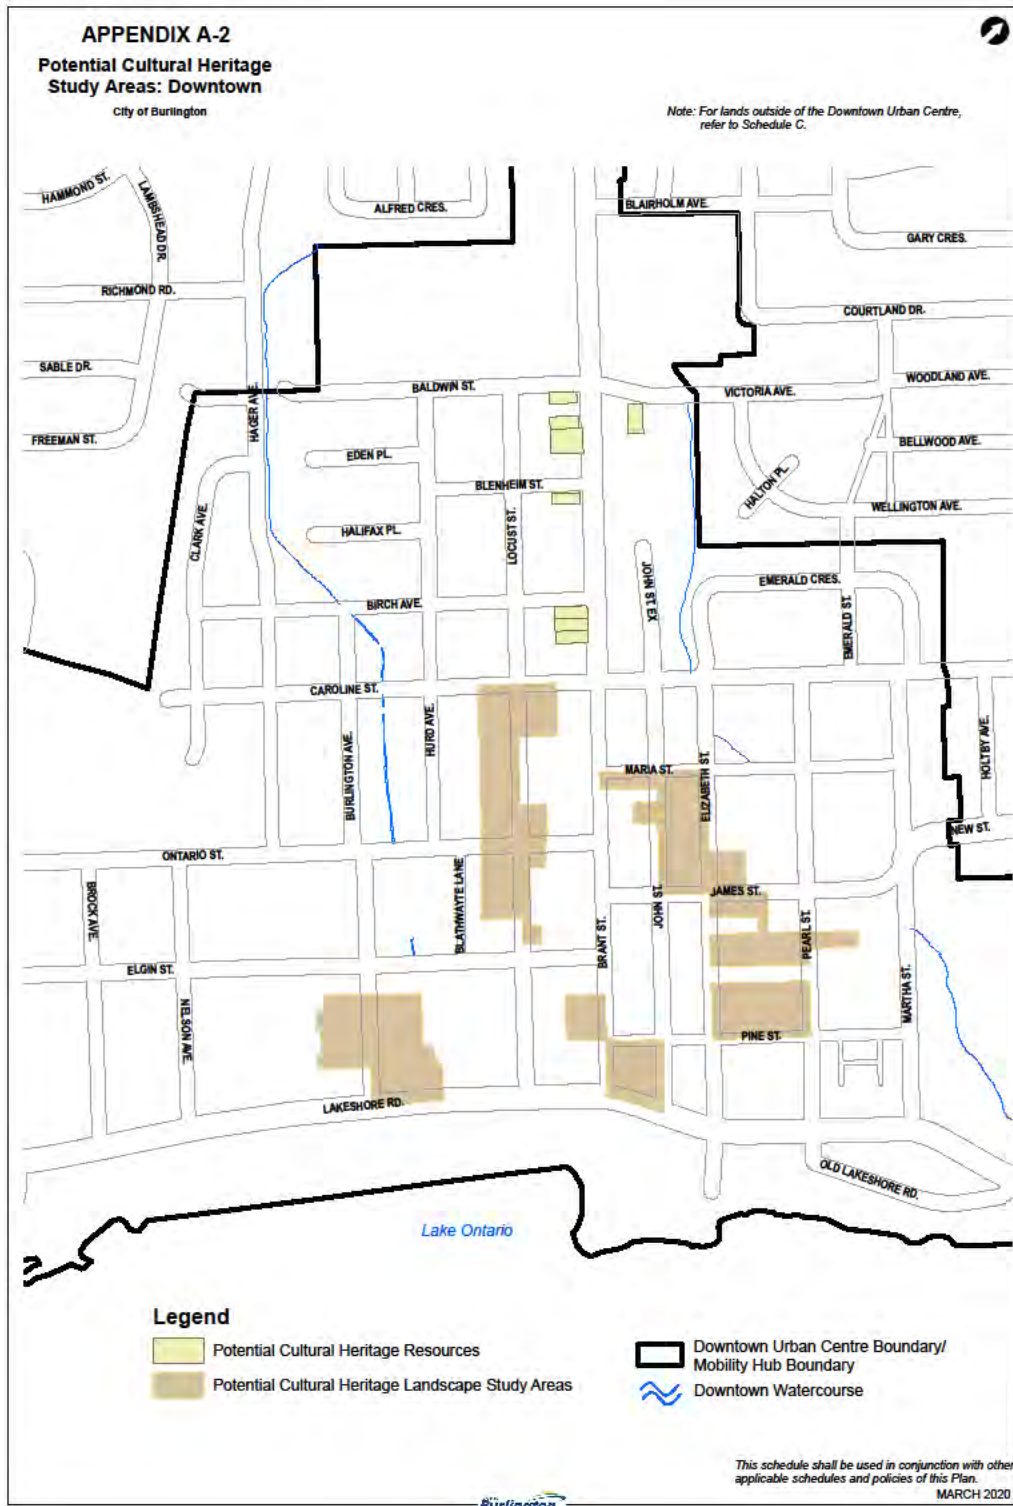

5.6.3. Rural Main Streets:

- Serve the centre of a rural settlement area, often a smaller segment of a **Rural** Major Arterial or a Rural Connector;
- Often provide access to retail and commercial uses and public service facilities;
- Accommodate vehicular traffic and goods movement, but with lower travel speeds, street-oriented buildings and pedestrian-oriented design features; and
- Accommodate a low degree of people-moving capacity.

5.6.4. Rural Locals:

- Serve local access needs;
- Serve residential land uses, primarily in Rural Settlement Areas;
- Accommodate low speed local vehicular traffic and limited pedestrian use; and
- Accommodate a low degree of people-moving capacity.
